Trace Alphabet to Ancient Cave

In a cave in the Mount Scopus district of Biblical Egypt, Professors R. P. Blake (left) and Knapp Lake of the Harvard expedition found the famous Sebaste inscriptions now believed to be the missing link in the evolution of the Alphabet. Some scholars are of the opinion that the inscriptions contain a message written by Moses to the daughters of a Pharaoh. The professors are shown at the mouth of the cave where the inscriptions were found.

Your Boy and Your Girl with his parents. You notice on Monday night he talked show but gave it up to spend the evening reading. There are a couple of nights in a week that he would sleep and some home studying. At least he should get acquainted

(Continued From Page 61)

if he were my boy. "spend the evening reading."

Has he a set of tools? Has he made a radio set? If so, he is trying to improve it? Is he a collector of anything which seems arranging in the evening. Does his father lay down his paper to talk with his son?

Now there is this compilation for you: Each place the boy goes is a good place. Certainly one cannot find fault with going to Sunday School, the Y. M. C. A., the Boy Scout and decent pictures. But when is he going to get acquainted with his home and his parents? What will he do when he gets married? You see, Mother, he is getting jazy. Home to him is a place to come to when everything else in town is shut up. It is a sort of boarding house. Or as you put it, it is a three ring circus in which he is becoming the ring master and you and father are dancing to his whip.

Sit tight is right, but sit tight in a home that gives the boy a chance to release his energy. Your letter forces me to finish up a study which I have been making the past year of "Things which Boys and Girls Can Make At Home." I have been studying books on this subject and getting up a suitable list of which outlines home activities for boys and girls. It is only partly done, but your letter and three similar to it in the same mail means I must speed up.

OUR CONVERSATION CONTINUES

Please, Doctor, write letters to my two children who are twins. I want the boy to know the kind of boys girls like and I want the girl to know the kind of girls boys like. They are sixteen and are looking at the opposite sex.

Endeavoring Mother.

ANSWER—That is a splendid idea to have your children hear directly from my boy and girl correspondents just the type of boys and girls who are admired. If any other boy or girl wants either of these slips they should enclose a stamped envelope addressed to themselves together with this clipping.

ABSRD

What is your opinion of that dance called "The Black Bottom." Young Girl

ANSWER—It reminds me of a story which I saw in a London paper:

Dot: "What! You say that a fellow choked a woman to death in a well-lighted cabaret in front of a 150 people? Didn't anybody interfere?"

Carrie: "No; everybody thought they were dancing."

AN IDOL SHATTERED

I view with great alarm the decadence of our public schools. What has become of the old days when we were taught spelling, reading, and arithmetic? Look at the fads these days.

Pessimist.

ANSWER: You old fellows may have turned out well from your little red school house (painted white), and you may have had spelling bees, mental arithmetic, the dunce's cap, and the strap, but you certainly could not spell, read or figure well. The idea that our grandparents were skilled in these arts is a myth. More people can spell, read and figure correctly today than ever before.

ARE YOU a TOXIC

A Gripping of the Heart

A sudden gripping of the heart, then feeling that it has stopped completely—that's a serious sign. Many people today suffer heart trouble as a result of system-poisoning. It comes from our abnormal living habits which put too great a strain upon the "purification" organ, the liver. The liver becoming sluggish and congested fails to cleanse the blood of poisons formed in foot waste. The whole system then becomes toxic, with stomach, kidneys, heart and blood vessels affected. The liver, especially at middle life, needs a little help and there's nothing better for this, as physicians today know, than a little ox gall. Ox gall is a great natural stimulant for the human liver, promoting its normal active functioning, so essential to health and vitality. Dioxol tablets are genuine ox gall in dainty and tasteless form, each tablet representing 10 drops of pure ox gall. They cost less than 2c each at good druggists, and one or two days' use will prove itself. To be sure of getting the genuine ox gall, be sure of getting Dioxol.
