HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild rose and bark, such as Doctor Pierce's Golden Medical Discovery.

discussed. Those present were: Dr. G. McCracken, H. G. Ender...

The directors of the Ashland Fruit and Produce association at a meeting held last evening decided to build an extension to their plant on the plot they secured last summer.

Owing to the cold weather prevalent this spring, the association had been undecided about building their extension, thinking that a poor fruit year would not warrant the addition to their plant at this time.

A full crew of workmen are busily engaged laying the 'hot stuff' on the Pacific highway extension which the Oskar Huber company is building south of Ashland.

In a recent letter from Miss Mary Young, who left Ashland last fall for Korea where she entered a mission school, she described very entertainingly Japan's New Year's celebration which she witnessed on her way to Korea.

"We were sailing at 1 p. m. Five minutes before the time, I overboard Miss Mass said she had just rescued her baggage which was put off by mistake, and she had happened to see it. Suspecting mine was off also, I flew, and sure enough, it was. I found the baggage man, not an officer's permit, and men to reload. Down the baggage plank we went, I to identify. A Japanese officer said I could not go back this way. I looked at him a second, hopped over the cable and was soon out of reach. No time to go around."

Miss Young stated that the sea was very beautiful on that New Year's day but that they were very glad to get their first sight of land with its rich coloring and great snow-capped peaks in the background.

Public Forum

A PROTEST AND AN APPEAL. Editor, Tidings: We look around us, and everywhere we see so much beauty and grace of form and color, sunshine and cloud and shadow, mountain and meadow, hill and dale, tree and field and flower and sparkling waterfall, a constant delight to the eye, an unobscured inspiration to the soul to follow nature, and be beautiful; but what is this poison that is polluting the air? It is the breath of the scandal-monger that most deadly of gases, generated in an unrighteous heart, flung forth by a malicious tongue; many unsuspecting victims who have been fighting steadily, hopefully the battle of life have been cruelly "gassed." Some may not in years recover from the injury, some perhaps may never entirely recover.

ment, in the hope that the funds would be quickly invested in such manner as to return large dividends.

The Tidings hopes that in the reorganization of the club every man's feels that the greatest responsibility of a club officer is to hang onto the funds he is left entirely off the new officer's roster.

THE COMMERCIAL CLUB DRIVE

Ashland is to be congratulated and the Commercial Club officers and local workers generally on the splendid success of the Commercial Club drive. The sum total will be a membership of about 520, about one hundred more than Menford secured in its recent drive, and a cash working budget of about \$5,000.

LESSON IN THE TREASURY. Never was there greater error. The quicker the funds can be expended in such manner as to bring back three dollars of value for every dollar so expended, the better—the sooner the city will feel its revivifying effect and become healthy and prosperous.
