Ottis B. Booth, who was the victim of a very serious accident at a service station on the Pacific highway, near Glendale, last January, when he was run into by a passing automobile, was able to be brought from the hospital at Roseburg, where he has been under surgical attention since the accident, to his home at 225 North Main street, in Ashland, Tuesday. He is now rapidly recovering from his injuries and hopes soon to be able to get about on crutches.

leader. It clearly is up to Bush. His ball club is there for him and his task is to eliminate the friction which wrecked its chances in 1936.

Spring training has served to bring out two things about the Pirates. They are strong enough to make a great race for the flag from the start and Bush seems to have the stuff the club needs in Everything depends upon their manager.

Chinese Nobility in Exile

When Chang Tso-lin's defense against the Cantonesse weakened, Chinese generals and many soldiers fled to Japan. Here is Chang Hsueh-cheng, son of Marshal Chang Tso-lin, with his wife and child, pictured as they arrived in Tokio. Mrs. Chang Hsueh-cheng, regarded as one of the most beautiful women in China, formerly was known as "queen of the three eastern provinces."

SAN FRANCISCO, April 6.— Turn about is fair play, Judge (JP) — Just years ago Judge Thomas F. Graham ruled that when a man beats his wife and the wife sues for divorce the husband must pay \$50 in alimony for every brow struck.

Graham, a n d so when B. J. Mulready testified that his wife, who weight 310 pounds, had struck him 15 times, the court ordered Mrs. Mulready to produce \$750 in alimony for her husband.

THE FORUM

Articles of timely interest are welcomed under this head. Communications must bear the signature of the author.

To the Editor:

Knowing that the column of your valued paper are a reliable method by which to reach the readers of our community, I take the liberty in asking you to express my appreciation to the many friends who helped to elect me to the directorship of the Chamber of Commerce of our beautiful city.

It is indeed gratifying to one who has only been in your midst for one year, to have the confidence of his townsmen shown in this manner and may I say that I will endeavor to put forth every effort to help Ashland get the proper place and publicity to which we are rightfully entitled in the progressive developments which are so rapidly advancing toward the Southern part of our glorious state.

The inclosed poem is well written and is my contribution in behalf of our town.

Low H. Hansen.

THE BOOSTER

(A chorus for the Chamber of Commerce. To be sung any old time.)

By A-NON-A-MESS

BOOST! That is the slogan, fellows, for this club
And he who feels he cannot make the rub,
Let him and leave a spell,
Go to Halifax, or—Well,
There's no welcome here in this town for the scrub.

The fellow in this town that will not boost,
Ought not to be allowed a place to roost;
There are bats up in his dome,
And the folks are not at home,
He's a honking specimen of migrant goose.

If our town is to grow better day by day,
Then, it's up to us to boost in every way;
Go right out and let 'em know
How the old town's going to grow
Just try—and watch it work, a la Coue

If you are not a booster for the town,
Well, try at least, to keep your hammer down.
It's a worthless sort of tool
For the wise—Why play the fool?
It's the booster not the knocker makes the town.

If a fellow has a horn and fails to toot, he
Says, "For this town, I've not a single hoot, he
Is a raving pessimistic,
Born just anti-eulogistic;
He's on the body politic a mangy coote.

The song of progress is the booster's song;
Who sings it well will help the world along;
Be an optimistic booster;
Not a pessimistic rooster;
Sing, and help the world grow better with your song.

Take Salts If Rheumatism is Bothering You

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxic Acid.

Rheumatism is no respecter of age, color or rank. If it is the most dangerous of human afflictions it is on the most painful. Those subject to rheumatism should eat no sweets for while, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid body waste matter, and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. A damp and chilly, cold weather thins the pores are closed thus forcing the poisons to do double work; they become thick and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.

TOWN BEING MOVED
VICTORIA, B. C., April 5.—(AP)—The town of Bella Coola, north of here, is being moved across the Bella Coola river. Arrangements for the settlement of the inhabitants with their homes and business establishments, on the south bank of the stream have been completed by the departmental officials of the government and during the rest of the year the general trek to the new town site will continue.

The purpose of the wholesale move is to make the town safe from river floods, which affected it in its present location. It was considered more economical to move the entire community than to build dams and other water barriers to make it permanently safe from floods on the existing site.

Land in the new area is being given to the townspeople free by the government. But the people will have to foot the moving bill.

Where it is found impossible to agree on the selection of land otherwise, lots will be drawn.

Already sites have been selected for a church, hotel, stores and other business houses.
