Auto Mishap Investigated

CAMP CLATSOP, Ore., June 22—(LP)—An investigation was under way here today to place blame for an auto accident which occurred near here last night and endangered the lives of distinguished personages riding in the official automobile of General George A. White.

A large automobile, occupied by four men, crashed into the White car last night and damaged it. General and Mrs. Hunter Liggett, Mrs. I. L. Patterson, wife of the governor, and Mrs. White were in the White machine. None were injured.

General White, then at headquarters, was notified and questioned the driver of the other car. Three of the men were released at once but the driver, who is said to have been drinking, was held.

The party had been guests of General White at his mess and during the evening had been serenaded by bands of the Oregon state troops now in annual encampment.

BOARD TALKS COUNTY UNIT

Advices Ashland Folks To Refrain From Voting On Measure

Members of the Ashland city school board Tuesday evening passed the following resolution in regard to the county unit measure, which comes before the voters June 28. Members of the board are: J. H. McGee, V. O. N. Smith, W. H. McNair and G. H. Billings. "Whereas, The County Unit measure which comes up in the special election of June 28th does not in any way affect the taxes or administration of the Ashland school district, but is a question which should be decided by the people in the outside districts and by them alone;

"The school board of District No. 5 would therefore recommend that the people of Ashland refrain from voting either "yes" or "no" on the County Unit measure."

STATE RESTS AGAINST DOT

Paul Kelly Testifies At Trial Of His Former Sweetheart

LOS ANGELES, June 22—(LP)—Shortly after Paul Kelly came from behind prison bars late Tuesday to defend his former sweetheart, Dorothy Mackaye, on trial charged with concealing the manner of the death of her husband, Ray Raymond, the state rested its case against the emotional actress.

Conclusion of the prosecution evidence came suddenly after Kelly was called and when the testimony of Miss Mackaye at the Kelly trial was read into the record.

WATER SHED IS PROTECTED

New Fence To Be Built To Keep Cattle Off Range

The city water shed on Mt. Ashland is to be fenced in and patrolled during the summer months in order that straying cattle will not wander over the place and pollute the city water supply, according to action taken last night.

City Water Superintendent Earl Hoelzer, Tuesday evening reported to city councilmen regarding a recent investigation he made of the situation.

Many of the posts were rotted off and much of the fence was down, wires broken and fastened made by the cattlemen who pasture the range, was for the fence to be moved in order that more pasture land might be open, but Hoelzer said he believed that repairing and replacing the fence where it stands at the present time was the advisable action to be taken. It is expected that the paroling the fence will be necessary during the summer months.

Acting on this recommendation, councilmen authorized Hoelzer to see to the supervising and building of the fence.

The fence is to be constructed from Wagner Butte to Ashland Butte to keep cattle from the Applegate country from coming onto the water shed.

Work on the fence will start immediately on the south end. Much of the fence is still covered with snow drifts, Hoelzer said and will not be available for pasture lands until late in the season.

Prison Farm Men Escape

HOUSTON, Texas, June 22—Four hundred posmen including three hundred citizens and one hundred officers, using blood hounds, searching for 32 escaped convicts, who last night executed a break from the Ferguson prison farm at Midway. Only three of the 35 who escaped by sawing steel bars away, were captured at noon today.

HOSPITAL IS BUSY PLACE

Big Volume Of Business Done Superintendent Tells Councilmen

Ashland Community hospital has done a considerable volume of business in the last 18 months according to Miss Jean Aitchison, hospital superintendent, who Tuesday evening filed with councilmen her semiannual report.

From January 23 to June 1, deposits amounted to \$4,620.42, and there is in balance at the present time, \$678.07, she reported. There are no outstanding bills against the institution, but there is still a balance of \$2,200 owed to the hospital.

The complete report of deposits, expenses and balance for 1922 was also given by Miss Aitchison, at this time, the report for the 18 months being the period which she has been in charge. Deposits for 1922 amounted to \$10,313.73. Expenses totalled \$9,581.50. The balance amounted to \$732.23.

Replacement work done at the hospital included the purchase of a new electric range costing \$385; a gas burner costing \$35, with allowances on old stoves amounting to \$75. A new washing machine was installed costing \$165. Linoleum costing \$125 was placed in the corridors replacing the carpets. Linen replacement, including sheets, pillow slips and towels, amounting to \$350. The total amount of replacement costs for the year being \$855.

The hospital has a capacity of 25, and during the summer months is frequently filled to its capacity, Miss Aitchison said. There are seven persons employed at the hospital at all times, four graduate nurses for day duty and one graduate nurse on night duty at all times.

STORMS RAGE ON ATLANTIC

Start Of Byrd And Party Again Postponed Because Of Elements

ROOSEVELT FIELD, NEW YORK, June 22—(LP)—Two storms—one of them raging between the Grand banks and Nantucket, and the other gathering for an ocean jaunt over the Mississippi valley—are delaying the trans-Atlantic take-off of the trimotored Fokker America.

Commander Richard E. Byrd's hopes to get into the air Tuesday night were dashed. He announced definite postponement of the take-off until Wednesday night or Thursday morning.

So sure had Byrd been that the beginning of the flight to Paris was near that he announced the name of the fourth man for the expedition. He is to be Bert Balchen, a Norwegian flyer who has just taken out his first naturalization papers.

JURORS GIVE YOUTH LIFE SENTENCE FOR CRIME

(Continued From Page One)

The spectators fled out of the study courtroom.

In the jail, Hugh D'Autremont had his usual evening meal and seemed to have regained his normal composure.

Sheriff Jennings stepped forward and touched Hugh on the shoulder as he still stood following the reading of the verdict. He wheeled suddenly, moved away from his father and mother, followed by the sheriff.

"What do you think of the verdict, Hugh?" asked a press representative as he was returning to the jail.

"I guess I'm not supposed to think" he responded bitterly, the first words he had spoken since learning of his fate.

Hugh will probably be taken to Salem Friday afternoon or Saturday when Roy and Ray are taken back to Portland to be held in the Multnomah county jail until their trial which will be held in September or October.

After receiving the verdict from the jury, Judge Thomas expressed his appreciation to them, and the appreciation of all attorneys for the service they had performed.

HISTORY OF CASE

Home Hints

The strawberry is a fruit which is native to both the new and old worlds.

Those grown in the United States are chiefly hybrids developed from the large milk flavored Chile strawberry for the Pacific Coast Region of South America. The strawberry may be grown successfully in every state of the United States, tho' Tennessee, Arkansas and California are the leading states. The season in the United States last from early May to late October.

Excepting the few people who cannot eat strawberries, there is no other fruit on the market which is enjoyed more. After a winter of canned fruit, oranges, bananas, and grapefruit, the early appearance of these rich looking red berries is hailed with joy. As first they are a bit expensive, but they are so highly flavored that they make very tasty dishes when mixed with other fruits. They easily make a new dish when

Good-bye, sore feet, burning feet, swollen feet, sweaty feet, smelly feet, tired feet.

Good-bye corns, calluses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" draws out all the poisonous germs which pull at your feet. The "Tiz" dries up your feet. It's a relief. A few cents buys a box of "Tiz" now at any drug or department store. Don't waste five good feet, just buy a box of "Tiz" now. A year's worth of comfort, relief and money returned.

mixed with some of the all year round fruits of which we have become tired.

Care should be taken in choosing the berries so that they will be neither too green nor too ripe. The early ones are shipped to us, so are often bruised. When the berry ripens very much, the bruised spot spots, making the berry have an undesirable flavor.

To prepare the berries for table use, they should be placed in a colander before the stems are removed, then dipped in cold water. By doing this the dirt and sand is removed and the flavor is not.
