

### YOUNG JURORS URGED TO SAVE DEFENDANTS

#### Chief Defense Council Makes Stirring Plea For Doheny

WASHINGTON, Dec. 16.—(U N)—The young jurors in the Fall-Doheny oil conspiracy trial were urged to save the two aged defendants from being made victims of political hysteria when Frank J. Hogan, chief defense counsel, made his closing argument today. The case probably will go to the jury about noon tomorrow.

"The government prosecution was born of political hysteria to get these two men," Hogan declared.

He spoke nearly all day, using all the devices of skilled oratory, shouting, whispering, throwing letters and papers on the floor as he read them, appealing to the sentiment of the jury, calling attention to Mr. Doheny, "the little woman, soft spoken, true and tried," who took the stand for the husband." Doheny, who offered the life of his only son to his country during the war.

He attacked Owen J. Roberts, chief lawyer of the government as a "Philadelphia lawyer" and said it was he, not Doheny, who was dealing in "bunk."

Finally Hogan brought the late President Harding into his argument.

#### THE NAME TELLS A TRUE STORY

The very name, Foley's Honey and Tar Compound, tells why, with, without opiates or chloroform, it is so quickly effective in stopping coughs and in healing the distressing cause. Because it alone combines the curative virtues of pure Pine Tar and other healing ingredients, together with the mollifying demulcent effects of clear fresh Honey. From 651 E. 46th st., Chicago, comes this:

"A stubborn cough worried me, kept me awake nights, and resisted other cough medicines, but quickly yielded to your good Foley's Honey and Tar Compound. My druggist recommended it." Ask for it. Sold everywhere.—No. 3.

**A CORRECTION**  
Some time ago the Tidings stated that Lake Tahoe (California-Nevada line) was 1585 feet deep and the deepest fresh water in the U. S. A. No well posted Oregonian "swallowed" that statements as it is commonly known that Crater Lake (Oregon) is the deepest fresh water on the globe, save one lake in Switzerland. Mr. W. F. Aarant, a resident of Ashland, who was Superintendent of Crater Lake National Park for eleven years says that the greatest depth of Crater Lake for eleven years is over two thousand feet. It is said on reliable authority that for years the lake has risen three inches annually. The Tidings is glad to make the correction giving Oregon its just dues.

### RELECTION OF LANDS SEEMS TO BE CERTAIN

#### Directors of League Are for Baseball Commissioner

CHICAGO, Dec. 16.—(UN)—Re-election of Judge Kenesaw M. Landis as baseball commissioner was assured today when directors of the American league announced they would not oppose his re-election.

The directors appointed a committee of three, consisting of Jacob Ruppert of the New York Yankees; Phil Ball of the St. Louis Browns, and E. S. Bernard of the Cleveland Indians, who will tell the supreme arbiter of baseball that the American league might demand slight curtailment of his powers.

The meeting of junior circuit owners got under way following the directors' session at which new directors were recommended. There was no trade talk in the air.

### NORMAL HOOPSTERS IN READINESS FOR CORVALLIS AGGIES

#### Fast Basketball Game is Scheduled for Armory Floor Saturday

Basketball will be given its official start in Ashland Saturday night when the Oregon Aggies will meet the new Normal school quintet on the armory floor in the main game of a big double bill.

Coach Walter Hughes is fast rounding his squad of pedagogues into early season form and the local hoopsters are expected to give the fast Aggie team a real battle from start to finish.

Albert Marske, former high school star, and Caldwell, are expected to start the game in the forward positions, with Butterfield starting at center. Ted Kinney, former Portland high school star, and Ramsey, a veteran basketballer, will start at the guard positions. Clary, Haje and Joe Mercer will be in readiness to take the floor at any time they may be needed.

The normal second team will play Battery B in the opening game which starts at 8 o'clock. The big game between the normal

### Snowdrift

Snowdrift looks good-to-eat. It's snow-white and creamy and as dainty as a shortening could be. And Snowdrift is just as good as it looks. Your cakes and biscuits and pastry will prove that to you when you make them with this fine shortening.

**KATE BLEW VAUGHN'S RECIPE FOR CREAM PUFFS**  
1 Cup Boiling Water  
1/4 Cup Snowdrift  
1/4 Teaspoon Salt  
1 Cup Flour  
4 Eggs

Put water and Snowdrift in saucepan, when it comes to boiling point add flour all at one time and stir and beat until it leaves the sides of pan. Remove from stove and add one at a time the eggs, beating in each egg well before adding the next. Drop by spoonfuls on a greased baking sheet. Bake from 35 to 45 minutes, according to size, in oven 500 degrees F. for the first five minutes, reducing about 50 degrees at a time every five minutes, until when they begin to brown the temperature is 350 degrees F. When the puff leaves the greased baking sheet easily, they are done and should be cooled on a rack with a circulation of air all about. When cold, fill with whipped cream.

and Aggies will start at 9:15 so that merchants, clerks and Saturday night shoppers might be on hand in plenty of time after the stores are closed Saturday night.

With prospects for a fast team at the normal, a big crowd is expected to be on hand as the farmer boys from Corvallis are acknowledged to have one of the fastest hoop teams on the Pacific coast.

### LOCAL PEOPLE TO ATTEND BANK OPENING

The Brotherhood National Bank of San Francisco, 26 O'Farrell street, will open for business Saturday, December 18, at 9 a. m., according to Mrs. W. E. Sanford of Ashland, who will go to San Francisco to attend the opening. The history of the establish-

ment of Brotherhood banks at Cleveland, Hammond, New York, Boston, Minneapolis, Spokane, Portland, Tacoma, Seattle and many other large cities, indicate that the San Francisco bank should have a rapid growth and a prosperous future. An idea as to the growth of some of these banks can be gained from the following: The B. of L. E. bank of Cleveland opened its doors November 1, 1920, with \$650,000, and now enjoys resources of \$28,000,000. The bank at Tacoma opened its doors on July 1, 1925 with deposits amounting to \$723,459.45. On December 31, 1925, its marvelous growth showed a total of \$2,210,752.06. The Portland bank in less than one year gained from \$300,000 on the opening day, more than \$2,000,000.

### CHAPLIN GOES ON A KIDS SHOPPING TOUR

#### Plans on Spending Christmas at the Home of His Children

HOLLYWOOD, Cal., Dec. 16.—(United News)—Whistling tops and fuzzy bears occupied the attention of Charlie Chaplin, while lawyers were preparing for legal battle between the film comedian and his wife, Lita Grey Chaplin for the custody of their two children and division of the Chaplin millions.

While Chaplin was shopping for Yuletide gifts for his sons, attorneys announced that negotiations for a settlement out of

court had failed and that a divorce contest was inevitable. Chaplin may be the first to file such action. The film comedian has indicated, through friends, that he intends to file a divorce complaint, alleging extravagance and neglect of the children. Mrs. Chaplin is expected to counter with a cross complaint, charging her husband with cruelty.

Although the boys are with their mother at the home of her grandparents, Charlie intends to spend a part of Christmas morning with them—at least long enough to give them the presents he bought today.
