### SCHOOL CHILDREN IN DANGER

Many parents feel that schools today push children too hard. Certainly their growing bodies need strong powers of resistance. Watch your child for depleted health and vitality, loss of flesh, failure to gain weight, fretfulness, lack of appetite for proper food, etc. These are warning signals. Get hold of him in time.

A short course of Cod Liver Treatment works wonders for most any run-down child. It's a great strength-giver and body-builder. And now instead of the old style fishy tasting oil, you can get at McNair Bros. or any druggist, Genuine McCoy's Cod Liver Oil Compound Tablets, as easy to take as candy. Thirty days' use must benefit your child or the druggist is authorized to refund your money. Today is a good time to start.

## TRANSPORT EQUIPPED WITH PLENTY FOOD

VALLEJO, Cal., Feb. 2.—The transport Chaumont left Mare Island navy yard at 9 a. m. today with enough provisions to care for about 1,200 men on a trans-Pacific voyage.

Although the transport's orders call only for a trip to San Diego the fact that a huge amount of food was stored aboard the ship today was taken as an indication that the Chaumont probably will be dispatched to Guam for possible use in transporting troops to China.

It was also regarded as significant that the provisions put aboard the transport were sufficient for a long cruise with approximately the number of marines which have been concentrated at San Diego and other points along the Pacific coast.

About 1,200 men are now at the southern port it has been estimated. Among the provisions stored on the Chaumont were 27 tons of meat, 15 tons of fruit and vegetables, 50 tons of potatoes

and nine tons of butter. and men will be on the vessel. A crew of about 100 officers when it leaves here.

# GENERAL GASOLINE

These are the experiences that count. Up a hill in high that you have never been able to make before—a noticeable increase in gas-miles—old fuel knocks eliminated. Thousands of motorists all over the Coast have been getting amazing results with the new and greater General Gasoline. Here's why! The new General Gasoline is highly volatile but perfectly balanced. That means more gas-miles, and at the same time more power. No acids or sulphur. That means a clean motor—less carbon and no fouled spark plugs. This greater General Gasoline costs no more. It's worth a premium. Independent Dealers everywhere serve it. Remember—"It's the end of the run that counts." Use Parabase motor oils. For Fords use Para4rd. Probably you too have had some unusual experience with the new General Gasoline. Write us about it. General Petroleum Corporation, 701 Matson Building, San Francisco.
