

### CHILD TESTS TO BE GIVEN

#### Special Course Will Be Added To Normal School Curriculum

Intelligence testing will be the inspiration of one of the new courses to be offered this summer in the summer session of the Southern Oregon Normal school in this city.

Officially this new course, which has been introduced to directly interest teachers in the state and indirectly for the benefit of parents, will be known as Statistics and General Intelligence testing.

Another new course will be Educational Tests and Measurements. These two courses will be taught by V. V. Caldwell.

Mr. Caldwell spent several years in courses of this nature at the University of Idaho and is considered by authorities to be an expert along this line.

Not only will the students be introduced to the theoretical part of the course, but also they will be given an opportunity to do actual practice work in the training school.

Inasmuch as diagnostic testing and remedial teaching have been stressed more and more during the past year in Oregon and are growing in popularity, these courses will undoubtedly bring out a large enrollment. The prac-

tical aspects will appeal not only to teachers, but to all who are vitally interested in the schools of Oregon.

### Society Notes

Wednesday, June 15.—Presbyterian Women's Missionary society will meet at the home of Mrs. J. Foley on the corner of B and Third streets at 2:30 p. m.

#### SORORITY DINNER

In honor of their three faculty advisors, members of the Theta Beta Phi Sorority of the Southern Oregon Normal School held a delightful dinner party in the Lithia Springs Hotel dining room. Covers were laid for thirteen at one long table, beautifully decorated with Cecil Breuner roses, the sorority flower.

Those present were: Misses Clara A. Trotter, Elizabeth Richardson, Helen Anderson, Marie Prescott, Grace Morris, Hazel Edminston, Mrs. E. Lovely Harris, Florence McPhillamy, Edith Deuel, Cecil McCracken, Alice Willets, Letta Eastburn, Verna Hogg.

### Police Hold 50 Suspects

WINNIPEG, Can.—(AP)—Although more than 50 suspects have been questioned, the strangling slayer of a woman and girl over the week-end continued today to evade the combined efforts of the American and Canadian authorities to capture him.

With rewards totalling \$1500 offered by additional agencies have joined in the hunt for the killer of Emily Patterson and 14-year old Lola Cowan. The rewards call for the apprehension dead or alive. It is believed the work of the same man who terrorized Portland, Oya., last fall and committed similar crimes in other American cities.

### \$15,000 Loss By Explosion

CORVALLIS, ORE.—(AP)—An explosion in the chemical laboratory of the Oregon Agricultural college today caused a damage of \$15,000. The fire was quickly extinguished by the local fire department.

The loss was due mainly to water soaking through all of the floors. B. E. Lauer was in the room experimenting with cedar oil and turpentine when the explosion occurred in the other end of the room, cutting him off from the stairway as the whole room was soon a mass of flames. He escaped by the fire escape. Considerable excitement was caused among the state grangers who were meeting in an adjoining building.

#### WHEN AN ACHING BACK TORTURES

Watch your kidneys — when they are affected, elimination is not normal—too scanty and burning—or too frequent and troublesome. Men and women everywhere are using and recommending Foley Pills diuretic to regulate kidney elimination, and to free the system of lurking poisons that cause backaches, rheumatic pains, stiff and swollen joints, tormenting lumbago. The medicinal qualities of Foley Pills diuretic are valued so highly that they are guaranteed to give satisfaction. Ask for them. Sold everywhere.—No. 3.

### DOT FACES JURY SOON

#### Emotional Actress Will Be Tried Alone, Judge Rules

LOS ANGELES, June 14.—(AP)—Dorothy Mackaye, emotional actress, charged with attempting to "cover up" facts surrounding the death of her actor-husband, Ray Raymond, will face trial alone Thursday morning.

At a brief hearing Monday, Superior Judge Burnell ruled that evidence against the actress might unfairly prejudice a jury against Dr. Walter J. Sullivan, Hollywood physician, indicted with Miss Mackaye, and granted Sullivan's plan for a separate trial.

### Woman Judge Talks Divorce

SALT LAKE CITY, Utah, June 14.—(AP)—Judge Mary Jane Spurlin, the only woman judge in Oregon, believes that national regulation of marriages and divorces will tend to smooth out tangles in marital relations.

Here for the fifth convention of the Utah Federation of Business and Professional women's clubs, Judge Spurlin defended elevation of women to judgeships and gave out a few ideas regarding women in public life.

"The time has come when women are taking their places alongside of men and when I took my place on the bench I was determined that a woman would receive the same consideration as that accorded a man defendant," she said.

It was revealed that the first case to confront Judge Spurlin was that of a woman bootlegger, who promptly was sent to jail.

The judge thinks that unwise and hasty marriages would be discouraged if a national marriage and divorce law were adopted.

### DIE DISAPPEARING ACT

LOS ANGELES, June 14.—(AP)—College girl waists were squeezed into 23-inch waistbands and collegiate bobs were buried in three-foot merry widow hats on the University of Southern California campus here during one of the strangest fashion shows ever held.

Twenty co-eds, exhibiting styles from 1850 to 1927, appeared in the show, a feature of the Women's University club program. It was revealed that the girl of the nineteenth century required 30 or more yards of material for a dress, while the girl of today finds two yards sufficient.

Who remembers the old days when every town had a section which could be identified as the silk stocking ward?—St. Helena Mist.

### BELLEVUE NOTES

Mr. W. G. Tucker Phone 2F14

The delegates from the girls sewing club, who are Carol Jones and Dorothy Smith and Bob Smith from the Rabbit and Garden club, left Sunday morning for the summer session at Corvallis.

The boys and girls have worked hard for this reward of merit and its final achievement is certainly worthy of the effort. Last Thursday night the girls gave a hot supper at the Community House along with their program and sewing exhibit and cleared sixteen dollars. Bob sold ice cream which his mother had made and cleared over four dollars—so with what they have made on previous occasions, there was enough to cover all expenses for the three for the two weeks, they will be guests of the college. It is a worth-while experience and well worth the effort of any child to struggle for its attainment.

Mrs. Earl Smith is the successful leader of the girls club, and Richard Joy of the boys clubs.

The Seniors of the Normal gave an interesting party at the Bellevue club last Wednesday night. Dancing and cards comprised the form of entertainment, and the normal faculty acting in the capacity of chaperones were the guests of the class. A very fine evening is reported by them all.

The meeting of the Upper Valley Community Club at the club house last Wednesday afternoon was well attended and the women present learned a great deal about reed-basketry from their able instructors, Miss Alice Hanley and her niece, Miss Claire Hanley of Medford and Mrs. Alming of the Coleman Creek club. The women of the club are glad to extend their thanks to these women for their aid, also for the bunches of reed they left the club, for the members to finish their baskets already started. Mrs. W. D. Jackson was re-elected president, Mrs. Mark True, vice president and Mrs. W. G. Tucker secretary-treasurer for the coming year.

Mr. and Mrs. C. Story of Medford, were guests of Mr. and Mrs. Carl Gotsche for lunch one day last week.

Mr. and Mrs. Lawrence Fudge and baby daughter of Tacoma are visiting with Mr. and Mrs. Thom Merriman and daughters of this district, and with Mr. and Mrs. Harry Nordwick of Medford. Mrs. Fudge is a sister of Mrs. Merriman and Mrs. Nordwick. On last Wednesday a dinner was given by Mrs. Nordwick for the families followed by a theatre party—the occasion being in honor of Mrs. Merriman's natal day, which occurred on Wednesday. The Fudge family are returning to their home this week.

Miss Mary Baynton who has been visiting her cousins here, left Saturday for Gearhart to attend the library convention at

that place. She will also attend a convention in Tacoma, and take several fine trips on the side before returning to her work as librarian at the library of Santa Paula, Cal. Needless to say, Miss Boynton was glad to get back here again, and is wild about Oregon. Mr. and Mrs. Earl Brown were visitors at the home of Earl's parents, Mr. and Mrs. A. A. Brown last week.

Mr. and Mrs. Fred Homes and Mr. and Mrs. A. E. Joy were among those most actively interested in the home-coming and great reunion of the old Normal students with those of the new, at the Old Normal campus last Saturday. Fred is president of the old normal alumni and Mr. Joy was chairman of the publicity committee.

The warm weather and last few days without rain, is causing the farmers to go ahead at capacity, with their putting up of the immense hay crops this summer.

The party given at the club last Friday night was a success in a small way. The committee talked some of discontinuing them for the summer, but as a little made is better than standing still, on second thought they are going ahead and there will be another of our regular modern dances on next Friday night, June 17th. Remember the date.

### COLLEGE PLAY IS PRESENTED WITH SUCCESS

(Continued from Page 1)

As the dignified, but kind old peacemaker who attempts to ease the hatred in the heart of old Carteret, and bring happiness to Kenneth and Kathleen, Warren Doremus was well cast. Margaret Turner, as Kathleen, the gentle niece, who loved her uncle and her sweetheart, played her part with a dignity and gentleness and artistic interpretation which left nothing to be desired. Joseph Mercer, was cast in the difficult

role of Jeremiah Wayne, a not so lovable character, and played the part with professional interpretation.

The difficult shadowy characterization of Moonveen, sweetheart of old Carteret was played by Isabelle Murry with grace and charm.

John Churchman played the part of Kenneth Wayne, the manly, devoted sweetheart of Kathleen, unable to understand her uncle's attitude.

Comedy was furnished by Willie Aindy, and Jessie Nell Evans as Ellen. This clever comedy play throughout the three acts was presented with such professional abandon, that the intense drama of the scene was suitably relieved.

The part of Mary, sister of Kathleen, was well interpreted by Eileen Gamwell.

Others who took part in the second act of the play, the wedding scene, interpreted as told by old Carteret to his niece in

refusing to permit her marriage to young Wayne, were Ann Feder, Ruth Altken, Suzanne Jenking, Albie Beck and Robert Wright.

All of the scenery for the play was made by students of the normal school under the direction of Miss Clara Will, chairman of the scenery committee, assisted by John Churchman and John Gale.

NEW YORK—Styles in wax dummies have changed. Mr. Dummy, in some instances, will be baldheaded with a bit of a waistline like any middle-aged, successful businessman. Debutante dummies are to have tinted cheeks, and ears peeping out from beneath bobbed hair of the latest modes. Their animated postures will make them appear intensely alive.

**"We Pledge Allegiance"**

Renewing one's pledge of fidelity occasionally has a healthy effect upon all of us, and Flag Day offers a special occasion for this ceremony.

Pledges, however, to be really effective, must be lived as well as made and repeated. Every day we endeavor to renew, and to live, the pledge of service which the founders of Ashland's first bank expressed when they placed their confidence in this section through their association with it.

Their names are written in the story of Ashland's development and progress—and the pledge we make is that the name of this bank shall always be associated with that progress.

## Distinctive New Dodge Brothers Six Cylinder Sedan Introduced To-Day

Dodge Brothers new six cylinder four-door sedan, the introduction of which marks one of the most important events in the company's history, is shown above. The car is distinctive in its long, low, graceful lines. It is powered by Dodge Brothers the last word in comfort and performance for cars in or near its price class. Beauty of design, exceptional performance, style and comfort of interior appointments, and ease and economy of operation are its attributes.

To the right of the oval is shown the new six cylinder motor, said by persons who have studied its performance to be unequalled in smoothness of operation by no car, regardless of price. One of the most impressive features of this motor is the extremely heavy crankshaft and unusually large bearing area. The crankshaft is machined all over and weighs 125 pounds. Its rigidity combined with the extra large bearing area, results in the extreme smoothness with which the motor performs at every speed.

To the right of the motor is pictured the roomy front seat. Ample leg room for the driver is provided with the shift lever, parking brake lever and dash controls are within easy reach.

Pictured in the lower left corner is the simple operating mechanism of the Lockheed four-wheel, automatic locking, hydraulically operated brakes. The hydraulic system is automatically replenished and requires no attention once a season.

The steering wheel and arrangement of instruments on the dash is shown in the lower right corner.
