BANKING AND POLITICS DON'T MIX

Refusal of farmers to pay their post-dated checks and notes of \$15 each for two years dues in the North Dakota Non-Partisan League has caused the failure of the Scandinavian bank of Fargo.

UNDERWRITING PROFITS SMALL

Insurance like banking has been an industry about which the general public knew little. Both industries by combining the resources of the multitudes, make it possible to accommodate individual needs when occasion arises in a manner which would be impossible in any other way.

INCREASED PRODUCTION THE WORLD'S GREATEST NEED

Increased production is the paramount need of the world. Inadequate production is the basic cause of the high cost of living. Until world production is restored to normal, it is a question whether the standard of living can be as high as it was in the years before the war.

LET'S USE OUR BRAINS

The world today is upside down, and America is not the least of the countries floundering in the throes of internal disturbances. Each day sees an increase in the discord and unrest which prevails, but we of this community should not be drawn into the maelstrom.

FARMERS SIDE WITH EMPLOYERS

When it comes to promoting socialistic schemes for the "proletariat" the farmer jumps onto the side of the capitalist and employer. The bolshevistic program is based on getting the farmer into bed with the labor agitator and then there is a ripping of sheets.

ATTEND RED CROSS MEETING

A number of home service workers of the Red Cross organization of this city went down to Medford Tuesday afternoon to a meeting which was called there by the Jackson county chapter.

MASS MEETING AT MOOSE HALL

The mass meeting at Moose hall last night was well attended by laboring men of the city anxious to find a solution for the high cost of living. Mr. Gibson, of the State Exchange store at Portland, a co-operative enterprise, made an explanation of the methods of distribution and urged the organization of a co-operative store. He did not make it clear, however, whether he advocated a store of the kind for Ashland or was simply after the business of the laboring men for his Portland store, as he announced that the Portland store was doing a thriving mail order business.

John S. Bliss of 180 Harrison street, brought into the Daily Tidings office recently a clipping of great age from a Pike county, Missouri, newspaper giving an account of a sale bill that had been held in that county in 1846. Mr. Bliss says this clipping has been in his possession for thirty years or more, and the sale reads as follows:
