80 Years Old Attributes Health to Internal Baths. Mr. D. C. Newcomb, 704 N. 4th Ave., Atchison, Kan., writes Tyrell's Hygienic Institute of New York as follows: "My next birthday is July 13th—80 years old. Have used Tyrell's 'J. B. L. Cascade' for more than 20 years. Best and only remedy that brings relief without the use of drugs. My experience proved that it always relieves. No danger from it. My ailments were principally Uric Acid, Biliousness, Constipation, etc."

This is by no means an exceptional letter for Tyrell's Hygienic Institute to receive, as there are now over half a million Americans using Dr. Tyrell's "J. B. L. Cascade" with like results. By the scientific use of Nature's cleanser—warm water—it eliminates all poisons and waste from the lower intestine and gives Nature a chance to work unhampered. You will be astonished at the difference in your feelings the morning after an internal bath.

The "J. B. L. Cascade" will be shown and explained to you by Poley's Drug Store, 17 E. Main street, who will also give you free on request, an interesting booklet by Dr. Chas. A. Tyrell, "Why Man of Today is Only 50% Efficient."

E. D. Briggs, of Briggs & Briggs, attorneys of this city, conducted the defense, and stated he was well pleased with the promptness with which the jury brought in their verdict of "not guilty," as he believed it was the only just conclusion at which they could arrive.

"Ford Forces Down Prices"

This newspaper headline extended across the front page of a Portland paper the week of September 23rd. Another Portland paper carried the headline across the entire front page, "FORD MOVES TO CURB PRICES." These announcements in display type headlines, indicate the news value of the probable effect of the new Ford prices upon many other commodities. This great reduction in Ford car prices may, directly or indirectly, help solve the High Cost of Living for you in the near future. With 146,005 orders on file for immediate delivery and millions of dollars worth of high priced raw material in stock, Ford prices are cut to the limit. This is no sale discount or price concession. It is a radical cut to a pre-war basis in the belief that this should be done universally at this time. The war started in 1914. All the new Ford prices are below the 1914-15 prices as the following comparison will prove:

Table with 3 columns: Model, Ford Price, Ford Price. Rows include CHASSIS, RUNABOUT, TOURING, SEDAN (with starter), COUPE (with starter).
