THE PEOPLE'S FORUM.

To the editor:

I met a lady on the street the other day, and among other things she remarked that she was so sorry her children would soon have to go to the city, to make enough money to live like they want to live; that there are so many more opportunities in the city than there is in Ashland.

I asked her where she got her information about there being so many more opportunities to make money in the city, than there is in Ashland, and she replied: "Oh, I get it from lots of places; I get it from the chambers of commerce all over the country."

I told her she was getting her information from the wrong source, and added that she should get it from the undertakers in the cities. They have the last count on the boys and girls who go to the big cities to get rich. The tally on them says that about seven out of every ten who go there wind up in that lonesome place known as the potter's field. I told her that last year 6,000 girls, that once looked something like the little, chubby, curly, whirly, brown-eye that she had in her arms, went to the city and their last resting place if not known. They simply dropped out of existence. They, perhaps, went there to speculate. Speculation and not creation, has had the masses of the people on the rocks for many generations.

Ashland and the Rogue river valley has as many opportunities for the boys and girls to make money and establish homes for themselves and their children, as any city that I know of, and I have skidded across the continent both ways. What we need is men and women to do what are considered little things. Everybody wants to do something great. That is the reason that there is not more done.

J. H. D.

JACKSON HOT SPRINGS OPENING DANCE PAVILION

County officers attending the big opening dance at the Jackson Hot Springs open air dance pavilion Saturday night, highly complimented the management on having the largest crowd and the cleanest conducted dance for its size ever witnessed in southern Oregon. A close estimate of the dancers and spectators attending Saturday night would number around 1200 people. Every one was highly pleased with the surroundings and all pronounced the floor to be the largest and best open air pavilion in southern Oregon.

The management is sparing no expense to make Jackson Hot Springs pavilion the most popular place to dance in the valley. More accommodations are being added to the already fine establishment and there will be sufficient room for the parking of all cars and wraps will be taken care of inside the hall.

Every indication points toward a record crowd tonight and tomorrow night.

PARENT-TEACHERS GRATEFUL FOR PATRONAGE GIVEN PLAY

Officers of the Parent-Teachers association, which sponsored the photoplay, "Little Lord Fauntleroy" shown at the Vining last week, announce that the receipts were far less than the amount expected, but expressed their appreciation to all who turned out in the interest of the children of Ashland.

They also wish to express their thanks to the five business houses, which kindly handled the tickets for the play without any compensation.

MOTLEY ARRAY OF FORDS LINEUP IN BIG PARADE

DONALD DICKERSON'S "LIMPING LIZZIE" MAKES HIT OF THE DAY

"Henry" Billed as "Next President" Leads Procession and Is Cheered By Crowds on Line of March—Greeted by Old Schoolmate.

True to big circus style, the Ford parade got off late this morning, but it made up in appearance for its delay, for there were Fords from Seattle and [illegible] points, as well as from several points in California and Klamath county.

Every car in the parade was decorated with bunting, flags or greenery and altogether they made an excellent showing, there being a total of some 50 cars taking part.

The comic car of the day was driven by Don Dickerson, and speaking of hop toads, there are very few cars that can hop any better than did the "Limping Lizzie," piloted by Don Dickerson this morning.

The judges were stationed at the corner of Helman and North Main street, and did not complete their judging until the cars returned from the parade, when each car was judged by number and awards distributed in that manner, the judges not knowing the name of the drivers who received the prizes. It will be impossible to get the names of the winners before late this evening when they will be posted in the window at the chamber of commerce room.

Many people seemed to doubt that it was Henry Ford himself leading the parade and doffing his beaver to the throng en route. There was one little old lady, however, who had no doubts about the matter. She went straight to the car and grabbed Henry's hand.

"Don't you remember me, Henry?" she asked wistfully.

Henry was a bit flabbergasted for a second, but got his wind in time to save himself with the somewhat banal but perfectly safe remark: "Your face seems wonderfully familiar, but I can't just place you."

"Oh, you remember me all right," she said smilingly. "We went to school together," and then she bent close to him and whispered something. Henry smiled. So did the little old lady, and the parade moved on.

Other Attractions Occurring

A baseball game between Grants Pass and Leland is taking place at the high school athletic field this afternoon, as well as a band concert in Lithia park. The band will play again this evening in the band stand and the drawing for the free Ford will take place there at 7:30 o'clock.

The championship wrestling match will be pulled off at 8:30 this evening, in the Armory, between Champion Walter Miller of Los Angeles and Ralph Hand of Cottage Grove who is well known among the local fans.

Nearly all the business houses on the line of march were appropriately decorated with red, white and blue, and many flags were in evidence. Some business men have spent a great deal of time and money in decorating, thus demonstrating a spirit in keeping with the holiday.

Residences in various sections of the city show some very artistic decorations and some flags are flying which have historical significance. On one house on Granite street a large flag is placed that flew over a Red Cross hospital in Guam during the Spanish-American war. It was presented to its present owner, who was a Red Cross nurse at the time, by General Fred Funston.

FUNERAL SERVICES FOR JAMES BOYD FRIDAY

The funeral services for the late James Boyd will be held tomorrow afternoon at 4 o'clock at the H. C. Stock undertaking parlors. The funeral will be private. The body will be shipped to St. Paul, Minn., for burial, where funeral services will be in charge of the Masons at that place.

BIGGEST RAINBOW CATCH OF SEASON AT ROCKY POINT

What was declared to be the biggest catch of rainbow trout at Rocky Point this season was taken Sunday by William Smith and V. V. Hedspeth of Klamath Falls, and W. M. Anderson of San Francisco, traffic agent for the Chicago Great Western Railroad company. The fishermen arrived at Rocky Point Saturday evening, and by early Sunday had caught the limit.

PRIZE WINNERS AT TELEPHONE PICNIC

Following is a list of prizes, the donors and the winners of the same, as awarded at the picnic Sunday of the telephone company employes:

SHASTA DIVISION GETS PRIZE AT POWER COMPANY SPREAD

REDDING, Calif., June 29.—Employes on the Shasta division of the Pacific Gas and Electric company, won a $50 prize at the banquet given in San Francisco Saturday evening, by the company to 3000 in its service.

Each of the 12 divisions was called upon to put on a stunt that would take no more than five minutes to show. The prize for the best was $50 cash. The Shasta division took the first prize, the West Side division the second.

The Shasta division put on a miniature of Pit No. 1 power house. The power house was reproduced according to scale. Pit river was turned through it, and the transmission lines carried the "juice" that made illumination on call.

The West Side division won second money with a working model of Mount Lassen in violent eruption.

HOWARD W. ODEN AND LOUISA EDWARDS MARRIED

Howard W. Oden and Louisa Edwards were married last evening at 7 o'clock at the home of the bride's parents on Oak street. The ceremony was performed by Rev. C. A. Edwards.

There were about 25 friends of the bride and groom present, all of whom sat down to the dinner which was served immediately following the marriage ceremony.

The young couple are both well and favorably known in and about Ashland, and have many friends to wish them a long and happy married life. They expect to make their home on the Edwards ranch on the Green Springs mountain road.

HANGING BACK ON THE RECALL OF SHERIFF TERRILL

The petitions circulated for the recall of Sheriff Charles E. Terrill, and the nomination of D. M. Lowe, farmer and fair exhibit expert, to make the race against him, has not been filed with the county clerk up to this afternoon. The county clerk said he was informed the petitions were to be filed Tuesday afternoon at 2 o'clock, but they failed to materialize. It is not known what is delaying the petitioners, as they have plenty of signers—1600 names having been secured the first day, according to reports.

JESSE WINBURN TO GIVE KIDDIES PICNIC SATURDAY

Jesse Winburn has made arrangements to give all the kiddies who take part in the Fourth of July parade a picnic at Sap-and-Salt Saturday afternoon.

Mr. Winburn announces that this picnic is only for the children who take part in the parade, and urges all who turn out in the parade to be sure to make arrangements to spend Saturday afternoon as his guests at Sap-and-Salt.

A committee of ladies, consisting of Mesdames F. G. Swedenburg, Perrie Johnson, Fred Homes, Charles Loomis and Henry, will have charge of the children during their stay at the cabin.

Busses will be provided to take the children up the canyon and bring them back to the city by about 6:30 o'clock.

Mr. Winburn promises all those who take part in the parade the best time of their young lives Saturday as a reward for their efforts to help make the Fourth parade the best ever held in Ashland. The busses will leave from the Chamber of Commerce at 2:30 p. m.

COUNTY Y. M. C. A. CAMP LIST GROWS

With new names being added to the list from day to day, the roster of the Y. M. C. A. camp continues to increase. There are now 40 boys to be depended upon, with several others in prospect. Besides Ashland boys, there will be representatives from Medford and the smaller communities of the county.

Detailed information can be secured from G. H. Billings, or Cash Wood, county Y. M. C. A. secretary. Boys must be signed up and the camp fee paid in by Saturday, July 1, so supplies may be ordered.

The camp will begin July 6 and continue until July 15. Any self-respecting boy of 12 years or over may attend without reference to his membership or affiliation with any organization whatever. The camping site affords fine swimming, hiking, fishing, a plentiful supply of pure spring water and a good place for the tents and play space. Adults with years of experience will be in charge and parents may feel assured of the safety of their boys.

RAILROAD OFFICIALS VISIT BUSINESS MEN

Superintendent King, of the Portland division of the Southern Pacific; John M. Scott, general passenger agent; J. H. Mulchay, general freight agent, and Mark Montgomery, Southern Pacific agent at Medford and George N. Kramer, Ashland agent, were circulating among the business men of the city yesterday afternoon.

The visiting officials intend to see business men at the various towns along the road as often as possible, but have been so busily engaged for the last few years that many local business men have seen very little of them. However, they state it is their intention to make these visits more frequently in the future and become better acquainted.

WORK ON TALENT DITCH PROGRESSING RAPIDLY

Work on the Talent irrigation district ditch is being pushed toward completion, and a new camp will be established Wednesday, the excavation having been extended beyond a convenient distance from the old camp. The new camp will be established near the Fred Herrin place north of the city.

Five miles of the lateral ditches are entirely completed, a tractor being used where possible. However, it is necessary to use a great deal of explosive, as there is considerable solid rock at various places on the line of the ditch.

A crew of about 20 workmen is employed, and the job is progressing very satisfactorily.

SMALL BOY KILLED NEAR EAGLE POINT

Harold, the ten year old son of Mr. and Mrs. Allen Denton, was killed near his home a short distance from Eagle Point today, according to information received by Mrs. Cozort of this city today. Full particulars of the accident are not available, but it seems that the boy was walking along the highway in front of a load of hay, when a machine passed the wagon and ran into the lad. He died 30 minutes later.

EDWARD STANNARD AND NELLIE BEAVER MARRIED

The home of Mr. and Mrs. A. M. Beaver, on Iowa street, was the scene of a very pretty wedding last evening at 8:30 o'clock, when about 50 people gathered at the invitation of Mr. and Mrs. Beaver to witness the marriage of their daughter Nellie to Edward M. Stannard.

The affair was the culmination of an attachment dating back to the high school days of the bride and groom, a fact which gave the wedding a somewhat unusual interest for many of their friends. Ideal weather and a wealth of June floral furnishings combined with other happy circumstances to make the occasion a rare one.

Preceding the ceremony, Miss Florence Allen sang with appropriate feeling De Koven's beautiful composition, "O Promise Me." Mrs. Helen Walker Mack, at the piano, contributed a delightful portion of the evening's musical needs.

Accompanying the opening strains of Mendelssohn's wedding march, the bridal party descended the stair, led by the Rev. C. A. Edwards, followed immediately by the four bridesmaids, and they in turn by the bride, escorted by her father. The groom and his best man, Mr. Meredith Beaver, met the procession under a floral arch, where the impressive ring ceremony was read by Rev. Edwards, and concluded by a short prayer offered by Mr. John Beaver, an uncle of the bride.

The bride was dressed in a lovely gown of white crepe and silver lace, with draperies and veil of plain silk net. She carried a bouquet of white roses and sweet peas, while her attendants carried pink roses with white sweet peas, and were gowned in dainty pink organdie. All floral decorations were likewise pink and white.

Those who did honor as bridesmaids were the Misses Minnie Beaver and Amy Stannard, sisters of the bride and groom, and the Misses Winifred Spencer and Jessie Thatcher, intimate friends of the bride.

Following the ceremony delicious refreshments were served on the lantern-lit lawn, by Mrs. Beaver and her daughter, Mrs. Walter Herndon, assisted by Mrs. Stanley Robinett, Miss Calla Biegel and Miss Vida Bradshaw. This portion of the evening was enlivened by the arrival of a band of unbidden guests, who, after receiving royal treatment at the ice cream table, retreated in good humor.

Mr. and Mrs. Stannard were recipients of many beautiful gifts and hearty good wishes, bestowed by their friends. They will make their home in California, whither they departed late in the evening.

FRISBY-WEYBRIGHT

Charles S. Frisby, of Weed, Calif., and Maude H. Weybright, of Medford, were married Tuesday evening at the Methodist parsonage by Rev. C. A. Edwards.

The couple were accompanied by Mr. and Mrs. Wilton and daughter, Mrs. Wilton being a sister of the bride.

The groom is employed by the Weed Lumber company, and has a wide circle of friends in the California town. The bride is quite well-known in shland, having been employed as a nurse at the sanitarium for several months.

Mr. and Mrs. Frisby left Wednesday afternoon for California by auto and will make a trip to southern California lasting about ten days, after which they will be at home in Weed.

ASHLAND GIRL MARRIED SATURDAY, SAN FRANCISCO

The marriage of Miss Maude Putnam and Mr. Frederick William Kant, occurred at All Saints chapel, San Francisco, on Saturday, June 24, the Rev. Schuyler Pratt officiating.

Mrs. Kant is the daughter of Mr. and Mrs. Fred Lewis Putnam, of Ashland, and is well known here, having spent several years in the local school. She was one of the popular girls in the city until she left here in 1915, since which time she lived in San Francisco. She was a girl that took advantage of every opportunity and improved her time by study of the best books and instructors available. Mr. Kant is a young attorney of San Francisco, a graduate of the University of California, who took post graduate work at Harvard university and Cambridge university, England. After being admitted to the California bar, he entered the army at the time the United States declared war and saw overseas duty in France and Belgium. He is now secretary of the board of bar examiners of California.

Mr. and Mrs. Kant will make their home in San Francisco.

A want ad will sell it.

CRATER LAKE'S FIRST MACHINE NOW IN ASHLAND

F. W. Hudson arrived in Ashland yesterday, in his Ford coupe which was the first car to reach the rim of Crater Lake this season. Mr. Hudson reached the rim at Kerr Notch on the Fort Klamath, or eastern side of the lake, having gone in by what is known as the Sand creek route, a one and unassisted, using only the power of his car and such tools as he had with him.

Mr. Hudson first attempted the trip to the lake on June 19, and employed a man with a horse to help him remove the large logs and cakes of snow which he might encounter on the road. After a day's work, which resulted in clearing the road for some distance, snow of such depth as to make further progress impossible was encountered, and the trip was abandoned, the party returning to Fort Klamath. There Mr. Hudson was informed that after passing this one large drift, the road would probably be passable for the balance of the way, whereupon he tried to get help to return with him and undertake the task again. Failing in this, he resolved to make the attempt alone.

After four days spent in almost superhuman effort, with little to eat and being ill the last two days, he was successful in reaching the rim Sunday evening, June 25, at 4 o'clock. Unable to drive the car any further, he started on foot back to the government camp, 12 miles distant, which he reached in a state of exhaustion, apparently unable to go another step, and could not tell his story until he had been revived with hot ginger.

By accomplish this feat, Mr. Hudson won the trophy cup offered by the Klamath Falls Civic club, and it is now on display at the Ford garage here, together with pictures he took of some of the difficulties he overcame.

Mr. Hudson is of the opinion that the lodge at Crater Lake could be opened at least two or three weeks earlier if the government would clear the entrance from the Fort Klamath side of the lake instead of the Medford entrance, as he was able to get through that route in four days single handed from Fort Klamath, while the park service had a force of ten or twelve men opening the road from the other side, at a cost of about $2000, and which was not open until after he had made his way in alone.

The Ford coupe in which he made the trip will be entered in the parades both on the 3d and 4th, and the trophy cup will be either mounted on the hood of the machine or on a platform on the top.

Mr. Hudson is a resident of Oakland, Calif., but was formerly an electrician in Ashland and assisted in wiring a number of buildings in the business section of the city. He is visiting here with his mother, Mrs. C. W. Butler, of Factory street.

AUTO CAMP TOURISTS ENTERTAINED WITH STEREOPTICANS

A thoroughly enjoyable entertainment was provided in the auto camp last night, attended not only by the tourists, but by quite a large gathering of Ashland citizens. It was the culmination of a suggestion made sometime ago by J. H. Doran, superintendent of the auto camp, and carried out by the chamber of commerce, whereby, in addition to the other attractions of the camp, a steroptican has been added, showing various views of the many scenic attractions with which Ashland is surrounded. The presentation was formally made by Secretary Fuller, when in a few well chosen words he introduced Frank Patterson, the most celebrated and best known scenic artist in Oregon. Superintendent Doran manipulated the steroptican with the slides kindly furnished by Mr. Patterson, and which are the results of years of arduous painstaking artistic labor.

He carried his audience from Ashland, along the beautiful Rogue river on the trip to Crater Lake, furnishing as he went, information invaluable to those contemplating the tour, and when arrival was finally made at the lake, the pictures shown of that wonder of nature, were simply marvelous. It is undoubtedly the finest collection ever made, and Mr. Patterson's talks based on his intimate knowledge of its history from the time Mount Mazama stood where is now the beautiful lake, to the present day, lent an entrancing value to the exposition.

The pictures are the property of Mr. Patterson, which were kindly loaned for the occasion. The chamber of commerce has announced its intention of securing duplicates, so that these entertainments may be frequently repeated for the benefit of the tourists, which it is believed will prove the most valuable advertising ever given this city, as it will certainly make of every tourist visiting the auto camp, not only a booster for Ashland, and its hospitality, but will advertise to the world scenic attractions at the doors of Lithia park, that are without an equal anywhere in the world.

FUND STARTED TO BUY STEREOPTICON SLIDES

The secretary of the chamber of commerce acknowledges receipt of a $5 bill from Mrs. M. GeBauer, for the purpose of purchasing slides for showing the scenic attractions of southern Oregon at the auto camp. This was a tangible manner of expressing approval of this project, which the chamber has undertaken, and which it is believed means much in the way of publicity.

Chambers of commerce in other cities will be invited to send one or more slides from their city, and it is believed a large collection may be obtained, although the desire of the promoters is that a loop trip to Crater Lake, taking in Medford and points of interest via Prospect, Anna creek canyon, around the lake to Fort Klamath, Pelican bay, Lake of the Woods, etc., and views of the Green Springs road and Siskiyou highway, Mount Ashland, etc., may be the principal features of the entertainments as finally planned.

FLAGS FOR LIGHT POSTS ALL SOLD TO MERCHANTS

The flags that decorate the posts were all sold, thanks to the business men and women of Ashland. The Civic club gives a vote of thanks to those who so generously responded. The club house fund gets the profits between wholesale and retail price.

The envelope containing the lucky number was opened at the Tidings office today. Look at your receipt and see if 67 is in the corner. Sixty-seven is the number that wins the four by six bunting flag. Call at the chamber of commerce any time Monday and show your receipt and the flag will be presented to the one holding the lucky number.

IN THE COUNTY COURT IN AND FOR THE COUNTY OF JACKSON, STATE OF OREGON.

In the Matter of the Estate of James Boyd, Deceased.

NOTICE IS HEREBY GIVEN, that the undersigned has been appointed by the Honorable G. A. Gardner, Judge of said court, as executor of said estate, and any person having a claim against said estate is hereby required to present the same duly verified at either the office of Briggs & Briggs, in Pioneer block, or to undersigned at First National Bank Ashland, Oregon, within six months from the date of the first publication of this notice.

First publication, July 5, 1922.

J. W. McCOY, Executor.
