LONG TRAINING GRIND STARTED BY DEMPSEY

Former Champion Hopes to Be Able to Re-enter The Ring
LOS ANGELES, Dec. 12. (UN)—Jack Dempsey, former world's heavyweight champion, is skipping rope and boxing with shadows again, but what the future holds for the man dethroned by Gene Tunney only will reveal. Dempsey took his first workout here Friday since the memorable battle of the century at Philadelphia on the night of September 23. Observers declared the former champion appeared to be in good shape but it was too early to make any predictions. "I feel fine," Dempsey declared at his gymnasium. However, he declined to discuss plans for the future, insisting that he had no idea whether he could get back into shape again to make a comeback in the ring. "I'll know much more a few weeks from now," he said. He intends to take a light workout every day, gradually increasing the training grind, but probably won't be going at full stride until after the holidays.

WAR BETWEEN JAPAN AND UNITED STATES IMPOSSIBLE, SAY WELL POSTED OBSERVERS

(United Press Staff Correspondent) TOKYO (United Press) "Japan cannot afford even to consider a war with the United States. She might, however, well consider an armed struggle, if necessary, to protect her commerce with the great American market." This statement by one of the best informed foreign observers in Japan largely summarizes the opinion of American resident in Japan, on the repeated scares in jingoistic newspapers of an American-Japanese war. Americans resident in this country are convinced the Japanese do not consider the possibility of conflict between the two nations and they see in the recent address delivered by Ambassador Matsuura, the Japanese representative in Washington, in his speech at the Japanese Day celebration at the Philadelphia Sesqui-Centennial Exposition, a virtual official recognition between the two nations. Matsuura emphasized the economic inter-dependence between Japan and America, pointing out that Japan is the best customer of the United States in the Pacific and that America is the greatest purchaser of Japanese products. It is common knowledge in Japan that the economic position of the Empire depends very largely on American purchases of Japanese raw silk. The silk raised in Japan for export, and loss of this market would mean little short of ruin for Japan. Similarly Japan depends to a considerable extent on the United States for her supply of raw cotton, although the past fiscal year has seen a great development in consumption of Indian cotton by the Osaka mills. Ambassador Matsuura's speech was printed extensively in the Japanese press and it is the almost

COTTON GROWERS ARE EXPECTED HELP WEST

Relief Legislation is Expected to Receive Support From South
BROOKLYN, N. Y., Dec. 18. (UN)—Western farmers are expecting support from southern cotton growers in their demands for agricultural relief legislation. Mrs. Florence Kahn, congresswoman from California said Thursday night in addressing members of the Brooklyn chamber of commerce. She predicted that no such legislation will be considered at the present session of congress. "The principal stumbling block," Mrs. Kahn said in discussing the legislation, "was the legislation demanded by the farmers of the middlewest, popularly known as the McNary-Haugen bill. The measure failed in both houses and congress adjourned without action. "The western farmers are looking to the south for help. They are hopeful that the south will furnish a sufficient number of recruits to support some satisfactory and adequate farm relief legislation. Many southern men who opposed this legislation are now wavering because of the slump in cotton. "Some are also stirred up because of the missionary work former Governor Lowden of Illinois has been doing in the south. Southern growers are beginning to organize and they are demanding that their representatives stand with westerners for substantial agricultural relief."

COUNTY OFFICIAL IS CONVICTED OF BRIBE

Jury Returns a Guilty Verdict Against District Attorney
SAN DIEGO, Dec. 18. (UN)—Search for William R. Johnson, millionaire Chicago gangster, was renewed today with the conviction in superior court of District Attorney C. C. Kempley and Assistant District Attorney C. G. Selleck, accused of soliciting and accepting a \$40,000 bribe from Johnson. The money was alleged to have been passed to obtain the acquittal here in 1925 of Thomas Johnson, brother of the rich Chicagoan, charged jointly with Hugh McGovern with the murder of George McMahon in an underworld feud. William Buck, deputy sheriff, returned Sunday after a three week's fruitless search for Johnson in Chicago, armed with a warrant charging bribery. Chicago police will arrest Johnson when he appears at his room at the exclusive south shore hotel or at one of his two alleged gambling houses, Buck reported. The San Diego county grand jury which indicted Kempley and Selleck as its first move in a probe of official corruption here, will go into session again Monday. Further indictments are expected. Kempley and Selleck, convicted after the jury had been out twenty hours, are at liberty for tea days on bail of 14,000 each, pending appeals. Sentences will be pronounced December 20th.
