HAVE you never bent over a tidy red tin and caught that marvelous P.A. fragrance? Only a great tobacco could smell as good as that. You prove how good it is on the very first fire-up. What a taste, Men!

Cool as an immigration-officer. Sweet as getting in. Mild and mellow as you expect a smoke to be, yet with that full-bodied flavor. that makes every puff a pleasant experience. I wish I could put the saste right on your tongne, but you'll have to do that.

P.A. in a pipe is cool and long-burning, right to the bottom of the bowl. This one brand is bought by more men than any other

tobacco in the world. There's only one way to account for that-P. A.'s quality!

The sooner you get started, the better. A load of P.A. in the bowl of your pipe will be a load off your mind. And I don't mean that for any wise-crack. No matter what your present program is, try Prince Alhest on the word of a friend. I'm telling you straight, you'll make no mistake.
