**SCORES TOO LATE  
 TO TRY FOR LAND**

Belated Applicants Continue to Arrive at Spokane.

Registration Has Now Reached 285,623, and More in Mails—Fifty-Three Steel Cans Hold the Lucky Numbers, Which Weigh 2,650 Pounds—Sixty Clerks Busy.

Spokane, Wash., Aug. 7.—Total applications for Indian reservation lands received at Judge James M. Witten's office at Coeur d'Alene yesterday were reported officially last night as follows: Coeur d'Alene 1,120, total for whole registration period, 105,536; Spokane 2,707, total 99,628; Missoula 5,534, Kalispell 733, total for Flathead lands, 80,559. Grand total thus far received for all land 285,623.

Judge Witten's force has been busy turning away scores of belated applicants for Indian lands, the midnight hour Thursday night having closed the official registration. Applications are still in the mails and will be received for several days.

Coeur d'Alene booths, stands and platforms used by notaries and lunch vendors are being torn down and the whole city presents a remodeling aspect. At the land office 60 clerks have been placed for the drawings, and tables and platforms arranged. There are now 53 steel cans in the office containing the applications, divided as follows: Spokane, 19; Coeur d'Alene, 20; Flathead 13. The applications weigh 2,650 pounds without the cans.

**CARLISTS TO HELP.**

Don Jaime Will Offer Spain 100,000 Men and His Services.

Cerbere, France, Aug. 7.—The Carlist leaders will hold a meeting shortly at a French frontier town to decide upon their attitude in view of recent events, it was said today. Afterwards, it is understood, Don Jaime, the Spanish pretender, will issue a manifesto declaring that he has no intention to profit by the misfortunes of his country, but that, if the present government is powerless to save the honor of the nation he will act.

The Carlists say that they are in a position to arm and place in the field quickly 100,000 supporters, burning with zeal.

Coupled with this announcement comes the news that affairs at Barcelona are far from satisfactory. While quiet reigns in the city at present, as far as actual revolt goes, the police are still busy arresting people whom they allege were implicated in the recent outbreak, and public feeling is growing resentful of their activity.

It is also reported that prisoners held in the Mont Juish fortress have been executed, and prominent revolutionists made the threat yesterday that if such action were taken another outbreak would follow.

**STRIKE MAY SOON DIE OUT.**

Dissension Breaks Out Among the Workmen at Stockholm.

Stockholm, Aug. 7.—The tense situation arising from the general strike proclaimed a few days ago seemed to be relaxing tonight. The grave diggers returned to work today and dissension is apparent in the ranks of the other strikers. The owners of some of the largest plants in Stockholm announce that their men will return to work Monday.

M. von Sidow, president of the Employers' Federation, declared tonight that intervention by the government would be without result, as the differences were too great to be settled in such a manner. The National Labor union published a statement disapproving the strike of the electric light and gas workers, which began last night. The electric plant was kept in operation by officials of the lighting department.

As the strikers have been preventing farmers from bringing provisions into the city, troops have been detailed to patrol the country roads.

**China Replies to Russia.**

Pekin, Aug. 7.—China today sent in her reply to the Russian note of July 2, regarding the opening of the Sungari and other rivers to international trade. She mentions the Aigun treaty and the Russian treaties concerned, and refers to Russia's right to take part in framing the rules to govern the navigation of these streams. She does not deny that the treaties in question have a certain validity, but avoids specifying the extent to which she considers they have been modified by the Russo-Japanese peace treaty.

**Zeppelin Makes Long Flight.**

Cologne, Aug. 7.—Count Zeppelin today sailed his "Zeppelin II," the greatest air craft in the world, from Frankfurt to this city, arriving in good condition after a flight lasting 6 hours and 15 minutes. He apparently had the ship under perfect control and landed with the precision and ease of a bird. Those who witnessed the arrival of the ship were greatly impressed by the control in which the count held the air monster.

**Mobs Cheer Prohibition.**

Montgomery, Aug. 7.—Amid street scenes of wild enthusiasm, the bill making prohibition constitutional passed the house today.

**PORTERS ARE VICTORIOUS.**

Judge Grants Them Right to Block Road Against Harriman, Moro, Or., Aug. 9.—Judge Butler late Saturday night dissolved the temporary injunction issued against Porter Bros. This means that Twohy Bros. will not be permitted to cross the Gurtz ranch with supply teams and equipment for the Deschutes Railway company.

Not to be outdone, Harriman's legal representatives at once filed condemnation proceedings against Porter Bros. in an effort to force an entrance to the disputed territory through the property of their rivals.

Arguments in the injunction case occupied two days in the circuit court here. A night session was also held to expedite the hearing. There was a long array of legal talent for both contesting parties.

The evidence showed that the plaintiffs secured certain rights to go over these certain lands with their wagons and outfits, and on the strength of these rights, expended \$8,000 in constructing a grade down the canyon of the Deschutes to the railroad right of way. But no deeds were taken by the plaintiffs from the land owners, nor any agreements in writing. Porter Bros. saw the opportunity and purchased from the land owners the lands over which this road ran, and immediately upon securing possession under these contracts stopped the Deschutes Railway company from sending in supplies over the road.

While the temporary injunction was in force, the Deschutes Railway company had been sending in about 10 to 15 wagonloads of provisions to the river each day.

**EDWARD MAKES WINNING.**

Britain's Ruler Cleans Up \$1,000,000 on Steel Stock.

New York, Aug. 9.—By speculating on the stock of the United States Steel corporation, King Edward, of England, has just cleared more than \$1,000,000 as the harvest of a three-months' campaign, according to a story told today.

The story was given out in Wall street and much comment was made on the significant fact that the king's agents placed his commission immediately after a visit paid him by J. P. Morgan, who knows considerable about steel.

Not only has the crowned head of England profited by speculation in Wall street, but it became known that German royalty has been buying steel and other American stocks, all of which have made substantial advances to the material benefit of the royal coffers.

It was three months ago when King Edward's agents went into Wall street for steel. A short time before that Mr. Morgan had visited the king, and during the interview is supposed to have given Edward VII a tip.

**TOO MUCH FRUIT IN SOUTH.**

Ranchers and Dealers Desperate; Housewives Happy.

Los Angeles, Cal., July 9.—With peaches selling four pounds for one cent, cantaloupes being hawked at 10 cents a dozen, and apricots rotting because nobody will buy them at any price, ranchers and commission men are thoroughly disgusted while the housewife rejoices. Prices are so demoralized that cantaloupe growers of this section met today and decided to let all but the best fruit rot.

Only choice melons will be brought into market, and the growers have an ironclad agreement not to sell these at less than \$1 a crate. The glut extends to tomatoes. The finest kind in size, color and flavor fetched only 10 cents a box today.

**Ready for Irrigation Congress.**

Spokane, Wash., Aug. 9.—Wednesday afternoon will witness the biggest session of the 17th National Irrigation congress, when Richard Achilles Ballinger, secretary of the interior, will speak on "The Attitude of the Government Toward the Reclamation of the West" and it is declared by delegates that Ballinger will be asked to go fully into his policy toward reclamation. A statement made by Ballinger in Seattle that he did not believe in the government's taking up any projects as long as private capital was willing to enter the field will be the subject of much discussion.

**Two Thousand in School.**

New York, Aug. 9.—Columbia university's new departure, a summer school, has 2,000 students on its roster, of whom 1,930 are taking the regular course of lectures and studies and the balance are attending the College of Physicians and Surgeons. Under the new order of things it becomes possible for one to get the university degrees by attending one regular and two summer sessions of the university, or for those who cannot afford this four summer sessions will answer the requirements.

**Adviser to King of Siam.**

New York, Aug. 9.—Jens Sverson Westengard of Chicago, has been created general adviser to the Siam government, according to a cablegram from Bangkok. Westengard, who is now in Bangkok, where he has been serving for two years as assistant general adviser, will start for America within a week to make a short visit to his old home. His work has been so satisfactory to the king and the government that his quick promotion has followed.

**Big Immigration Gain.**

Chicago, Aug. 9.—According to figures prepared by E. E. McLeod, chairman of the Western Passenger association, there was an increase of approximately 141 per cent in the immigration to this country during the past six months.

**GENERAL STRIKE  
 ON IN SWEDEN**

All Workers Have Not Gone Out, but Activity is Seriously Checked.

Troops in Evidence at All Principal Points—Though Workmen Organize Force to Keep Order, People Are Arming Themselves for Own Protection.

Stockholm, Aug. 5.—With the street car lines tied up and all cabdrivers refusing to work, the labor difficulties here give promise of soon becoming acute. The general strike called for today has not yet become thoroughly effective, though the ranks of the strikers have been considerably augmented. Many affiliated organizations, while sympathizing with the strike movement, are still withdrawing their active support, preferring to let others take the lead in the present crisis.

The strike is by no means general in the provincial towns and industrial centers of Sweden. In most places the streetcars are running and the city employes are at work as usual. No disturbances have been reported. The loading of ships at Gothenburg, where 10,000 men are on strike, is being done by troops.

The fact that troops are protecting the gas works and the electric light plant has incensed the workmen, whose leaders threaten to call out all the men unless the soldiers are withdrawn.

A corps of workmen, some thousand strong, are being organized with the object of maintaining order, and the people generally, bankers, merchants, etc., are arming themselves for self protection.

The gunshops of the city are practically denuded of revolvers and small arms. All tourists have left the city and the number of visitors now in the city is smaller than at this season for many years.

**FORMOSA TO PRODUCE SUGAR**

Will Soon Lead World—Japan's Plan to Kill Head Hunters.

Victoria, B. C., Aug. 5.—Paul Bell, an engineer of the Honolulu Iron works, returned on the Tango Maru today from Formosa, where he has been establishing sugar mills for the Japanese Sugar company, and states that Formosa will, by next year, be the greatest sugar-producing country in the world. Five new mills were erected this year and five more are to be built next summer, all equipped with the latest machinery. The output this year was 99,000 tons, all of which went to Japan.

The Japanese are adopting a cruel method of dealing with the rebels of Formosa, head hunters. They have stretched trochas of barbed wire across districts, heavily charged with electricity.

**BEE STINGS CURE.**

California Man Crippled With Rheumatism Now Well.

Redding, Cal., Aug. 5.—Tortured by rheumatic pains, from which he has suffered for months, James R. Holt, head of a local contracting firm, submitted himself to the stings of 39 honey bees yesterday, and today walked to his office for the first time in many days, declaring that his joints were as limber as those of a boy.

Mr. Holt has been so crippled with the disease that for months he was compelled to use a carriage to go from his home to his office, three blocks away.

Ten or a dozen bees were applied to each aching joint, while the patient writhed in agony. After it was over he became nauseated and a chill lasting two hours followed. He retired for the night and finally fell asleep. When he awoke this morning he was surprised to feel no ache in his joints.

**Barcelona is Quiet.**

Barcelona, Aug. 5.—The situation in Barcelona today is tranquil. The only evidences of the terrible nightmares through which the city passed last week are the ruins of the convents and churches, and the torn-up pavements, the stones of which were used for the erection of barricades. There is, however, considerable apprehension for the future. The terrible repressive measures of the military authorities have left a deep undercurrent of resentment among the masses, and it is thought that the rebellion may flare up again.

**Filipinos Still Get Guns.**

Victoria, B. C., Aug. 5.—Major Dr. Snyder, of the United States Army medical corps, who has been stationed in the Southern Philippine islands for two years, arrived today on the Tango Maru. He says there is much gun smuggling from Borneo and Singapore by filibusters who keep the Philippine natives supplied with arms. The greatest number of contraband weapons are handled by Chinese, who conceal them in the bottoms of their boats.

**Turkey to Invade Crete.**

Cologne, Aug. 5.—The Cologne Gazette's Salonica correspondent cables that the Turkish government has ordered out 40,000 redifs in the territory of the Second army corps at Smyrna, and has contracted with three steamship companies for the transportation of troops and munitions of war to Crete. He says great excitement prevails everywhere.
