DANGER AHEAD

An apt illustration of the gravest danger with which the American people are confronted, is furnished in the vote at the recent primary, when less than one-third of the registered voters went to the polls, leaving it in the hands of a small minority to inflict its will upon the vast majority, placing upon them whatever burden in increased taxation, selfish interests might see fit to impose.

In many primary elections in other states, from 15 to 20 per cent of total registered voters choose candidates to go on the ticket at general elections.

The same procedure takes place in regard to initiative measures placed on the ballot. Particularly is this the case where unusual taxation measures come up at special elections—those who have pecuniary interest in the measure, vote for it, and thus a minority of registered voters will load a city, county or a state government with a burden of debt, which all must pay.

The average business man would be most indignant, if the charge were made that he allowed third parties to contract debts in his name and then objected to paying them. What is the difference if a business man allows himself to be loaded with a burden of tax debt simply through his negligence or laziness in failing to go to the polls and fulfill his duty as a citizen in voting for sound men and measures.

WINS CHAMPIONSHIP FOR SECOND TIME

UNIVERSITY OF OREGON, Eugene, July 17.—Carlton Lathrop, principal of the high school at Ontario, Or., for the second year in succession won the tennis championship of the University of Oregon summer school, when he defeated Dr. Ben H. Williams, professor of economics, at the University of Pennsylvania, and a former Oregon athlete, in straight sets, 6-1, 6-1. Dr. Williams was the sole survivor of the field of 29. Lathrop, who is a graduate of Linfield college, at McMinnville, was college champion there during his undergraduate days.

D. E. NEATHAMMER DIES IN A LOCAL HOSPITAL

D. E. Neathammer, who lives about 11 miles up Evans creek, died Sunday afternoon at 1:30 in the local hospital, at the age of 75 years. Mr. Neathammer had been afflicted with uremia for some time, and had gotten to the place where he was practically beyond medical aid and had given up all hopes of recovery, when he came to the hospital a week ago.

The funeral services will be held Tuesday afternoon from the Presbyterian church at Rogue River, where interment will take place. J. P. Dodge and Sons, funeral directors, will have charge of the arrangements.

J. T. HANXON DIED SUNDAY AT MEDFORD

J. T. Hannon died Sunday morning at a Medford hospital, where he has been confined for the last two weeks, having been taken there about two weeks after his injury in an accident on the highway north of the city. Hannon is a stranger here, and the authorities are having difficulty locating his relatives. The accident in which he was hurt occurred about June 1 when he was walking on the highway and was struck by a passing automobile.

LAWN PARTY GIVEN FOR YOUNG FOLKS

A masquerade lawn party was given Friday evening at the home of Dr. E. B. Angell, 207 Vista street, for the Misses Lenore Angell, Alma Hays and Effie Hazen. Twenty-eight boys and girls responded to the invitations and all came with the idea of a good time and were not disappointed in the east. There were all kinds of games played and the midnight hour arrived so early in the evening that the games had to be cut short in order to make way for the refreshments of ice cream and cake.

There was an ice cream eating contest between a few of the guests but to have seen the cream disappear, one would have thought practically all were in the contest. Hawaiian music was furnished by guitar, piano and victrola during the entire evening and was thoroughly enjoyed by all present. The lawn was tastily decorated with Japanese lanterns and gave the last touch needed to make the party thoroughly enjoyable.

FORMER HEAD OF SCHOOLS IS HERE ON VISIT

C. A. Hitchcock and wife, of Jefferson, Ohio, are calling on friends in the city. Mr. Hitchcock was from 1894 to 1901 superintendent of the Ashland schools. They are guests of Mr. and Mrs. T. K. Bolton.

Mr. Hitchcock wishes to see as many as possible of his former students and he may be found readily at Mr. Bolton's or through Mr. Billings or Mr. Fred Engle.

BRUSH FIRE ON STRAWBERRY HILL THIS MORNING

The fire department was called out this morning by a blaze at the top of Strawberry lane. It was at first thought some buildings were ablaze but when the firemen arrived it was found that a fire had started in the brush at the head of the lane and had gained dangerous headway. The side of the hill was panopied in smoke that could be seen from all points in the city and for a half hour there was a steady stream of automobiles in that direction. As soon as they arrived, the occupants were pressed into service to aid the firemen and the blaze was quickly gotten under control with no damage except to some young trees in the foot-hills.

MANY IMPROVEMENTS UNDER WAY AT CRATER LAKE LODGE

CRATER LAKE, July 12.—Attendance at Crater Lake is 50 per cent better than it was at this time last year, and an excellent year is predicted, according to R. W. Price, vice-president of the Crater Lake Park company. Price said the attendance on July 4 was about the same as last year, and that the crowd Sunday was the largest so far this year, over 100 being registered at the lodge.

The capacity of the lodge and tent houses is about 250, and 30 additional tent houses are being erected this year to help accommodate the crowds. Work has begun on the 50-room addition to the lodge by Contractor F. P. Salters. There will be 60 new rooms on the first floor, 20 with bath and toilet, 20 with toilet and 20 with hot and cold water. There will also be 20 rooms in the attic for employes.

DR. BERTHA SAWYER IS AT OSTEOPATH CONVENTION

The convention of the National Osteopathic association, held in Los Angeles last week, was attended by Dr. Bertha E. Sawyer of this city. In a letter to Ashland friends, Dr. Sawyer states that the California osteopaths did everything possible to make the convention a memorable one.

Following are a few notes which Dr. Sawyer sent describing some of the happenings of the convention: Governor Stephens of California opened the convention, which was presided over by Dr. Samuel L. Scotford, of Dallas, Texas, the president. The National Women's Osteopathic association also held its annual convention here under the presidency of Dr. Josephine Pierce, of Lima, Ohio.

Compulsory branding with the letter "S" on the shoulder of all people afflicted with the most serious of the so-called social diseases, was recommended by Dr. William L. Holcomb of Denver. Dr. R. D. Emery of Los Angeles predicted that before long all cancer may be prevented, and that many cases may be cured if treatment be begun early enough.

Ninety-five per cent of people suffering from painful vision may throw away their glasses and may be cured by osteopathic treatment, declared Dr. Leland S. Larimore of Kansas City.

WILL MEET WITH ROCKEFELLER INSTITUTE MEN

Dr. P. W. Covington, of the Rockefeller Foundation Institute, will be in Medford Wednesday, July 19, where he will be the guest and principal speaker at a chamber of commerce forum luncheon at the Hotel Medford.

Dr. Covington explained the advantages to be derived from the adoption of the Rockefeller Foundation system in combination with the state board of health, when he met with the local chamber of commerce at a picnic supper in Lithia park several weeks ago, and his visit to Medford next Wednesday is for the purpose of getting a branch of the great institution located in Jackson county, if he can obtain the required co-operation of the people of the county.

Jackson county is one of five counties in the state to whom this proposition has been submitted at this time. Coos county has already accepted the unit offer.

The aim of this work is to prevent disease and decrease the death rate. The securing of experienced men and women who will be in charge of this work will be another proof that Jackson county is composed of progressive, intelligent people who realize the importance of sanitation and general health measures. When it may be shown by figures that there is a decrease in the death rate, which is higher than it should be, a decrease in communicable diseases, and an increased interest in public health, Jackson county will be in a better position to advertise as a health resort.

GRASSHOPPERS ARE DAMAGING CROPS

Reports from different places in the valley are to the effect that there is a large crop of grasshoppers this year, and that in a few instances they are doing a great deal of damage. One ranch reports that the hoppers are destroying the second crop of alfalfa.

Various ranchers interviewed today concerning the pest in the valley, say there is a great number of the insects, but they do not believe there is a sufficient number to cause any great damage.

70-YEAR-OLD MAN FIRST TO MT. ASHLAND SUMMIT

A party composed of Mrs. Emma Coffee, Miss Georgia Coffee, Mr. and Mrs. J. R. Edwards and Floyd Place, all of Ashland, and Isaac Martin and Miss Georgia Martin, brother and niece of Mrs. Coffee, who are visitors from Iowa, made up a party that scaled Mount Ashland yesterday.

The party left Ashland in the early morning hours and drove as far as possible by car, leaving some five miles to be covered on foot. The trip was made in a leisurely manner, and the summit was reached considerably before noon. Mr. Martin, despite his 70 years, was the first to reach the summit.

They returned in the afternoon, after having had a very enjoyable time, being none the worse for the trip, but all were considerably tired by the necessarily hard climb.

WILL PATROL TOPY ROAD DURING THE SUMMER

KLAMATH FALLS, July 12.—Patrol of the Topsy road this summer for the purpose of removing loose rocks and filling holes was promised Saturday by the county court to a committee from the chamber of commerce. The action was taken by the chamber because of the frequent complaints registered by tourists and others that the road is in a condition which could be remedied through the efforts of one or two men.

Complaints have also been received by the chamber that the Green Springs mountain road is being badly cut up by heavy trucks hauling timber. This timber was said to be that removed from the right-of-way of the new road and is being handled by the county.

PORTLAND LADY VISITING WITH ASHLAND RELATIVES

Mrs. Lillie Campbell, of Portland, is spending a few days at the homes of her uncle and aunt, Mr. and Mrs. William E. Reed, 298 Avery street, and her sister, Mrs. Anna Miller, 591 Fairview street. She will be accompanied home by her daughter, Mrs. I. F. Martin and son Walter, who have been spending the past month at the Reed home.

GIRLS' BALL TEAM AFTER SCALPS OF THE BOYS

A ball game for blood will be pulled off Saturday afternoon of this week at Sap-and-Salt, when the girls will endeavor to come back and even up the victory won by the boys on July 8 at the Winburn place.

The girls are working hard and say that they are up and coming after victory Saturday, while the boys are just as confident that they can turn the trick in their favor on the eventual day. Everybody who desires to come and see the game are welcome, says Mr. Winburn.

CARBONIC GAS SPRINGS SAVES TIME FOR DEMONSTRATIONS

The fame of Ashland's carbonic gas springs are fast spreading abroad. This morning, the agent of Green's automatic dispenser, giving demonstrations with Dr. Sweet's root beer was in town, for a visit to the trade, but their demonstration was practically out of commission for the reason that they had run out of carbonic gas.

A. T. Kalas, the field agent, and A. B. Green, the inventor, were in a quandry until they learned they could drive to the Ashland springs and have their apparatus recharged within a half hour. Ordinarily they would have had to lay over here and wait for the carbonic gas cylinder to arrive from San Francisco, which would take about four days.

BOXING CONTEST IN MEDFORD NEXT THURSDAY EVENING

"Wildcat" Welty is scheduled for a go at the Medford athletic club next Thursday night, when he will go up against a fast aspirant of the middleweight championship of the Pacific coast in the person of Gordon McKay. The latter is under the management of Knockout Brown, who thinks his protegee can annex the title. Judging from the fight Wildcat Welty put up here on the Fourth of July, McKay has got his work cut out for him. There will be six other bouts, the participants to be announced later.

PAGE-DRESSLER REALTY CO. BOUGHT BY BROWN & WHITE

The Page-Dressler Realty company, of Medford, has been bought by Brown & White, another realty and insurance company, and the new owners will occupy the office of the Page-Dressler company, the lease, fixtures and insurance business of the old company having been included in the deal.

The Page-Dressler company has been one of the leading realty firms in the Rogue river valley for the last nine years and closed their business here on account of contemplated change of location by members of the company.

MARRIAGE IS SURPRISE TO THEIR MANY FRIENDS

Donald E. Macentire and Miss Ida Mae Rader slipped away to Jacksonville Thursday afternoon at 4 o'clock and obtained a marriage license, and returning to Medford, were married there by Justice Taylor. They returned to Ashland at about 6 o'clock.

Mr. Macentire has charge of the Talent ditch construction work while his bride has been at the sanitarium for some time. They will make their home in Ashland for the present, having rented a property in Hargadine street.

CHRISTIAN ENDEAVORERS HOLD MEETING AND PICNIC

Members of the Christian Endeavor society of the Presbyterian church, held a welcome roast up near the reservoir in Ashland creek canyon Thursday evening. After the least, the regular business meeting was held. Miss Edith Plummer was received on promotion with honor from the Junior society. The treasurer reported a neat balance on hand after all pledges had been paid. The society is keeping the church decorated with flowers this summer and doing it well. The meeting adjourned at dark.

DIES WHILE ON VISIT TO ASHLAND RELATIVES

Mrs. A. L. Wilhite died at the home of her brother-in-law, A. C. Wilhite, at 313 Granite street, last night at 7:30 o'clock.

Mrs. Wilhite and her husband came here from Los Angeles for a visit and for Mrs. Wilhite's health, but her condition was such that she did not improve, but grew worse steadily until the end came yesterday. A short funeral service was held this afternoon at the H. C. Stock funeral parlors, and the body will be taken on train 15 tonight to Los Angeles, where interment will take place.

WILL GIVE DANCE AT JACKSON HOT SPRINGS

Members of the six affiliated railway shop crafts, who are out on strike, are giving a dance Wednesday evening, July 19, at the Jackson Hot Springs pavilion. Music will be furnished by Snyder's five-piece orchestra, which will be on the job between 9 o'clock and midnight.

Something in the way of an innovation will be the fact that all ladies and ticket holders will be given free transportation to the dance between 8:30 and 9:30 o'clock and returned to the city after the dance.

RETURNS FROM VISIT WITH RELATIVES IN CALIFORNIA

C. C. Weisenburger returned Wednesday evening from an extensive visit with relatives in various parts of California. Mr. Weisenburger accompanied the local Shrine patrol to San Francisco as standard bearer at the national convention held there in June, and received a never-to-be-forgotten welcome from the people of the bay cities, as well as the visitors from the various oceans that were present. Upon the day of the arrival of the Ashland patrol in San Francisco, a picture was snapped of Mr. Weisenburger on the ferry, and within two hours, papers were on the streets with a large picture of him on the front page. This, together with the fact that he was the oldest standard bearer at the convention, gave him a wide acquaintance, and from that time on he was greeted on right and left, everywhere he went, with "Hello, Chris," and everyone seemed to be his friend.

Following the convention, he went to southern California, where he visited with relatives and then stopped at several points on his way home to visit other relatives.

VISIT DUNSMUIR AFTER ABSENCE OF 22 YEARS

DUNSMUIR, July 15.—Mr. and Mrs. Frank J. Mott and two sons arrived in Dunsmuir Tuesday by motor to spend their vacation. Mr. Mott, whose father was roadmaster here many years ago, left 22 years ago for San Francisco, where he has lived since. The town of Mott was named for his father.

WILL BUILD SUMMER HOME AT SUMMIT OF SISKIYOU

Mr. and Mrs. E. T. Merrill, of Long Beach, Calif., are stopping on their place near the summit of the Siskiyou, having arrived there on July 4. Mr. Merrill is looking after business interests in this section of the country, having lived in Ashland until a few years ago. The Merrills contemplate building a summer home on their place and installing a swimming pool there, that people who visit the cooler spots of the mountains may have the pleasure of a fine swimming pool close at hand.

KANSAS CITY MAN VISITS WITH SISTER

Frank Harris, of Kansas City, arrived in the city yesterday, for a short visit with his sister, Mrs. B. R. Greer.

Mr. Harris is making a tour of the west, and is aiming to take in all of the beauty spots. He is of the opinion that Ashland is located in the midst of the most scenic territory he has ever had the pleasure of visiting.

OLCOTT'S LEGAL ADVISERS CONSIDER HALL CONTEST

PORTLAND, July 14.—Attorneys for Governor Ben W. Olcott are in session here to consider legal phases of the petition filed in Marion county on behalf of Charles Hall, candidate for the republican nomination for governor in the state primary in May, contesting the nomination of Governor Olcott. Whether a technical legal reply is to be made, or whether an attack shall be made on the alleged facts set forth in the complaint, was the main question to be decided.

MISSIONARY SOCIETY HAS MEETING IN PARK

The Baptist Missionary society met the first of the week at the picnic grounds in Lithia park and quite an enjoyable afternoon was spent. Dr. Mattie Shaw gave a talk on missionary work in Coos county, where she lived for a number of years, and spoke from first-hand information. Mrs. H. O. Butterfield spoke on what is being done for the Americanization of foreigners who arrive at Ellis Island. Both speakers were highly instructive, and the ladies present went home feeling they had been greatly benefited.

METHODIST MINISTER'S DAUGHTER IS MARRIED

Miss Rita Danford, of Eugene, was married to Floyd Strong, of Seattle, on July 10. Miss Danford is a daughter of Dr. S. A. Danford, the Methodist district superintendent of southern Oregon, and was a 1922 graduate of the University of Oregon, with honors in general scholarship. Miss Danford has a number of acquaintances in Ashland, having been here with her father frequently when he was on his rounds of the churches in this section of the state.

EDDIE GOODIE HAS SPEEDY ASPIRATIONS FOR HIS FORD

(Jacksonville Post) If you see a black meteor swishing through space, making a hissing and roaring noise like a cannon-ball, don't get frightened and think the world is coming to an end. It will only be Ed Goodie with his Ford speedster, which he is building for the purpose of bagging all the big prizes at the auto races on the Pacific coast this fall. Ed figures he will be able to "step on 'er" to the tune of around 140 miles an hour—maybe worse.

DRASTIC EXCOMMUNICATION ORDER ISSUED IN IRELAND

LONDON, July 17.—Cardinal Logue, Roman Catholic primate of Ireland, has issued an edict excommunicating all persons participating in murders and arson in Ireland, according to a dispatch from Belfast.

NORMAL CRITIC TEACHER ENTERTAINS FRIENDS

Mrs. Collins, critic teacher of the seventh and eighth grades of the summer school at Ashland, entertained her corps of teachers at a luncheon at the Plaza Thursday noon, after which they all enjoyed a drive and viewed some of the scenic spots about Ashland's park and the canyon. Mrs. Collins' guests were, the Misses Elizabeth Burr, Theone Carkins and Eva Ackert. This is the second social gathering this group of teachers has enjoyed together during the normal summer session.

HURT IN AUTO WRECK ON PACIFIC HIGHWAY

ROSEBURG, July 14.—A bad auto wreck occurred Wednesday afternoon about three miles north of Myrtle Creek on the Pacific highway, when a large Studebaker touring car driven by J. W. Collins, a traveling man from Portland, left the road and turned over in a ditch. Mr. Collins' wife was with him, and another lady. His wife received bad injuries and was taken to the hospital in Grants Pass. Mr. Collins and the other passenger escaped with only slight bruises.

INTERESTING EXHIBIT AT OVERLAND SHOE SHOP

An interesting exhibit has been on display for some time at the Overland shoe shop at the corner of Oak and Main streets, consisting of various articles carved by hand from wood. The articles are the property of C. C. Weisenburger, who made them when a young man while he was working in the timber near Forest City, Calif., taking this method of whiling away his idle hours.

In the collection is a lady's work box, which though quite small, is composed of 3000 pieces of wood. It is something any lady would be delighted to receive as a present. A tatted shuttle of the usual size is made of 110 pieces so interwoven as to make a beautiful piece of work. "Five-in-one" might be a good name for another piece of work in the shape of five sets of pliers which were made from one stick of wood without being cut apart. A box without nails or glue is also on display. As something out of the ordinary it would give a carpenter or cabinet-maker room for thought. The box is dovetailed together, and the ordinary person would be at a loss to understand the process.

Another stick of wood was transformed into a round ball within four pillars, the work on the ball all being done within the pillars. The ball is of such size it would be impossible to remove from within the pillars without breaking one of them. To this is attached a set of links made from the same piece of wood, interlinked in a chain, the whole thing having been made without cutting apart, no small task for even an experienced woodworker to perform.

A chain made of small manzanita links, which might be used for a watch chain, is a marvel of symmetry, considering the hardness of this particular wood to work and undoubtedly took many hours to put into its present shape.

INJUNCTION OF RECALL HAS NOT BEEN FILED

It was announced that more than 1000 signatures had been obtained by the citizens' committee to the petition asking for the recall of the recall of Sheriff Terrill, and that representatives of the committee would appear in the circuit court this morning and ask for an injunction restraining County Clerk Florey from holding the election which he has called for Saturday, July 29.

Up to a late hour this afternoon, no application had been made to the court for an injunction and the county clerk is proceeding with the details of preparation for the election, preparing the ballots and sending out notice to the judges and clerks of election, without in any way considering the threatened injunction.
