The exceptional warmth of the water in Rogue river this year is keeping the fish from entering the river at Gold Beach, according to Claud Bardon, the local fisherman who has just returned from the mouth of the river, says the Grants Pass Courier. He also says there need be no fear of depletion of the fish in the river if the law is strictly enforced in the lower river, but that the difficulty is in enforcement, although a real attempt is being made. Many thousands of steel heads are reported to be lying in the river at the mouth of the streams, but refusing to come up Rogue river on account of the warmth. As soon as the stream cools one of the greatest runs of small steelheads and salmon ever experienced may be looked for, according to old timers on the river. Bardon has been at Gold Beach since June, returning by the trail and by West Fork.

PORTLAND—Work of grading and rocking the section of the Pacific highway between Myrtle Creek and Canyonville will be started this year. This work has been held up by the Riddle case, which was recently reversed by the supreme court. In this case the state highway commission was brought into court because it ran the highway on a straight course from Myrtle Creek to Canyonville instead of going to Riddle.

Judge Skipworth decided that the highway commission had no authority to make the short cut and held that the Pacific highway

ly interested in cattle in the Empire state in the eighties, and Mr. Bogel has held his large herds and land interests there all these years.

Miss Mildred Humphreys, who remained in Ashland with her sister since her parents moved to their new home near Roseburg, will join the latter today.

ODE TO THE FORD
By Robert D. Little
Little Flivver! Now I toast you,
Praise, betwixt, and ever boast you;
May none ever live to roast you
As you ramble down the trail.
May your number grow and flourish,
May your virtues never perish,
May you ever speed to nourish
Humans over hill and dale.
As I write this cheerful ditty,
Used by council and committee
In every hamlet, town and city,
From 'Frisco cross to Maine,
Witness of fond lovers' spoon
In the balmy nights of June,
Underneath the silvery moon,
In starlight and the rain.
Treasured by the common people;
Often quite mistaken people
Try to make you climb a steepie,
Yet you never kick or whine,
You, like Lincoln, ne'er reprove 'em,
Think perhaps the Lord must love 'em
'Cause he made so many of 'em—
Travelers over land and brine.
