Where do you keep your stumbling-block?

Every home has one. Sometimes it's the chair by the telephone; sometimes a kitchen stool, or an unsuspected plaything the youngsters have left in the hall.

Whatever it is, it's lurking somewhere about the house—in the dark.

Switch on the lights!

Light rooms—light halls—light stairways never harbor these dangers to careful grownups and running children.

Keep enough lights going throughout the house to make every part of it quick of access—and safe!

Electricity is the cheapest service you can buy.

IN BIG LEAGUES

(Continued From Page One)

Ike Boone or Moore will have to wander about in right with "Whispering Bill" Barrett moved over to center.

Mostil may return to the game by June, which will make all the difference in the world if Johnny is himself again.

The White Sox, as they line up, are an unusually slow club. They should be a mark on the base paths for snappy double plays. Mostil was the fastest man in the league, and he kept up the speed average, but now with Peck and Ward rolling down to first base in their wheelchairs the Sox do not look strong on the attack.

On the defense the club shapes up better, the infield being a smart and steady one, while the catching staff of Schalk, McCurdy and Crouse is not bad.

The right handed pitchers are Blankenship, Lyons, Thomas, Faber and Connally, while Cole and Barnaby are the southpaws. Pitching, it will be seen, is the strongest point of the club. High

ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up, and leaves the skin clear and smooth.

It seldom fails to relieve the torment and discomfort. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.
