should allow other matches coming up to pass them, then should signal to the players following them to pass and having given them such a signal they should not continue that play until these players have passed and out of reach.
Turf cut or displaced by a player should be at once replaced and pressed down with the foot.
A player should carefully fill up all holes made by himself in a bunker on sand.
Players should see that their caddies do not injure the holes by standing close to them when the ground is soft.
A player who has incurred a penalty stroke should intimate the fact to his opponent as soon as possible.
Players who do not continue in the match play rounds of a tournament, should be considered to have forfeited any prize they may have won in the qualifying round.
PRESIDENT'S ANCESTRY IS TRACED BY KEN
NEWTON, Mass., Jan. 5. (UP)—President Coolidge's ancestry is being traced by one of his distant cousins here. The genealogist is Miss Emma

D. Coolidge, who believes that the Coolidge family tree does not reflect all the glory that is due the chief executive's forefathers.
Miss Coolidge thinks the President is a descendant of Nathaniel rather than Simon Coolidge. Both were prominent citizens of Watertown, near here, but Nathaniel was far more active in the political affairs of the early colony.
In an effort to obtain more comprehensive data regarding the President's family tree, Miss Coolidge, who is secretary of the Coolidge Family Association, has broadcast letters to some 4,000 persons who bear her name.

grudge against those who have brought his name into the puddle of scandals now rocking the baseball world.
"I didn't strike out a purpose," the old man asserted in a quavering voice. "I guess I better not say anything more until I go to Chicago to see that young feller Landis."
It was recalled by some of the older inhabitants of Mudville that charges of crooked work were hurled—as was the common prac-

Mexico May Face New Revolution

LOS ANGELES, Jan. 5.—Turbulent Mexico may feel the iron hand of a sweeping revolutionary movement before the new year is but a few days old.
On the northern deserts of the restless republic to the south, rebel forces that are destined to batter at the gates of Mexico City are rapidly being consolidated, Adolfo de la Huerta, former provisional president of Mexico, told the United News in an exclusive interview here, tonight.
"The zero hour is near," De la Huerta declared, but because of the watch being kept over the revolutionary leader by department of justice agents, he refused to make the time element more definite.

GOLF

By Billy Selkirk
No one should stand close to or directly behind the ball, move or talk when a player is making a stroke.
On the putting green no one should stand beyond the hole in the line of a player's stroke.
The player who has the honor should be allowed to play before his opponent tees his ball.
No player should play from the tee until the party in front has played their second stroke and are out of range nor play up to the putting green till the party in front has holed out and moved away.
Players who have holed out should not try their putts over again when other players are following them.

TRY SULPHUR ON AN ECZEMA SKIN
Costs Little and Overcomes Trouble Almost Overnight
Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist.
Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.
It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and use it like cold cream.
