Would Be Auto Bandits Foiled In Attempted Theft

At 10:30 o'clock last night citizens near Oak and Main streets were aroused by the call of E. T. Staples, local real estate dealer, for police aid to apprehend automobile bandits who drove up behind his car, parked on Oak street, and attempted to steal a spare tire from the rear of Staples machine. The men had the tire in their car when observed by Mr. Staples who had retired for the night at his place on Oak street. Staples running from the house in his bare feet and scanty attire frightened the three men, who in making their escape were observed to be driving a Studebaker car, and attempted to obtain police aid. The bandits threw down the tire and speeding their machine so that it turned the corner of Oak and Main streets on two wheels, they made their escape. A tire on the machine driven by the would be tire thieves blew out, but the men refused to stop.

LIGHT CAR TAKES SOMERSAULT SPIN; LIQUOR IS BLAMED

As a finale to what Chief of Police Hatcher believes to have been a gay night party in which moonshine whiskey figured, a light car, driven by Daniel Ryan who is now in jail, overturned at two o'clock Sunday morning on the state highway about three miles from here between Ashland and Medford, seriously injuring Mrs. Fred Smyth and Joseph Hanley. Mrs. Smyth's twelve year old daughter, Gene, was badly bruised and cut about the face. Mrs. Smyth was deeply cut on the head and bruised. Hanley was badly bruised and unconscious for several hours. All three were rushed to the hospital here after being given first aid treatment at the home of L. Oortus, a farm house in front of which the accident occurred. The driver, Ryan, was only slightly bruised and is being held by the police to answer to a charge of driving an automobile while under the influence of liquor.

JOHN H. FULLER LISTED AMONG DELEGATES ATTENDING STATE CHAMBER OF COMMERCE CONFERENCE.

PORTLAND, Ore., June 9.—(Special).—The State of Oregon is on the right track at last in regard to land settlement, and the plan undertaken this summer for bringing settlers from the middle west, it followed as a consistent policy for a number of years, will bring Oregon up to her rightful place in rural population and development, according to C. C. Oignoux of Omaha, assistant supervisor of agriculture of the Union Pacific system, in an address before the Oregon state Chamber of Commerce land settlement conference.

The conference of representative business men and commercial club secretaries was called to perfect arrangements for the reception and entertainment of the first trainload of settlers who will arrive in Oregon from the middle west on July 21st, and to formulate plans for a continued land settlement policy for the future.

"Oregon has been a step or two behind the parade in the past in regard to land settlement," declared Genoux in pledging the unqualified support of the Union Pacific system to the present plan. "Heretofore, there has been no organized plan for bringing settlers to the state, or to take care of them after their arrival. You are on the right track at last, and your success is certain."

William Hanley, a director of the state chamber, who has just returned from the middle west, declared that the middle westerners are ready to move and are interested in Oregon. An increasingly large number of these substantial farmers can be brought to Oregon each succeeding year, he said.

Secretary Quayle's report of the progress made in the land settlement plan thus far was received with enthusiasm by the assembled delegates. It was pointed out that a great interest in the home-seekers' excursion to Oregon in July was being manifested throughout the middle west. More than 1,000 inquiries had been answered thus far, according to the report.

The fullest cooperation in the land settlement plans of the state chamber was pledged by the delegates from various parts of the state who were present at the conference. These delegates included: Charles Hall, Klamath Falls; Leslie Butler, Hood River; George W. Hyatt, Enterprise; W. P. O'Brien, Astoria; Thomas B. Kay, T. E. McCroskey and A. C. Bohmstedt, of Salem; E. E. Brodie, Oregon City; R. H. Jones, Beaverton; John Henderson, Opal City; Harry W. Gard, Madras; J. H. Fuller, Ashland; W. A. Reid, Harshfield; H. A. Joslin, Dallas; M. D. Morgan, Harristburg; R. L. Schae, Prineville; W. E. Meacham, Baker; L. Anties, Bend; Gordon J. Taylor, Molalla; Paul Robinson, Aurora; Alfred A. Aya, Roy T. Bishop, Wm. McMurray, N. Carpenter, John Ferguson, Ralph Uckley, George L. Hard, W. I. Griffith, F. M. Rummel, Mrs. Winnie Braden, Wm. H. Crawford and A. R. Johnson.

A motion for a new trial was made in behalf of the pair by their attorneys. Both men received their sentences without a tremor.

TIDINGS STARTS 'CURIOUS NEWS READERS' CONTENT

Rex Lampman, newspaperman, well known here, formerly of Gold Hill and lately of Honolulu, has not been openly accused of "wearing the green" but the fact stands that he brought an overgrown four leaf clover to the Tidings this morning. The clover is remarkable, not only for its extra leaf but for its size. It is easily five times as large as the ordinary clover. The clover is now at the Tidings office where its life is being sustained by a large jar of water.

Mr. Lampman says that the clover is the first four leaf one that he has discovered since his arrival here from Honolulu. He says that he formerly used to find many of the little green plants in this vicinity.

Rex Lampman's clover starts a "curious news" contest among Tidings subscribers to see who can supply the most remarkable, curious news of the day. As a starter the Tidings suggests — Why is a four leaf clover?

NEED GREATER ACTIVITY FOR COUNTY FAIR

Unless there are a greater number of voters who sign the petitions for a special election and unless the committee appointed to secure signatures show a greater activity before next Monday evening, the chances for a fair this fall or for the improvement of the fair grounds will be very slim.

Unless the call for most special elections where a certain percentage of voters at the last general election can petition for a special fair improvement election, the county authorities rendered an opinion for the Farm Bureau that it was necessary to secure the names of 15 per cent of the total registered voters. There are 19,581 registered voters in Jackson County and the names of 1589 are necessary to call this election for county fair improvement. At the present time 913 voters have signed the petition but there remains 677 to be secured before the county authorities may order the election.

HOME WEDDING MARKS MARRIAGE OF LOCAL GIRL

Miss Madeline Silver, well known in Ashland church and social circles, and Willard Hays of Pendleton were united in marriage at 9:00 o'clock last evening at the home of the bride's parents, Mr. and Mrs. Harry Silver. The home was decorated with a profusion of roses. Brothers and sisters of the bride acted as attendants at the ceremony. The simple ring ceremony was performed. Rev. Josephine Champe, pastor of the Christian church, officiated.

The bride was charming in a gown of cream white organdy with veils and orange blossoms and carried a bouquet of white roses.

After congratulations, and the presentation of the bridal bouquet to Miss Kathleen Silver, the younger sister of the bride, the guests, consisting of relatives of the bride and groom, repaired to the dining room where dainty refreshments were served.

Miss Silver is a graduate of the Ashland high school and an alumna of O. A. C., and has taught in the primary departments of the Gold Hill and Cottage Grove schools and in the government school at Mutakatta, Alaska.

CITY EXPENSES FOR MAY AMOUNT TO \$5,214.15

The expenditure of the city funds for the month of May amounted to \$5,214.15 according to a statement passed upon by the finance committee and approved by the city council at their regular meeting.

The council disposed of a great amount of routine business beginning with the opening of bids for excavation work on Seaside Drive preparatory to extending that street from Pine street to Strawberry Lane. Two contractors made bids on the proposed work. Both bids were rejected on the grounds that they were too high. It was agreed that the city could do the work much cheaper by hiring its own labor and teams. City engineer Walker was instructed by

the council to outline his work for the accomplishment of the job and was given the power to act for completion of the street work.

A. C. Naininger appeared before the Chamber of Commerce committee on the Fourth of July celebration, of which he is chairman, to ask for the granting of the usual privileges relative to the use of fire works, street celebration and a permit for a street parade. His petition was a general one and the matter was referred to Mayor Lamkin with the power to act when the Chamber of Commerce made a definite outlining of the program to be followed on July 4.

The subject of the fire whistle, the tempermental blowing of which is alleged to be a nuisance, stage, a comeback from a discussion of recent date. Negotiations are now being made with the Postal Telegraph company to supply the electric current which supplies the "kick" for the whistle at a set price per annum. The current has been supplied by the Western Union telegraph company at price of \$5 per year.

Due to mechanical difficulties the whistle is continually blowing out of time. Its noisy temperament was recently the cause of a petition being presented to the city council citing the whistle as a nuisance and demanding that steps be taken to make the fire announcer behave "according to Hoyle." The matter now rests with the action to be taken by the Postal Telegraph company.

A requisition presented by city water engineer Hosler to the council for the repair of a car belonging to his department, amounting to \$65, was approved.
