

Four years ago the words "Over There" meant a boy away from home and loved ones; hardships, rain, mud, privations, fighting, wounds and perhaps death. In the "Flapper Dictionary" of today, according to the American Legion of Omaha, Neb., "Over There" means a warning "that the girl lives too far to take a taxi." The Legion is trying to do something about it.

A second great vessel of the United States merchant marine now bears the name "American Legion." In re-naming the so-called state boats after presidents, the shipping board made an exception in the case of the steamship Badger State, which was given the name American Legion instead. The fastest boat of the Munson line also is named after the service men's organization.

A straw vote on the subject of enforcement of the prohibition law conducted by "The Legionnaire," official organ of the American Legion of Cuyahoga county, Ohio, showed that 62 per cent of the ex-soldiers were in favor of stricter enforcement of the dry law.

Whether the crown of best all-around athlete in the military forces of the United States shall rest on the head of a soldier, marine or sailor will be decided when the men from the three branches of the service meet in competition at the third annual track and field meet of the Philadelphia American Legion, June 9 and 10.

The last word in modern surgery is announced at Paris, where a French army surgeon has inserted an artificial tongue in the mouth of Sergeant Villa, a Verdun wounded war veteran. A shell tore away Villa's jaw but skillful surgery has now made him able to talk, sing and whistle.

When the S. S. New England was 150 miles at sea the bursting of a steam line wounded Boyd O'Neal, former navy man, in 17 places. His shipmates sewed O'Neal's abrasions with sail twine and three cornered sail needles, the rough sea surgery saving his life.

The \$800,000 remaining unexpended following the payment of the New Jersey state bonus to former service men, may be used by the American Legion to provide hospital accommodations for ex-soldiers who are or may become incapacitated.

The oldest member of the American Legion is believed to be Colonel F. A. Bouetella, of Seattle, who recently retired from the regular army after 60 years service. He is more than 80 years old.

Scores of fire stations, school houses and other municipal buildings leased by the city to the American Legion and other veterans' organizations, are to be refitted to meet the ex-soldiers' needs following an order passed by the Boston, Mass., city council.

After furnishing an average of 550 former service men a month with jobs from which it is estimated they received in pay more than \$50,000, the American Legion employment bureau at Seattle, Wash., has been closed due to the improved working conditions.

The Legion committee in charge of the Memorial Day exercises wish to express their great appreciation for the splendid cooperation displayed by the various organizations and citizens. Few people realize what a tremendous effort was made by the Veterans of the G. A. R. to 'Stay in the Game' and march in the parade just as long as they possibly could. Only six of them this year managed to stay throughout the march to the cemetery. And it was the same determination and spirit displayed in their efforts this time as they carried with them during the trials of their warfare.

Few of us realize what a tremendous load they have carried through these many years keeping the spirit of Memorial Day alive in the breasts of our growing generation for the last 50 years. Let us stop to remember that we have only a very short period of years left in which to show our appreciation of the spirit they have carried these long years down to us. All homage to the soldiers of the civil war who yet live to teach us the lessons of loyalty and brotherly love. The committee desires to express its thanks to Captain Briggs and his firing squad and musician, who performed so creditably for their organization, and to the Ashland band for its assistance, during the parade, and especially for the splendid selection given as a part of the program in Lithia park. Appreciative thanks are tendered to J. Edw. Thornton for his very able assistance in the organization and conducting of the parade as marshal of the day. They also wish to convey their thanks to all the various organizations for making the exercises of the day so successful. All the people who heard the wonderful speech made by the Honorable

WILL ORGANIZE FORD CLUB IN ASHLAND

A number of the admirers of Henry Ford are discussing the advisability of organizing a Ford club in this city, and a request has been made that those who are interested get together at a meeting to be held in the chamber of commerce next Monday night. It is not the purpose to make the club political, but rather to give impetus to the big "Ford Day" celebration planned by the merchants as a prelude to the July Fourth celebration. It is thought that this club, made up of the admirers of the "master of the fiver" might be able to render valuable assistance in making the day a success.

AUTO TOURISTS HELD UP AND ROBBED ON HIGHWAY

F. B. Lancaster and Robert Crossgrove, of Seattle, arrived at the Ashland camp ground last night about 12 o'clock, and today at 11 o'clock, they reported to Mr. Doran, caretaker at the grounds, that they had been robbed last night near the summit of the Siskiyou by two young men whom they had given a lift from near Davis, Calif. They picked up the young men about 12:30 and were robbed at about 8:30. They reported that the robbers not only took their money, but all their provisions and drained their gas tank in order that they might not report the robbery until the robbers had made their getaway.

CIVIC CLUB SALVAGE TENT CLOSED DOWN

The Civic club has permanently closed the salvage tent located on the vacant lot opposite the Hotel Ashland and will return the tent to the chamber of commerce, who so kindly loaned it in the interest of the new club house. It was necessary to take in about \$100 per month in order to make the salvage worth while, and since opening this spring, it has failed to do this, owing to lack of material to sell. The call for clothing and the like for the Near East relief and other similar organizations has probably taken a large share of material that would otherwise have reached the salvage tent and made it continue to pay.

DISCONTINUE CLOSED POUCH TO PORTLAND

The closed pouch service on train 16 for first class mail from Ashland to Portland and points north has been discontinued, effective today. The service will not be re-established until the Ashland-Klamath Falls stage line star route service ceases its schedule next fall. This means that Ashland patrons who wish to get their mail into Portland the next morning must make sure to get it to the post office in time for train 54, as there is no further service to Portland until train 12 the following morning, which gets into Portland too late for any delivery that evening.

THE LEGION COMMITTEE IN CHARGE OF THE MEMORIAL DAY EXERCISES WISH TO EXPRESS THEIR GREAT APPRECIATION FOR THE SPLENDID COOPERATION DISPLAYED BY THE VARIOUS ORGANIZATIONS AND CITIZENS.

Few people realize what a tremendous effort was made by the Veterans of the G. A. R. to 'Stay in the Game' and march in the parade just as long as they possibly could. Only six of them this year managed to stay throughout the march to the cemetery. And it was the same determination and spirit displayed in their efforts this time as they carried with them during the trials of their warfare.

Ashland People Served With Best Milk in Valley

E. B. Poyer, of Ashland, again leads the Rogue River Cow Testing association with a herd average of 1108 pounds of milk and 49.34 pounds of butterfat. This average is higher than that of April, and he also has the high individual production record, made by Rose, a Jersey-Swiss—1582 pounds of milk and 30.20 pounds of fat. Fred Puhl, of Medford, has the second highest cow, Beaut, who produced 1361

pounds of milk and 73.49 pounds of fat. R. E. Robison, of Talent, has an average of 869 pounds of milk and 43.27 of fat for his herd of 13 Jerseys, and W. E. Moor, of Ashland, has an average of 993 pounds of milk and 41.26 pounds of fat. The 40-pound list contains 64 cows out of 248 which were tested during the month. The following cows produced more than 50 pounds of fat each:

Other members of the association having 40-pound cows are: Ralph Billings, J. Sanders, R. B. Purvis, A. B. Ferns, P. D. Lofland, J. Manke, J. E. Judy, L. A. Murphy and Schulz Brothers.

Five unprofitable cows were disposed of by association members. It has been shown that the cost of keeping even one "harder" is greater than the cost of testing an entire herd for a year.

CHRISTIAN MISSIONARY SOCIETY HOLDS MEETING

The Missionary society of the Christian church met at the Handley home on Holly street on Friday afternoon. Miss Laura Rowley led the meeting. A picnic was planned for some time in June in Lithia park where all the missionary ladies and their families are invited to be present.

After the business session the program was begun by a musical number by Gerald Headley and a duet by Vera and Mrs. Champie. Others on the program, following prayer by Mrs. Morrison, were Mesdames William Rice, Ruby Harvey, J. V. Wright, L. Hedrick, and Mrs. Dr. Buchanan. The program was followed by refreshments served by Mrs. John Cochran and Miss Benedict.

BIG CATCH MADE BY ASHLAND FISHERMEN

Bud Storm and Harold Prohs motored to Savage Rapids dam yesterday afternoon and spent four hours fishing, in which time Mr. Storm landed two Chinook salmon which he had on display at the East Side meat market in the evening. The net weight of the two was 51 pounds with the heads off and entrails removed. The largest of the two fish weighed 37 pounds dressed and it required one hour and a half to land it. Mr. Storm was forced to jump into the water up to his waist in order to get it to shore. Both fish were caught on a No. 4 spoon.

MEDFORD MASONS HELP IN INITIATING CANDIDATES

Ashland lodge No. 23, A. F. & A. M., held a long session yesterday, beginning at 1:30 o'clock in the afternoon and closing at about 10 o'clock last night.

The local Masons were assisted in both the afternoon and the evening session by a large delegation from Medford, who were invited, not only to assist in the work, but to partake of the fine dinner prepared and served at 6:30 by C. C. Weisenburger and a corps of helpers.

A total of 24 members belonging to other lodges were registered last evening. The meeting was one of those get-together kind where Medford and Ashland people mingle as the people of one community, instead of two separate towns.

DAILY VACATION BIBLE SCHOOL STRATS MONDAY

A month of happy work and play is in store for the children at the daily vacation Bible school. The committees are at work preparing the handcraft models and materials and outlining the Bible stories and memory work, and the songs will be fresh and inspiring.

The Baptist church basement will be an ideal room, being a cool, clean place for summer work. The faculty are all volunteering their time that the children may store their minds with some of the precious truths and vital teachings of life and the child who is on time every day gets the benefit. The teachers will meet at the church Monday at 9:30 to organize the program. Classes meet Tuesday at 9:30.
