**BELLVIEW NOTES**

Mrs. W. G. Tucker  
Phone 2F14

In spite of the fact that on Thursday night was one of the worst storms in years, the generous public turned out, and a good half house was present to witness an intensely interesting show. Eighty-five dollars were taken in. The committee did not know that one of the series of Medford-Ashland basketball games was to be played Friday night, in time to change this date out here, and are very sorry about it. It is bad for both groups, for we are all interested in these games particularly.

The cast is probably going to at a later date, give this play elsewhere, maybe in Gold Hill, to the north, and Yreka to the south. We will announce definite plans later.

Lack of time makes it impossible to write more for Bellview today. But we do want the story prevalent that all seats are gone to be refuted. That is merely propaganda. Old fashioned dancing after the program tonight.

**PLENTY OF FUNDS**

(UN) — Funds to purchase the site of the new tuberculosis hospital, to provide sewer and water facilities to the grounds and to improve the highway to the site were assured today following an overwhelming affirmative vote on a proposed \$15,000 municipal bond issue yesterday.

A deed to the property was secured several months ago, through business organizations here and delivered to the state. The voters also decided to bond themselves for \$17,000 to clear up an indebtedness on the municipal auditorium.

Now is the time for you to do your fencing. Ground is soft for setting your posts, and we carry every size, height and description in fencing that is made and at right prices. Harrows Plows and all kinds of tools carried in stock. A few White Sewing Machines left for \$50.00 each, will cost you \$120.00 elsewhere. — At

**RADIO FANS JAILED**

**FOR INDISCREET MUSIC**  
GUTA, Czechoslovakia—(UP)—Radio fans must be careful what they pick up is Czechoslovakia. Because they were not sufficiently cautious three Hungarians are now in prison here. The three tuned in on a Budapest broadcasting station recently. As the closing piece of its program, the station, according to custom, played a spirited national air.

Three police happened to be passing. Since it is forbidden to play Hungarian music in Czechoslovakia, they rushed in to capture the offender. The offender was only a loud speaker. They could not arrest it, so they broke it to pieces. The three Hungarians were arrested because they had caused a radio to bring the Hungarian music into the village via the ether.

Wales and the horse cleared the hedge and a branch scratched the Prince's cheek. Neither the horse or the rider fell.

**UNCLAIMED DEPOSITS REACH MILLION MARK**

**Absent Minded Depositors Leave Thousands in Banks Unclaimed**

SAN FRANCISCO, Feb. 18.—(UP)—A million dollars in unclaimed deposits in Pacific coast banks has been forgotten by the depositors, and a large share of this amount will probably never be called for.

In San Francisco alone nearly \$250,000 is being held, representing the accumulations of 2625 absent-minded depositors. Another 10 years and the money will be turned over to the state and charged on the bank books to "someone's carelessness."

The 2625 deposits range all the way from \$10 to \$12,000. Bank officials estimated the amount of money lying dormant in coast banks as more than 4 times that held in San Francisco alone.

A few of the owners are dead, but the large majority have just moved away and forgotten. For instance:

An account belonging to George F. Norton, amounting to \$12,180 is begging for action. Sing Guan Oakland Chinese, quit the country and left \$3,901 to while idle moments. James E. Hill has forgotten he deposited \$1,677.

Then there was a newspaper reporter who, succeeding in holding

**POULTRY MEETING**

County Agent R. G. Fowler was a visitor in Ashland yesterday afternoon and he has called a meeting of the poultrymen of the valley to meet at the Hotel Medford Saturday afternoon, Feb. 19, at 2 p. m. and would like to have as many of the men from Ashland and this locality who are interested in this business attend the meeting, which will be largely given over to the discussion of marketing problems.

On account of the opening of the Natron Cut Off a great many Willamette Valley eggs are being shipped into Klamath county with the result that one of the

best markets of the Rogue River valley poultrymen has been eliminated. The invitation has been extended to the poultry producers in the whole valley from Grants Pass to Ashland. The county agent will have charge of the meeting.

**"L. O. K." Items**

A farmer, looking over accounts kept by his wife—a farm home department member—found entered against several items the initials "L. O. K." "Just what does that mean?" he inquired, and received the prompt reply, "Lord only knows."

Much farm accounting is balanced to this "L. O. K." system. Indeed, many farmers have no accurate data as to expenses and net income.

While proper farm accounting is much more complex than merely keeping a check book record of receipts and expenditures, still a checking account is necessary to the successful operation of any system.

We are glad to show depositors how to keep their check book records most helpfully in relation to keeping accounts.
