

VALLEY VIEW NOTES

The Valley View Community Club met last Thursday afternoon at the club house in the regular monthly meeting.

The study of Italy was taken up and all of the program centered on the subject.

After the usual business meeting roll call was answered by interesting facts or short stories about the country or the Italian people.

Four very interesting papers which had taken a great deal of time and study to prepare, were read.

Mrs. R. N. Chaney was leader for the month and gave a topographical description of Italy.

Mrs. A. H. Davenport followed with a paper on northern Italy and the Italian Alps.

Mrs. Alice Farmer's paper was an interesting description of Venice. Mrs. N. E. Bond read a paper describing four beautiful lakes in the Alps, as a side trip from Milan.

Mrs. Carl Glasgow told of a trip through Central Italy, describing the most noted places.

The program was interspersed with music. Mrs. Mabel Reacher and Mrs. Jas. Lennox sang a duet. Mrs. Harry Roe very beautifully played a piano solo.

The hostesses for the afternoon were Mrs. William Glenn and Mrs. Don Lowe, and immediately after the program, served dainty refreshments.

There were eighteen members present and four visitors. Mrs. Harry Roe, of Nevada City, Mrs. L. O. Penland, Mrs. J. R. Leslie and Mrs. Russell Bishop.

Next month the club will complete the study of Italy.

Mrs. R. N. Chaney will again be leader, and will be assisted by Mrs. Mabel Reacher, Mrs. J. F. Arnold, Mrs. Frank Reed and Mrs. Harry Roe.

Although Mrs. Reacher is living in Ashland, she is still president of the Valley View club and will finish her term of office and it is hoped will continue to meet with the club.

Mrs. G. W. Nichols and daughter Katherine, were both quite ill with flu last week.

Mrs. Harry Roe, of Nevada City, Cal., who has been spending the winter with her father, Mr. Craig, will be here for some time longer.

R. N. Chaney built a fine large chicken house last winter and was ready for four hundred baby chicks which he received this week. Mrs. J. R. McCracken received her seven hundred baby chicks also this week.

Mrs. H. R. Westerberg and son Richard, of Talent, spent last Sunday at the G. W. Nichols ranch in Valley View.

The Talent Irrigation Co. is progressing rapidly with the ditch-viewing. A large part of the Valley View ditches are ready for water and the men have gone over into Ferns Valley to prepare the ditches in that section.

There will probably be no need for irrigation this spring until after the first crop of alfalfa is cut there being so much late rain.

The Early Chapman cherry trees are in bloom and all kinds of cherries promise a good crop.

Mr. and Mrs. R. M. Jones and son, Bobby, spent Sunday at the Lennox home.

H. H. Wengert made a trip to Hilt, Cal., last Saturday with a load of produce and fruit.

W. F. DeFord spent a few days in Portland last week where he went on business. While in Portland Mr. DeFord visited his mother and daughters.

The J. F. Arnold ranch house is receiving a fresh coat of paint this week.

Mr. and Mrs. John Arnold had as their dinner guests, Mr. and Mrs. Sherman of Jacksonville and Mr. Lee Mow of Dead Indian.

R. G. Fowler, county agriculturalist of Medford, was at the J. R. McCracken ranch on Monday to inspect some Ladino clover which Mr. McCracken is trying out, to use for sheep pasture.

This clover seed was obtained by Mr. Fowler from Idaho last year for a try-out in this valley.

The Ladino clover has a peculiar way of growing as it grows very much like a strawberry plant, spreading out on the ground with the new tendrils taking root all around each plant.

Another get-together meeting was held at the club house on Monday evening, when the Ashland Chamber of Commerce met with the Valley View ranchers.

BELLVIEW NOTES

Mrs. W. G. Tucker Phone 2714

The meeting held Tuesday night at the Bellview school house, which was sponsored by the Trade Extension Committee of the Chamber of Commerce of which Homer Billings is Chairman, was well attended.

Professor C. L. Long talked on various problems confronting the small fruit farmer particularly, and urged the cooperation on the part of growers, not only in marketing but in choosing what shall be grown for market.

All in attendance voted the meeting most helpful. The outlying communities appreciate the effort being put forth by the local organization in their behalf.

This morning the weather looks as though a typical Bellview night would follow. It has got to be quite funny out here, that whenever anything is planned at the club house in the way of making a little more cash, it rains.

And not a gentle rain at that.

But perhaps it will clear off before night. At 8 p. m. tonight, April 1, is going to be a jazz dance at the club house, with Dickey's music. Don't let the rain keep you away.

Mrs. Charles Cling, of Portland, an old friend of Mrs. Jesse Neil is making a visit at the Neil home and incidentally getting acquainted with the young lady of the house, Miss Joan Augusta. Mrs. Cling will be a guest at Mrs. Neil's for another week.

Don't forget "Cyclone Sally" is appearing at the Vining Monday night, April 4. Along with "Sally" will be a short picture, a n c y dancing and extra music, all for the same price.

There are a number of people who are planning to see it again. Remember the date, Monday, April 4. Tickets on sale at the Vining Monday night. No reserved seats.

Barnard Joy, son of Mr. and Mrs. A. C. Joy and a student at O. A. C. returned to that school the first of the week, after spending the spring vacation in Ashland.

SAN FRANCISCO, April 1.—(UN)—If not actually the "meanest man in the world," San Francisco's latest candidate for that dubious honor, will place a good second. Waitresses in a restaurant here found that a patron would eat a certain portion of his meal and then call attention to a fly in his food. He would refuse to pay his check—because of the fly.

But the manager, with his eye on receipts, turned detective and saw the patron taking a fly from a bottle and secreting it in his food. Accused, he paid the bill and departed.
