Inexpensive Relishes Make Any Meal More Appetizing

Dinner, luncheon and supper parties are much improved by the little extra touch in the way of accessories. Relishes (hors d'oeuvres) are attractive appetizers, lend an artistic touch even to a very plain meal.

Unlimited Combinations Possible in Preparing

Canapes are attractive and easy to prepare, and the combinations are almost unlimited. The foundation is always bread cut in fancy shapes and used either plain, toasted, sauted in butter or fried in deep fat.

Serve these canapes on small plates with dillies. Desert or rambles forks should accompany this course.

Several Combinations For Canapes Proffered

A few canape combinations are as follows: Bone and mash sardines, season with lemon juice and Worcestershire sauce. Cut bread in triangle shapes, toast or saute and spread with the sardine mixture.

For District Attorney Believing that my successful management of the office of District Attorney has shown me thoroughly qualified, and that I can serve the people of Jackson County in that capacity best, I announce my candidacy for re-nomination on the Republican ticket at the May primaries.

For Sheriff I hereby announce myself as a candidate for the office of Sheriff of Jackson County, at the May primaries. Several years' experience in this line of work, including last six months of 1919 in the tax collection department, thoroughly qualifies me to administer the duties of

the office in an efficient manner. JOHN B. WIMER.

I hereby announce my candidacy for re-nomination for the office of Sheriff on the Republican ticket, subject to the May primaries. I feel that my record as a public official during the first term entitles me to re-nomination and re-election. C. E. TRERRILL.

For Assessor I hereby announce my candidacy for the nomination for the office of County Assessor of Jackson County, subject to the wishes of the voters of the Republican party at the primary election of May 21st. J. B. COLEMAN.

School Superintendent I hereby announce myself a candidate for nomination for County School Superintendent on the Republican ticket. G. W. GODWARD.

County Superintendent I hereby announce myself as candidate for County School Superintendent on the republican ticket at the primary election, May 21st. I am for education, and for giving the rural schools the very best advantages possible, for employing as far as possible the teachers from our own state schools, and for paying adequate salaries. I favor more Normal schools for Oregon. A. J. HANBY.

County School Superintendent I hereby announce myself as a candidate seeking nomination by the Republican party for the office of county school superintendent. SUSANNE W. HOMES.

WE SHOULD HAVE BOUGHT IT!

That is what a housewife said to us when she called seeking a new home to move to after getting notice that their abiding place was sold. BUT IT IS NOT YET TOO LATE. Not All the Good Bargains Are Gone. Prices remain ridiculously low in many cases, as compared with other things. The tendency is toward a rise in prices of improved places. And none that have been recently purchased could be had except at a handsome advance. Not a day passes that we do not hear of an offer to "buy your bargain." This certainly WAKES UP THE PROCRUSTINIANS.

A VERY SIGNIFICANT FACT IS THAT THERE ARE MANY PLACES WITH GOOD IMPROVEMENTS OFFERED FOR BUT LITTLE MORE THAN ONE CAN BUY SIMILAR LAND WITH NO IMPROVEMENTS FOR. With building costs as they are and the demand for homes continuing, rents rising and population increasing, even a Wise Blind Man would not fail to see the present-GOLDEN OPPORTUNITY and take advantage of it.

HERE ARE SOME SPECIAL BARGAINS:

No. 44—Very good 4-room house, sewer connection, chicken house, garage; large lot, good level soil, near high school, one block from pavement. With a little "doling up" the place is a \$10 rental property. Price formerly \$700, now reduced and will take small payment down, balance easy payments at 6 per cent.

No. 56—Extra good 6-room house, stone foundation, cellar, bath, etc.; walls plastered, very complete arrangement of interior, chicken yards and buildings for garage and chickens; extra large lot with good garden spot and abundance of all kinds of fruit and flowers. Nicely located overlooking valley but level and easy of access. Price reduced from \$1800, away down; terms at that.

No. 228—10 acres splendid apple, peach and pear orchard, none better; fine location, mile from city on highway; all fenced; good income from fruit; splendid building site. Price reduced from \$2700 to real bargain price, \$2300; easy payments at that.

No. 20—An acre nicely located near Junior high school, easy of access, level and rich soil. Good house, modern improvements, good garage and wood house, concrete cellar, world's of fruit and flowers, cement walk, valued at \$3500, but will be sold away under that. Don't you want to look at it and get terms?

No. 107—Unusually fine home, six rooms, pantry, bath, etc., beautiful front, stone foundation, beautiful trees, south front, affording view of Ashland canyon and Mount Ashland; wood house, etc., at back door, good large barn and garage; extra large lot 200 feet deep, level rich soil; lot alone worth half the price will sell place for. Location one and one-half blocks from Main street, three blocks postoffice; valued at \$5000 by all builders and property owners who have examined it but the owner is non-resident and is going to SELL, at a discount of \$1500. Now, are you going to let this bargain get away from you?

No. 229—10 acres all fenced; good four-room plastered house, barn and chicken house; good well; some fruit; 5 acres alfalfa. A splendid little home reduced from \$2700 to \$2450; easy payments.

Our Customers Tell Us

THAT OUR IMPLEMENTS DO THE WORK THE WAY THE FARMER WANTS IT DONE.

And that's the best recommendation any farm implements can have. There is no substitute for the quality that assures good work—the kind that meets the practical farmer's approval.

Our plows pull light and handle easily, but it's the good seed bed-making quality of their bottoms that gives them leadership.

Our corn planters have an automatic marker and all of the other conveniences, but it is the accuracy of their drop—the precision with which they put the desired number of kernels in every hill—that makes users especially glad they bought at our store.

Our cultivators have more than the usual operating advantages, but it is the way they will work all of the soil between the rows that makes users call them the best.

You will find ability to do good work predominant in all our implements. They are built by a firm that puts good work first. We see that they are set up the way the manufacturer intended. We help you to understand their operation so that you can get the full advantage of their good working qualities.

Be sure of good work above everything else, when you buy your implements this year. Come in and let us show you our line.

HUBBARD BROTHERS

MEDFORD, OREGON

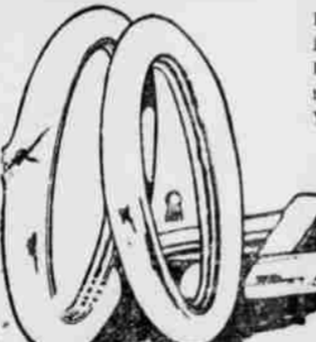

The Fordson

Being small, light and economical, the "FORDSON" Tractor is adapted for use on small farms, as well as on the largest. It will pull all farm implements and do the work generally done by horses on the farm. In addition, by its belt pulley the tractor will drive farm machinery, such as a threshing, hay baler, ensilage cutter, sawmill, etc., making the "FORDSON" a truly universal tractor.

In design and construction the "FORDSON" takes a long step in approaching the ideal tractor. The simplicity of its operation and construction will at once appeal to the farmer.
