

THE RAIL SPLITTER

(Published by the pupils of Lincoln public school)

STUDENT TEACHERS

The new quarter started April 4th with all new student teachers. Since the new student teachers came the program has been changed. We like our student teachers very well.

Ruth Peebler, 5A

THE CIVICS BOOKLETS

The 5A and the 5B children in Mrs. Cason's room made some civics booklets. Miss Ady our Art teacher brought us in a design but some of us made up our own design. After we got them finished we put our civics papers in them.

Russell Jordan, 6B

LINCOLN CHILDREN

We try to go to school. And never miss a day. Then the people will say. What good children are they.

Ruth Hale, 6B

THE CANARY BIRD

Lyle Spinger brought a Canary Bird for our room. It sings when we play the phonograph. It is a very pretty bird. Mrs. Cason painted the cage green to go with the wood work. She has a yellow ribbon on it. It is a very pretty cage too.

Nella Putman

VEGETABLE MARKERS

The children of the fourth grade are making vegetable markers. The markers are going to have funny vegetable faces painted on them. We are going to give them to our parent for an Easter gift.

Mary Voss, 4B

THE LINCOLN LAWN

The Lincoln school has a new lawn. This lawn will make our school more beautiful. Children can help to keep the lawn beautiful by never stepping on it.

Paul Pettit, 0

ARITHMETIC RACE

The Fourth Grade of Miss Stephen's room is working on some arithmetic races. These races will be given at the P. T. A. meeting Friday afternoon.

George Huffman, 4A

S "P" LANGUAGE

April the twelfth there will be Marionettes at the N O R M school. It will cost thirty-five cents for children and fifty cents for adults. It will be in the afternoon and in the evening. In the afternoon it will start at 3:15 and at evening at 8 o'clock. They are going to play "Huckleberry Finn." In the evening it will cost children 50 cents and adults 75 cents. In the afternoon they will show Uncle Wiggly at the circus.

Lillian Vicars

CORRECT ENGLISH

In our English class we are learning to speak correct English. Some of the foreigners can speak better English than many of the white people. We learned how to use without and unless correctly. You use unless when there is a complete sentence after it. You use without when there is not a complete sentence after it.

NATURE STUDY

In Nature Study the 5B are making posters of flowers. We are making one of a trillium. We are putting under it, "Save Us." We are trying to save the wild flowers. My nature study teacher is Miss Hill. It is very interesting to do this.

Jessie Bush, 5B

A Self Inflicted Joke

It was March 31 and Texas Wild was to find something with which to fool her father. Hal Wild, a western cowpuncher. At last she hit upon a plan. Going to the kitchen she took out their cook's recipe book and with much studying and trouble changed the amount of sugar in the candy to the amount of salt. But she was not used to cooking and for this reason, made the candy the correct way. Finally

A carload of red cedar, all heart seven foot fenceposts just received, will sell for 25c each as long as they last. All kind of fencing. Plows from \$10.00 up. Implements of every description. White Sewing Machines and everything that farmers need.

Peil's Corner

It was done. She was glad when the morning came and in the afternoon presented the candy to her aged father. Taking a piece and eating it, he exclaimed, "Why, daughter, this is the best taffy I have ever tasted, even if you are 21 and even if you are a savage bit of a girl."

Rachel Forsythe, 6A

APRIL POOL PARTY

The 6A girls of Lincoln school gave a party April first. Each girl brought 5 or 10 cents worth of penny suckers, a half gallon of lemonade and a cake. Miss Bork our teacher and the boys didn't know anything about it. It was a surprise to all. The guests were Miss Bork, Miss Trotter and the boys. There were 37 altogether. All enjoyed it very much.

"BROWNING" GOOSE COAT LATEST PARIS FASHION

PARIS—(UP)—Paris has drawn its latest fashion inspiration from the "Peaches" Browning divorcee in America.

Fashion is nothing if not fickle, so Paris, taking as a base the famous gander that caused New York so many laughs, has gone one better and adopted the gander's better half, the goose.

The goose is to be fashion's next victim, the successor to the poor ostrich, the disdainful heron, the elder-duck, the crowing cock, etc.

Surgeons of the mode already are at work on the new Paris sensation—the goose coat, which has been decided upon as the dernier cri for the coming summer.

Hundreds of geese are being seized, killed, skinned. The skins are being artistically treated and made into fashionable coats of snowy down.

The Paris couturiers refuse to be interviewed on their latest invention, for it is not planned to launch the goose coat until June. It will probably be on the occasion of the Grand Prix that Paris' prettiest mannequins will display the beauty and grace of the latest innovation.

HIGH SCHOOL NOTES

Thursday morning, Elliott MacCracken made a talk in assembly on the baseball question. Elliott MacCracken is the baseball manager this season and gave a report on the financial status of that phase of the athletics of the school.

He said that a month or two ago twenty four fellows met and decided they wanted a baseball team and went after it. They had booster-tickets printed and raised \$35 this way. They need \$100 for the season.

Jack Nims gave an appeal for a strong rooting section. He urged the student body to come out and encourage the team.

Bud Gandee, a letterman gave an enthusiastic pep talk. He gave the assembly the "low down", on the team and the "monotonous regularity" with which the ball was batted over the fence.

LITHIA CREAMERY

been played last Friday was postponed until today because of the unfavorable weather. The game is called at 3:30.

Mr. Henry Sheldon and Kay Neil spent the week end at Eugene. Mr. Sheldon visited at his home and Kay stayed at his brother's fraternity house; the Phi Sigma Epsilon.

The ukulele club party Thursday night in honor of the glee clubs and orchestra of the high school was well attended and enjoyed by the guests. An interesting program of an hour was offered which was orchestral numbers, vocal solos, piano and violin solos.

After the program dancing ensued. Foss Kramer and Madge and Marie Mitchell played incidental dance numbers.

Several faculty members attended, also Mr. and Mrs. Gale and Mr. and Mrs. Joy.

Bellview was the scene of a successful party Thursday evening when the Letterman's Club of A. H. S. entertained. Each student of A. H. S. who earned a letter invited a guest to the affair.

The original plan was to have the party at the Siskiyou lodge, but because of the weather, the place was changed, everyone expressing their pleasure at the arrangement.

A lunch was served to about 45. Dancing was the feature of the evening.

The domestic science class under Miss French's direction and management served over 100 people at the banquet for the Older Boys Conference at the Presbyterian church Friday night.

The color scheme was yellow and white. The tables were decorated with daffodils. Little nut baskets, of yellow, made by the cooking class, were used as favors.

Dean Duback of O. A. C. spoke to the assembly Friday morning. His talk was made in a vitally interesting manner on a vitally interesting topic, China's disturbance. His strange personality and whimsical manner captivated everyone's attention and every student listened absorbed to what he had to say.

After his assembly talk Dean

STRONG FOR DEMOCRATS
LOS ANGELES, April 11.—The democratic candidate for president in the next election has an excellent chance to win, in the opinion of Newton D. Baker, Cleveland attorney and former secretary of war, now visiting here.

Governor Al Smith and William Gibbs McAdoo will be the strongest candidates for the democratic nomination, according to Baker.

Baker thinks that President Coolidge can have the republican nomination if he wishes it.

Duback talked to the seniors alone.

The Dean invited anyone who wished to talk with him to do so. Several students took advantage of this privilege.

Miss Jean Stratton, senior, sported her new basketball sweater for the first time last week.

Jean has played four successive years of basketball for A. H. S. and is wearing four stripes on her left arm. She is the first girl in the annals of the school to achieve the honor of four stripes and has set a precedent that many girls will strive for in the future.

Several students in A. H. S. have been acting quite childishly being out of school with the old fashioned measles. They say that they almost would rather come to school though.

Drain — New survey will locate Scottsburg highway along Elk Creek.
