Plan Conference For Older Boys

The plans for the Older Boys Conference at Roseburg, to be held October 22-24, are progressing very rapidly.

WHY HURRY AND TAKE CHANCE OF DEATH?

A. J. McKay, a Southern Pacific locomotive engineer, discussing motorists who race with his train for a common crossing, is puzzled to know what all the hurry is about.

Most of the accidents at highway crossings are those in which the auto goes over with high speed.

COL. SARGENT GIVES REASONS FOR NOT MOVING COURT HOUSE

Despite the inclement weather Saturday evening a packed house assembled at the Lyric theatre to listen to the argument Col. H. H. Sargent of Jacksonville presented.

Whether or not his audience agreed with the colonel entirely in his arguments put forth, he held their attention throughout the entire evening and no one could but realize the matter from the colonel's viewpoint as he presented Jacksonville's claims in keeping the court house at its present site.

Touching upon the expense of moving the court house as one of the prime reasons for defeating the measure, Colonel Sargent said in part: "The law of Oregon provides that if the petition for the removal of the court house from Jacksonville to Medford carries at the coming election, then the county seat and the records, files, office furniture and all public property pertaining to the county offices shall be moved to Medford within 90 days."

"In a great emergency, where, for instance, a county court house had been totally destroyed by an earthquake or by fire, perhaps the use of a federal building might be temporarily permitted, but never could permission be obtained where a county has a good court house of its own only a few miles away.

"If we cannot build a court house in 90 days, even if you had the funds already provided, think what that means. A temporary vault would be necessary; where would you build it? Medford has not yet been selected a site. In the meantime, where would court be held? Mr. Neff said in his reply to me at the banquet of the Chamber of Commerce that the use of the federal building might perhaps be obtained. But the United States does not loan its federal buildings to counties.

"And there is another phase of the matter to which I wish to call attention, and that is, that if the measure passes, it necessarily carries with it the purchase of a site, unless in the meantime Medford has chosen on and decided it to the county. The reason for this is that the law is compulsory. The court house must be moved; and if moved there must, of course, be a place to put it. Hence it follows that if Medford does not give a site, the county must buy one. But it is doubtful whether Medford will give a site, since it would require a favorable vote of the people; and under present conditions, with such an enormous burden of taxation already resting on them—their bonded indebtedness is now \$1,042,000—they would be very reluctant to increase that burden.

Cox, Roosevelt Club Organized

The democrats of Ashland effected the organization of a Cox and Roosevelt club at city hall Saturday night. E. E. Phipps was elected president. John H. Dill was president. John O. Rigg secretary and W. H. McNair treasurer.

TALENT HUNTER FOUND AFTER BEING LOST FOUR DAYS

Word was received in Talent this forenoon that Frank Maness, who had been missing since last Thursday, had been located at Jack's Flat, in California, after being lost in the mountains of southwestern Oregon for the past four days.

"I just wish to say 'hurray' for Jackson county. Mighty glad to hear you are organizing County Y. M. C. A. work. I am sure you will never regret it."

Word, however, reached Talent this forenoon that Maness had wandered over the California border and had been located. The news reaching Talent was very meagre, and it could not be learned in what condition Maness reached safety nor the cause of his absence, but it is supposed he came lost and wandered through the forests until striking a settlement over the California line.

50 Years Ago

A young man who practiced medicine in a rural district became famous as a 'cure' called in consultation in many towns and cities because of his success in the treatment of disease.

For 50 years Dr. Pierce's Favorite Prescription has sold more largely throughout the United States than any other medicine of like character.

THE PRESENT COURT HOUSE is a substantial brick building surrounded by a lot of fine shade trees.
