of road overseers of kind responsible persons the need for improvements in roads or repair or construction of culverts or bridges.

It is the desire of the department and its purpose, to provide adequate and convenient service, so far as may be possible, to all persons residing in rural communities, but this end can not be attained without the full co-operation of the patrons in the efforts of postmasters and carriers to serve them promptly, regularly and satisfactorily.

Whatever facilitates the work of the carrier is of direct benefit to the patrons, for the greater the ease and speed with which a carrier may cover his route, the earlier and better the service afforded.

Another great assistance that patrons can render carriers is by keeping their carrier, seeing to it that roads are kept in good condition and promptly opened after storms, by keeping the approaches to their boxes clear, and by promptly and willingly correcting any irregularities affecting their boxes when asked to do so.

Money for the purchase of money orders should not be left in the boxes but should be handed to the carrier and a receipt obtained.
