Mr. and Mrs. Nate Otterbein, Klamath Falls, visited with the latter's mother, Mrs. A. L. Harvey, today, stopping over on their way to Portland, where they expect to spend the winter.

One of the switchmen in the local Southern Pacific railroad yards did a stunt recently that lines him well up in the Carnegie hero medal class. An old lady at the station awaiting the arrival of a passenger train lost her bearings and wandered out among the tracks. Before she was aware a switch engine approached uncomfortably near, the arrival of which confused the woman so that she was stranded practically at its mercy. Crowds of bystanders on the platform shouted to the aged woman, which only tended to increase her confusion, when the switchman riding on the engine reached out from his seat, caught the bewildered woman by her shoulders and set her on her feet out of danger, and regained his place, all during the passing of the engine. This was only one of many of the little acts of heroism enacted in the lives of railroad men and regarded by them as a matter of course not worth mentioning.

The local railroad yards is in a badly congested state at this time. Each day sees anywhere from 250 to 300 cars in the yard, and the yard men are kept on the jump trying to render order out the chaos that reigns there with the advent of more freight. Mr. Kellum, the division trainmaster, has been in Ashland for the past two or three days trying to work out some release in the congestion, and the only outlook so far is the promise of several more engines which are to be sent up to relieve the work in the Ashland yards.

THE CITIZENS BANK OF ASHLAND. Put SAVING before SPENDING. It will put you ahead instead of behind. 4% ON SAVINGS DEPOSITS

Overland 4 advertisement. As It Is vs As It Seems. The Road - In New Overland 4 on Three-Point Cantilever Springs. YOU expect a bad road to ride as it looks. It did, until the introduction of the Overland 4 Springbase. Overland 4 does not change the road, but it does change the manner in which you can ride on it. This means an altogether new standard of riding comfort, a noteworthy reduction in the wear and tear which lessens the efficiency of a car. The new springs give longer life to every part and thus minimize upkeep and replacement costs. Tires wear longer because cushioned against hammering blows. Light weight means marked economy in gas, oil and running expense. Overland 4's equipment is complete from Auto-Lite Starting and Lighting to Demountable Rims. Come in and see this remarkable car. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo. OVERLAND GARAGE, E. E. Marcy, Prop. East Main and Third St. Tel. 195
