**AMERICAN MOVIE STARS FAVORITES IN RUSSIA**

**MOSCOW (UP)** - Doug and Mary are the favorite "great dumbs" of Soviet Russia. No native Russian moving picture player is able, like the two Hollywood stars, to draw out such vast crowds to the Kino theatres. Since Vera Kholodil died, the Soviet screen industry has not produced such popularity. The "great dumbs" - as the moving pictures are generally called, play an important part in the programs and activities of the Soviet Government. Two fifths of all the pictures shown are made in Russia by Russian actors and directors.

## NEW COLORADO TUNNEL IN HEARING COMMISSION

DENVER, Colo., Dec. 22. (UP)—The "pioneer bore" of the Moffat tunnel project, borrowing in under the Continental Divide from opposite sides of Jasper Peak, are now only 1,350 feet apart. The two bores will "whistle through" by the latter part of February, according to the latest report of the tunnel engineers.

The pioneer bores, which will be slightly more than six miles long when completed, is parallel to the main railroad tunnel and is 75 feet to one side of it.

From the East Portal, the pioneer bore has been driven 17,495 feet, and 13,227 feet from the West Portal. The other tunnel has been bored 16,691 feet from the east and 12,139 from the west. The railroad tunnel will not go through until several weeks after the pioneer bore.

Engineers said that favorable rock conditions would enable the date of the first "whistle through" to be advanced to some time in January.

When the miners borrowing from opposite sides of the mountain, finally meet, the bores will exactly coincide, according to officials of the project. Delicate calculations, involving consideration of the variation of temperature and the glare of the sunlight have been necessary to assure precision in surveying.

## WORKERS IN TEXAS DIE FIELDS ARE WARNED AGAINST DEADLY HYDROGEN SULPHIDE GAS

WASHINGTON, Dec. 21. (UP)—Workers in Texas oil fields face untold dangers which necessitate the exercise of constant precaution, according to the Bureau of Mines which has just completed an investigation of conditions in the Lone Star State's oil industry.

Investigations by the Bureau took in the Panhandle District, the Big Lake field of Reagan County, and the McCamey field of Upton County.

Hydrogen sulphide in petroleum vapors, the Bureau found, is the most poisonous gas associated with the crude oil industry and frequently gives the workers serious cases of conjunctivitis, known as "gas eyes."

Conjunctivitis is usually contracted in derrick cellars where the gas collects. In the derrick cellar of one well in the Panhandle district, 31 men were overcome while putting on the braidedhead.

Around many wells investigators of the Bureau found dead rabbits and birds. Dead animals are usually found after a still, oppressive night when there is little or no air movement. One man collected a pile of more than one hundred dead animals.

In one place visited by bureau investigators it was found that the presence of hydrogen sulphide in excessive quantities caused pronounced darkening of white lead paint on houses, of brass valves and fittings, and of silver money.

The Bureau stressed the necessity of workmen using gas masks while engaged in derrick cellars and whenever they believed gases are in the air.

**FILIPINO BOKER TO SEEK HIGHER HONORS IN U. S.**

MANILA, (UP)—Young Fernandez, bantam weight champion of the Orient, will leave shortly for the United States determined to bring back to the Philippines the world title held by Pancho Villa and almost won by the late Clever Sanchez. Fernandez is the new Filipino hope. The day that news arrived in the Philippines of Clever Sencio's sudden death in Milwaukee, sport circles began casting about for a successor, because every Filipino has the unshakable conviction that the featherweight championship of the world belongs to the Philippines.

**Faulty Elimination**

Should Be Corrected - Good Elimination Is Essential to Good Health.

If you would be well, see to your elimination. Faulty kidney action permits toxic material to remain in the blood and upset the whole system. Then, one is apt to have a tired, languid feeling and, sometimes, a toxic backache or headache, and often some irregularity of secretions, such as scanty or burning passages. More and more people are acclaiming the value of Doan's Pills, a stimulant diuretic, in this condition. For more than forty years Doan's have been winning favor the country over. Ask your neighbor!

**SAGE TEA DANDY TO DARKEN HAIR**

10's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can have gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, however, after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
