

ASHLAND DAILY TIDINGS

OUT OUR WAY

By Williams

Do You Bite?

Do you bite every time an out of town circular comes through the mail carrying an announcement of "exceptional" bargains?

Yesterday a circular advertising a make of tire unknown to the recipient of the letter was taken to a local accessory dealer, whose prices are representative of those throughout the city.

Other articles were advertised. It was impossible to compare the prices to any degree of satisfaction because the quality of the circularized product was known, there being no nationally known trade attached.

That California concern doesn't do Oregon any good. The money it takes from this state goes to make California a richer state and goes to taxes there.

There is absolutely no argument to be used in purchasing goods of unknown quality from mail concerns when their prices cannot compete with local prices.

The Path Of Progress

There seems to be a general opinion current that the country is going to the dogs.

As proof of this we are told that women wear their skirts too short and use too much kalsomine on their faces.

Young men are said to be addicted to hip flasks and young women to cigarettes, all greatly to their disadvantage and to the disadvantage of society.

Literature is said to contain a lot of things which modest people shouldn't read. Many declare vulgar shows are permitted in the theatres.

Blame for all this is placed on the younger generation. And it may be placed there rightly. But the younger generation is also doing a few other things which our great-grandfathers never thought of doing.

For instance people 50 years ago didn't fly from New York to Paris in airplanes. They didn't even ride from Seattle to San Francisco in automobiles on paved highways, a thing which doesn't even seem worth mentioning any more.

All these things are convenient, pleasant and generally admitted to be highly desirable. People half a century ago may have been brighter than those of today but the results don't show it.

Ashland voters showed a decidedly "wet" tendency at the recent election.

There's many a short cut seen on the streets these days.

The pessimist surely has something to growl about. Think of the clothing he wears out waiting for warm weather to arrive.

We have laws to keep crazy people from marrying but we never know they are crazy until its too late.

THE WAY OF LIFE

I met life face to face, one day. His charm and air of grace at bay. We're worth the dismal race I'll say.

That was a merry chase, my friend; In turn—I'll ask your Grace to mend This limp that halts my pace. And won Me fortune, fame and health.

He smiled. "You've tried your best, I see. The goals of life to wrest from me; So here's my coat, my vest," quoth he: "If the coat fits—put it on."

TICKET SALE PLANS MADE

O. O. Will Make Drive Throughout County This Week, Fuller Says

Every district of Jackson county will be canvassed by a Chamber of Commerce Committee this week, in an effort to dispose of 400 tickets for the big Spring Carnival to be held in Lithia Park next Saturday evening, June 11, in connection with Alumni Day of the Southern Oregon Normal school.

The Festival, a series of symbolic dances presented by Normal school students, who will wear magnificent costumes designed by Miss Marion Ady, is attracting attention in all sections of the county, and will be a spectacle of sufficient beauty to attract visitors from many miles around.

The ticket sale at the Normal school will be under the direction of Walter Redford, a member of the faculty.

Will Decorate For Festival

Portland's business section will be gaily decorated for Rose Festival and pageant "Rosaria" week from June 13 to 18. Floral and electrical features will be included in the general scheme worked out by the committee on decorations of which J. P. Jaegar, festival director, is chairman.

In addition to the street decorations the blocks of the festival center will be a veritable flower garden for flowers and electrical features will predominate. Band concerts will be held daily in the park blocks and there will be benches to accommodate hundreds of people who wish to rest between parades and other events.

HUGH BATES TAKES EXAM

State Board To Conduct Exam This Week—Completes Work At O. A. C.

OREGON AGRICULTURAL COLLEGE, Corvallis, June 6.—(Special)—Hugh C. Bates of Ashland has completed the fourth of a series of trial examinations given the seniors registered in the school of pharmacy and preparing to take the state board examination on June 8-9 to become registered pharmacists of Oregon.

The trial examinations began at mid-term, the previous three being given by the faculty in the school of pharmacy, and the fourth being both prepared and corrected by a group of three students under the supervision of a faculty member. They answered questions and conducted the trial examination on the same plan that is to be used by the state board on June 8-9.
