No More Gas In Stomach and Bowels

If you wish to be permanently re lieved of gas in stomach and bowels take Baalmann's Gas Tablets, which are prepared especially for stomach ga and all the bad effects resulting from

discomfort.

That 'drowsy,' sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" because Baalmann's Gas Tablets prevent gas from interfering with the circulation. Get the genuine in the yellow package, at any good drug store. Price \$1.

Mayor Pierce Gives Dusty News of Water Plans

of the canyon have been sunk at the Reeder Gulch rite and two more vertical test shafts are nov being sunk at that site to determine the character of bed-reel and in particular that the expos ed surface is not of boulde bed-

Engineer Henny thinks it probable that these test pits will be the last ones required and the geologists opinion to base his final conclusions. On his last trip here a week ago he was not quite sure which of the two canyon sites he would pass on, he then still considered the Hanger site a possibility, but the Reed er Gulen site the more probabl for his approval, lengely because t would have one third more capacity than the Ranger site and would be much nearer the Ranger site.

Short of Money It is now also definitely known and auxiliary features may pro- ward and to finish within the city vide a somewhat scant supply of limits first. money actually needed for its

tures may be made to suffice.

We think too much of Engineer Henny and Dillard to run from them by even hinting a later date if so desired. guess at their final conclusions which is strictly professional service but we can state that all the facts and findings will be made public in due season, probably soon. Which generally incomplete condition of the three main projects and no formal council action causes us to take for our main subject today, a no less interesting development, the pipe line, the first of the city of the Lithia water use in the new Lithia line off payed streets projects to get into action this Plaza and in hotels would de- and conjected traffic so far as

Church Directory

Before orderies this alley approaches to Main street. pipe an analysis of Lithia water and wherever possible Superin-was furnished the prospective bid-ders and the former fity admin-istration assured by the manu-facturers that this was the best suited to out local conditions and stretch will all be laid in the would hold up against the rapid corrosion and deterioration which has made the old system so short curb to be readily accessible for lived and subject to adverse criticism, and on that specificacrossing under the Southern Pa-cific tracts and so as to lay this new Lithia line outside the boxtion the pipe order was placed so the water department informs

The New Line The new line will be approximately 4.1-4 miles long from the top of the hill near the city Lithia Springs where the gravity flow starts after the water has been pumped a short distance from the spring in order to gain elevation and considerable of the new line has been completely re-located.

Part of the old pipe has a little sale value and wherever practical to do so will be salvaged.

Superintendent Hosler plans to bury the new pipe line somewhat However, where before deeper in the ground than the election with engineering data old line. His general working very incomplete it was freely plan will be to couple 60 or - 70 talked about town that a dam at feet of the pipe together above the Reeder Gulch site could prob- ground, to drip such long secably be built for \$100,000 less tions into the trench and to cover than at the Ranger site it is and complete the laying of the now definitely known that the pipe as he goes along, this to cost of a dam at either site avoid leaving open trenches subwould not vary much, the char ject to possible flooding and wash acter of rock walls and the in- outs by unseasonable rains, which creased width of the Reeder unexpected happening at Medford Gulch dam would make it cost during the unprecedented rains of very nearly as much as at the November just past did great damage by reason of so much open ditch and which cost the contractor several thousand dollars loss. Mr. Hoslet considers it that the bond issues carried at expedient to lay the Lithia pipe the November election for a dam line from the park terminal east-

He expects to install at intercompletion but with good bond vals several lateral stems to one sale, a favorable contract and of which wil be connected the every possible economy, with lateral to the Southern Pacific some revision of auxiliary fea- depot grounds the present trap to the Ashland hotel, and so that Lithia water may be served to the Lithia Springs hotel or to any any chance of possible criticism othe hotel or public station at any

> Ornamenta: Fountain A tentative movement is on to sorve the Lithia water through an ornamental fountain under the big tree in the Plaza and contemplates the constant icing little hill to Hargadine street or chilling of the water through which street it follows until it the summer season.

There is some division of opin- into the park above the lower ion as to this last named plan, lake. All this seems lke exceland at least one member of the lent planning by our capable wareplacement of the Lithia Springs pak boad believes any extension ter superintendent to keep the tract from the park and auto possible and largely within the It is quite safe to announce camp attractiveness and their that the installation of the new possible revenues, so that this be-Lithia pipe line will get under comes a debatable question for way soon as the pipe and fittings the various civic organizations to

fore the first of February, the eastward to the city limits outside engineering details have been the business district are numercompleted for several weeks past ous short lateral sidewalks conand have received the approval necting main sidewalk to curb, of consulting engineers Hennry, also some narrow cross street and
