DENIES BREAK RUMOR

Hoover's Reputation so Well Es tablished That it could Not be Shaken

WASHINGTON, April 20.-(LP) On the word of the White House spokesman, who certainly ought to know, it is learned that President Coolidge repudiates all reports of a break with Secretary of Commerce Hoover and has the highest confidence in him.

This denial, coming from the innermost recesses of the White House, brings an end to what threatened to be the most unpleasant personal incident of the Coolidge administration. Last Friday the White House spokesman denied rumors that Secretary of State Kellogg intends to resign and volunteered the additional unexpected statement that if he did resign, the job would not be given to Mr. Hoover. It was put just that way concisely.

HOUSE BLONDE PROOF JURY

Three Days Effort Results in Only One Juryman Being Selected

NEW YORK, April 20 .- (LP) The hunt for a blonde-proof jury to consider the sudden demise of Albert Snyder, art editor of Motor Boating, will go into a third day today also guiltless of accomplishment.

As the second day of the state's offorts to send Mrs. Ruth Brown Snyder and Henry Judd Gray to the chair drew to a close, only one juryman had been obtained from 87 talesmen.

Supreme court Justice Townsend Scudder, plainly impatient. throughout the day with the finicky attitude of counsel and the equirming evasions of some of the talesmen, did his best. He sternly ruled that an opinion not toofirmly fixed might be blotted out. He severely lectured jurymen on their civic duty.

Finally he ignored the scheduled 4 p. m. closing hour and held all persons to the business at hand until long afterward.

Unexpectedly the 58th talesman proved acceptable to everybody. and there throughuot the south-He was William E. Young, 38, of Elmhurst, a publicity man for the have struck within the last 48 Empire hotel.
