SUN SPOTS DO NOT EXERT BAD INFLUENCE

Noted Astronomer Disagrees With Prediction of Russian SAN JOSE, Cal., Jan. 24.—(UP)—Sun spots exert a physical influence on men and beasts, but they do not affect their free actions or morals, Father Jerome Richard, sun spot expert at Santa Clara university, noted scientist, made this statement in placing little belief in the theory advanced recently by Professor A. Tchlovyky, famous astronomer of the University of Moscow, that a culmination of sun spots within two more years will precipitate another world war.

The Russian astronomer is quoted as saying that in 1927 to 1929 when the eleven year period of sun spot activity attains a maximum, it will coincide with the maxima of two other periods of sixty and thirty-five years.

During those two years the Russian believes there will be a "great human activity of the highest historical importance, which may again change the political chart of the world." Human life, he goes on, reaches its fullest development at the times of this maxima of sun spot activity, and "all great wars have followed periods of intense sun spot activity."

Father Richard described Tchlovyky's prediction of another world conflagration as "fatalistic." "Heavenly influences have a voice nothing to do with the moral affairs of men," the padre holds. "It is true sun spots exert some physical influence on men and beasts. Their influence is brought about indirectly through the weather, but man's free determination is not disrupted to such

Salary Bill is Passed in Senate SALEM, Ore., Jan. 24.—(UP)—The state senate today passed the bill to increase the salaries of the secretary of state, a state treasurer and attorney general. The same bill was vetoed by Governor Pierce two years ago. The vote in the senate was 18 to 7, with five absent, assuring it would become a law without further action. In the house, Rep. Briggs of Jackson county introduced a bill tending to strengthen central committees and giving smaller counties more committee members from each precinct.

Dr. Sellers Here—Dr. and Mrs. Frank R. Sellers of Los Angeles, Cal., are in Ashland at the Oregon Hotel. They will give a demonstration of Jell-Well at the White House grocery store and Dr. Sellers will answer any questions pertaining to health.

Watch Elimination! Good Health Depends Upon Good Elimination. RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, lumbago feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passages of excretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. Doan's is a safe, effective, and pleasant diuretic.

AN OLD RECIPE TO DARKEN HAIR Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for "Wood's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.
