

A trainload a month was not enough

NOW the overwhelming local demand for MAYTAGS requires

2 SOLID TRAINLOADS in ONE SHIPMENT

For months we have been selling a solid trainload of Maytag washers every month—the only distributor in the world to ever attain such an unheard of volume.

But even this amazing rate has failed to satisfy the overwhelming demand for the world's leading washer and for January we have brought in TWO SOLID TRAINLOADS IN ONE SHIPMENT.

One arrived Monday, over the Northern Pacific, the other one, the same day, over the Chicago, Milwaukee & St. Paul Railroad.

Only a washer of such superior qualities could ever attain such an outstanding leadership over all others. This is the largest shipment—5000 washers—ever made to one distributor; the first time that two solid trainloads have ever been shipped to one concern anywhere in the world.

The many exclusive advantages of the Maytag have brought about this demand. Every machine sold has sold others.

Women insist upon the faster, cleaner, easier washing produced by the superior gyrofoam principal of water action that Maytag perfect.

ed and introduced years ago and which nearly all others are experimenting with and attempting to copy to-day.

They especially demand the indestructible aluminum tub, without corners, seams or corrugations to harm the daintiest fabrics; the tub that cannot leak, warp, corrode, rust or rot out from acids—and they know that NO other washer except the Maytag can give them this.

They demand the washer that washes great tubfuls in three to seven minutes, that washes even the grimmest overalls or play clothes spotlessly clean in 10 minutes, that eliminates ALL hand rubbing, even on collars and cuff bands.

There's a Maytag for you in this great shipment. Phone or write us. We'll gladly send a Maytag to your home to do a whole washing free—without any obligation on your part. See for yourself why thousands of women testify that it has no equal. See what it will do for you.

Remember, if the Maytag doesn't sell itself, don't keep it.
