

### BELVIEW NOTES

Mrs. W. G. Tucker  
Phone 2714

Dr. and Mrs. C. W. Hanson, son Wade and Russel Brown of Ashland, Mr. and Mrs. Mark True of Bellview and niece Mildred Gregory of Central Point, made up a party which left Saturday morning for Diamond Lake where they hunted and fished and swam, and after two days, returning Sunday night to their homes here. They report a wonderful time and a perfect trip.

A fire which might have proved disastrous, but which amounted to very little in the damage done, started in the edge of the Chappas place-out on Smigrant Creek near the dam, Tuesday evening. It ran up a gulch, burning a little hay and a few bundles of grain before it was discovered. Men gathered from every where about, until there was force enough to fight a large fire, and found but little to do. The spirit of willingness to aid was apparent, and evidenced by the fact of their presence on the scene in the middle of the night, when the call for help was sounded.

A party of vacationists from Great Falls, Montana, composed of E. E. VanWert, wife and little daughter Genevieve are staying in the Ashland camp for a few days before they continue their trip to Crater and Diamond lakes. They are waiting here, where they will be joined by Raymond A. Peabody, wife and daughter Rayola, and Dr. and Mrs. Cornwall and little girl, all of Wisconsin, who are touring the west. It will be remembered by some that Messrs. VanWert and Peabody spent a year or two in Ashland and vicinity a good many years ago, and they occasionally return here just to visit old friends and renew old haunts. These friends are visiting at the homes of W. G. Tucker and Fred Homes of this community, during their stay in this city.

The Ashland Golf Course is being well patronized these evenings, by many enthusiastic members. It is encouraging to the workers on the course, as well as the organization, to have keener interest shown.

A. W. Moon, of the Moon Lumber Co. returned from Sacramento, Thursday where he has been in the interest of the finished lumber product from their Bellview mills.

The dance at the Junction last night was another success. One more on the nineteenth it is reported will finish these summer dances given by the Neff Creek P. T. A. Let every one keep the

date in mind and give them the bumper crowd of the series on the 19th.

Mr. R. E. Newby returned from Portland Friday, where he had accompanied his father and mother, who have been visiting them here, on their return to their home in Idaho.

Mr. and Mrs. Young of Portland, cousins of the Newby family, are visiting here now, having come out from Portland yesterday. A big family picnic is being planned for Sunday by the Newby's in honor of their visiting friends.

### DRY LEADER HAS TROUBLE

#### Anti-Saloon League Head in Indiana Faces Charge of Contempt of Court

INDIANAPOLIS, Ind., Aug. 6. (AP)—Dr. E. S. Shumaker, superintendent of the Indiana Anti-Saloon League for 25 years, was held guilty of contempt by the Indiana Supreme Court today for criticizing its ruling on prohibition cases almost two years ago.

The opinion of the court was divided three to two. Justice Willard B. Gemmill of Marion, and Justice Clarence M. Martin of Indianapolis, dissented.

The Tribunal held that Dr. Shumaker was guilty of intimidating its members at the polls.

Jesse E. Martin, attorney for the league, also was held in contempt, but Ethan E. Miles, another attorney, was found not guilty. Immediate arrest of Dr. Shumaker was ordered.

### Fight Hopper Pest For 1928

Steps to destroy egg beds of grasshoppers are to be taken in the Tule Lake region in Klamath county, to avoid another occurrence of the pestilence.

The hoppers, now full grown are wrecking considerable damage to the ripening fields of grain in the Tule district and already the ranchers are planning to fight the 1928 "crop."

Poison has not proved to be effective, but the continual "plowing under" and cultivating of hatching beds is advised by the agricultural agent.

AT M. E. CHURCH

Miss Marie Church, who has been a missionary in Korea for more than 16 years will speak at the M. E. church Sunday evening at 8 o'clock. Miss Church is an interesting speaker and a fine representative of Oregon's best womanhood.

### THE WHISPERING OF THE SAND

Out where the waves are dashing free,  
Under a silver moon;  
Out where the voices of the sea,  
Gently murmur and croon

A voice is calling me tonight,  
It comes o'er sea and land;  
So faintly clear in the twilight;  
The whisper of the sand.

It tells of maidens dusky eyed  
That once were wont to roam  
And watch the coming of the tide  
Ere white man called this home.

And other bards and other men,  
From many distant lands,  
Will walk these trails and hear  
again:

The whisper of the sands  
Harriet M. Gill,  
Prineville, Ore.

### New Sandwich Discovered

Impossible as it may seem in this age of progress, a new kind of sandwich has been discovered. It's the Alvarado and is guaranteed by Miss Farmer's School of Cookery, where it was first produced to perform all the functions of the old fashioned club sandwich and oven more. Miss Alice Bradley, principal of the school, discloses the secret of the new discovery for the first time in the Woman's Home Companion. This is it:

For each person, make a nest of lettuce leaves on a serving platter and place a slice of fresh toast, buttered on one side, upon the lettuce. Place a hot fried egg and two slices of crisp bacon upon the toast. Cover with a slice of white meat of chicken and with three slices of tomato, cover all with a second slice of toast and garnish with a dill pickle laid crosswise on the toast.

### Home Hints

Acid Essential in Jelly Making

Acid is one of the essentials necessary in making good jelly. If the fruit juice to be used, tastes about as sour as a tart apple the acid is sufficient for jelly making, but should there not be enough acid present in the fruit there are several ways in which it may be added. Any citrus fruit juice, especially lemon juice, is very desirable. Other fruit juices such as rhubarb, pineapple, sour apple and crab apple may be added.

By having the proper proportion of pectin, sugar and acid very

### P. E. O. Hold Annual Picnic

The P. E. O. Sisterhood of this city enjoyed their annual picnic Thursday afternoon, August 4, in Lithia park, the occasion being held at this time in honor of Miss Minnie Poley, who left yesterday morning for Oakland, California, where she teaches in one of the high schools. Miss Poley spent her summer vacation in this city visiting her mother, Mrs. Josephine Poley and sister, Miss Eva Poley on Vista street.

Luncheon was served in the park at one o'clock to approximately fifteen ladies, after which several hours were spent in social conversation. No business session was conducted at this meeting.

### WHY SO PERCENT ARE STILL SUFFERING

It is a glorious thing to awake with a lively, healthy, energetic body. It is a misery to drag an aching, tired, weary body from a restless, sleepless bed. W. K. Holland, Harlingen, Texas, thus: "I bet that 90 per cent of those suffering from kidney irregularities never take anything for kidney regulation until it is too late, whereas Poley Pills disarticulate would be a god-send to them, as they have been to me." A reliable, valuable medicine, constantly in use over 25 years. Ask for Poley Pills, diuretic. Sold everywhere.—No. 4.

### Beautiful Wedding Solemnized

A beautiful wedding was solemnized at the Episcopal church in Medford Thursday morning, August 4, at 10:30 o'clock, when Miss Virginia Smith became the bride of Mr. F. Wilson Waite. The ceremony was performed by Reverend William B. Hamilton before a large congregation of friends and relatives of the bride and groom.

Following the ceremony the bridal party attended a luncheon at the home of the bride at O'Connell Court. The couple left Thursday evening for the coast on a short honeymoon, after which they will return to Medford and make their home on Vancouver avenue.

Mrs. Waite has been an instructor in home economics in the Medford high school since her graduation from the University of Oregon at Eugene. She is affiliated with the Pi Beta Phi national sorority. Mr. Waite is associated with the Medford Auto company and is a former O. A. C. man.

### Miss Marie Hanson and Father Entertained

Miss Marie Hanson and her father recently entertained a group of friends who reside at the Butler apartments on Granite street, where they have also been making their home for the past few weeks, while Miss Hanson has been conducting a class during the summer session at the Southern Oregon Normal school, with a pleasant party on the spacious lawn in front of the building.

Music was the most important feature of the evening's diversion, with conversation also taking its part. Tasty refreshments were served to the following named people: Dr. and Mrs. W. J. Crandall, Mr. and Mrs. Bob Collier, Mr. and Mrs. E. N. Butler, Mr. and Mrs. G. E. Schroeder, Mrs. Frank Frazer and the Misses Vera Blusson, Fosma Kenney and Mary Ruth Miller.

### Peace Bridge to Canada Ready for Dedication

The new peace bridge connecting Buffalo, N. Y., and Fort Erie, Canada, has been completed and is to be dedicated Aug. 9. Below are (left to right) the Prince of Wales, Vice President Dawes, Secretary of State Kellogg and Premier Stanley Baldwin, who will assist in the ceremony. The bridge is to commemorate the 100 years of peace between the United States and Canada and serve as a reminder that there are no fortifications on either side of the border from coast to coast.

### edible jelly can be made using any fruit juice to flavor.

#### Use Level Measurements

In order that there may be uniformity in measuring the different ingredients used in cooking, food experts are using level measurements when devising and testing recipes. It is quite essential that housewives get the habit of using level measurements if they have the best results with their products. Just try leveling off the cup, teaspoon, or tablespoon with a spatula or a knife. It requires so very little extra time, yet assures a better, more uniform product.

### Medford Gets Artisan Meet

Medford was named as the commission city of the United Artisans in 1922, at the annual convention being held in Seattle this week.

This will mean 3,000 members of the organization will visit the city. The 20th team of the Medford Lodge was sent to the Seattle convention.

### BEARS GET "TABLE"

Yosemite, Cal., Aug. 6. (AP)—Bears in Yosemite National Park are nibbling for the opening night of their special dining room in front of a grand stand which promises to be filled with spectators.

The premier has been postponed for a short time, according to "Slim" Yeager, the bear feeding man. Because the animals refused to appear on the feeding platform with the lights turned on. As soon as the bears are accustomed to the new eating place, their table will be illuminated and visitors invited.

### GENERAL WOOD ILL

### The Forward Look

TOMORROW'S telephone requirements must be foreseen today; the service of the future must be provided for in the present.

In the America of tomorrow new industries will develop, trade will increase, residential sections will replace the vacant areas of today. There must be new telephone buildings and switchboards; millions of miles of new wire and cable; yet a larger army of men and women to build and operate the ever increasing facilities; more and more trained executives to manage and direct.

It costs about \$385,000,000 a year to keep ahead of America's demand for telephone service. If this vast sum is to be spent wisely and efficiently, future demands must be forecasted with as much precision as is humanly possible so that materials, money, manpower will not be lacking when the need comes. Only through the forward look is the telephone kept ready to meet the growing demands of a growing nation.
