Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by City Drug Store.

Compensation For Poachers.

A gamekeeper on a northern estate tells an amusing story of the latest thing in the compensation line. When he was escorting the gentlemen round the covert one day the party were alarmed to hear a loud cry just after shots had been fired. Running to the spot, a thick bush growth, the keeper found a man lying groaning on the ground.

"Some of them gents 'ave shot me in the leg," groaned the man.

Examination proved that the sufferer had indeed received a bird shot pellet in his left calf. It was a trivial injury, but was handsomely compensated for by the gentlemen in the party, who presented the victim with quite a good sum in gold.

That same evening the gamekeeper came upon two men in a quiet lane engaged in a hot dispute about the sharing of some money. One of the men had a shotgun, and, tapping it significantly, he said threateningly: "Aif shares, or I'll go straight to the p'lice and split on us both. I'll give the game away. I'll tell 'em 'ow I put that pill in yer leg to knock money out o' the shooters."

Then the gamekeeper disclosed himself, and the two conspirators decamped.—London Opinion.

Do It Now.

This is the time to get rid of your rheumatism. You can do so by applying Chamberlain's Liniment. Nine cases out of ten are simply muscular rheumatism due to cold or damp, or chronic rheumatism, and yield to the vigorous application of this liniment. Try it. You are certain to be delighted with the quick relief which it affords. Sold by City Drug Store.

Some few weeks ago the district of East Kootenai, Saskatchewan, B. C., was visited by a forest fire which swept over a territory fifty miles in width, completely destroying the towns of Fernie, Cool Creek and Hosmer, killing 170 people, rendering 6,000 homeless and destroying property valued at \$5,000,000. This disaster seems to be traceable to slipshod methods of lumbering which have been followed by employees of the Cedar Valley Lumbering company, they having been careless and left their brush or timber slashings without burning them. Other disastrous forest fires which have raged more recently in northern Minnesota, Michigan and Wisconsin have been the result largely of an extra dry condition which made the forests as inflammable as tinder and liable to ignition from passing trains, campfires and other causes. The prevalence of these destructive fires, whatever their cause, points to the need of greater precaution in lumbering methods and the establishing of patrols which shall report fires starting and summon aid sufficient to put them out before they gain headway. This method of safeguarding is followed by the federal government in its reserves on the Pacific coast with very satisfactory results.
