**GREETING SPRING.**

An Old and Picturesque Custom in Switzerland.

The 1st of March is a day of joyful festivity among the school children in most of the Engadine communes in Switzerland. At 4 o'clock in the morning a party of school-boys march through the village clanging cowbells, big and little, with all their might to proclaim the dawn of a boisterous day to their slumbering schoolmates still abed.

As the day grows bright the boys gather, each one with a huge bell hung around his neck, on the village square, where they form in ranks, according to their size. When the preparations, always conducted amid great excitement and juvenile jubilation, have been completed the procession starts on a tour through the streets to the accompaniment of furious bell ringing and noisy yodeling.

One of the eldest of the demonstrators, with a milk pail on his shoulder and dressed in the costume of a dairyman, with yellow breeches, white stockings, low shoes, finely embroidered braces over a shirt of spotted white, turned up sleeves, displaying a brawny arm, the dairyman's hat perched jauntily on the back of his head, marches proudly at the head of the herd. At the end of the procession is another big boy with a big staff in his hand like a herdsman.

All this reminds us of the way the cows go to the Alps to the sound of bells. The whole festival is nothing but a spring celebration to herald the return of the milder season, which has been looked forward to with longing for months.

The custom is said to be of Roman origin; hence its name, "Chalanda Marz" (from Kalendare), which justifies the assumption that, from the period of the year chosen for the observance of this festival, it must have originated in the mild climate of Italy and not in the cold clime of the Engadine.

In the way described the troop marches on from house to house and is presented by the matrons with rice, chestnuts, sausages, bread and even money. The hotels are all visited, and the guests always contribute some small change. Out of the proceeds a general jollification is provided, in which the girls of the neighborhood take part.

How intense is the youngsters' enjoyment of the Chalanda Marz festivities can scarcely be imagined by any one who has not looked on at these annual junketings.—Ex-

Go to J. Hutchens for your groceries.

When you crave something to quench your thirst remember J. Frank Spinning's double soda fountain. All flavors and fancy delectable mixtures.

Steamed rolled barley, at the Henrietta Mills. Farmers please take notice. This method softens the gluten and retains the same, greatly increasing the food value a barley.
