# FASCINATION IN AIR FLIGHT

Various Reasons Advanced Why People Will Pay High Price for Short Trip Through Space.

Why do people fly?

Would you care for a spin in the air so much as to spend \$15 for a 20 minutes' flight? If so, what is your motive? Interviewing a half dozen commercial aviators along Miami's water front on this subject brought the following facts to light: About 60 per cent of all passengers carried on the short 20 minutes' sightseeing flights are women. According to aviators the types to whom scraping the clouds appeals

In speaking of the roads between here and Portland; Mr. MacKenzle states he considers them good all the way. The only rough road he struck was between Cottage Grove and Roseburg, and this can be nego tiated without difficulty.

When asked about the notorious Smith hill, which is the bug-bear of motorists during the winter, Mr. Mac-Kenzie said he came down that hill with ease. He states the mud is fast drying up, and that only one team is kept there now to haul cars up the hill, and many of these latter can make the hill without the aid of the team. If a persons can stick to the ruts, Mr. MacKenzle says, they can get over the hill all right. If they get out of them they are goners. Elsewhere, Mr. MacKenzie says the roads are dry and dusty.

## SWEETHEART SHOP" COMING TO PAGE

A novelty in musical comedy which is awaited with much interest is the "Sweetheart Shop" coming to the Page theatre, Medford, Tuesday, April 12th direct from four weeks at the Columbia theatre, San Fran cisco. This is the only musical comedy that has played four weeks in San Francisco dor five years.

Fresh from triumphs in New York. Chicago and Boston the Coast has welcomed this musical success. The entire original cast and chorus are announced.

The piece is full of novelty and urprises and it is said that the whole show is well described as "the speed limit of musical comedy." Edgar J. MacGregor, under whose direction the play is presented, has provided artistic stage settings and beautiful costuming, with rich 'display of gowns of the ultra-fashionable kind. The company presents to an unusual degree the charm of youth and boasts of an exceedingly pretty chorus.

The principals are Harry K. Morton, the acrobatic comedian; Esther Howard, whose success as a female funster has placed her in a class by terself; Helen Ford, Zella Russell, Roy Gordon, Daniel Healy, Marion Saki, Japanese premiere danseuse; Mary Harper, Clay Hill and Teddy Hudson.
