Because its combines the curative virtues of pure Pine Tar and other healing ingredients, together with the mollifying demulcent effect of clear fresh Honey a valuable combination. Coughs and throat irritations, bronchial and "flu" coughs, croup (spasmodic) and troublesome night coughs are quickly controlled by Foley's Honey and Tar. The name tells the story. Ask for it. Of Course The List Will Include Many Gift Handkerchiefs

No woman ever has too many if the selection is made here where there are so many, many beautiful styles to select from.

The cleverness of the packing is to be considered too, as even a modest gift seems to carry more of a personal greeting if it seems to show a thoughtfulness of the giver in the packaging as well as the choosing of the gift itself.
