ECHO SCHOOL NEWS ITEMS

What is Happening in and Around Our Schools.

Editor Audrey Wattenburger, Assistants, Ruth Godfrey and Fee Esteb.

We are glad to say that one by one our old scholars are entering school again. Welland Prior has entered school this week and we expect Chas. Hoskins next week.

Work has begun on our new school building and in a short while we hope we will be able to occupy it.

Don Hoffnagle has been absent a few days on account of sickness.

We are glad this is fair week instead of next on account of examination, as some of our young folks expect to leave Thursday evening for Pendleton. We hope after having seen the fair they will all be ready for a good week's work and will show it by their excellent grades in examination.

We appreciate the visit one of our old pupils, Avis Peterson, gave us yesterday afternoon. Come again and bring some of your friends with you.

The sixth grade are decorating their room with some very pretty maps and also some drawings from their physiology.

The eighth grade are having a special drill on Asia.

If you want to hear some good music just visit our school from 9 to 9:15 a. m. as Mr. Cannon is trying to get us to make a specialty along that line. He intends sending for more song books in a few days so that there will be no excuse for anyone's not singing.

THE INTERNATIONAL OPERA CO.

Mark Third Night of Grand Opera.

In many ways quite the most forceful presentation of the opera season, thus far, proved to be Gounod's "Faust" which last evening introduced to San Francisco, not only Mme. Helene Thery, a really gifted French artist, but also, Columbini, a tenor from the Manhattan Opera house. Mme. Thery's voice is particularly well suited to modern dramatic music. It is of

ringing timber, yet of pleasing roundness and forceful. She and Columbini were splendid foils for each other in those two great impressive scenes of the second and third acts.—San Francisco Call.

The International Grand Opera Co. with 90 people, including an orchestra of 30 peices, will produce Gounod's masterful Faust for one night, Oct. 6, at the Oregon Theatre. Seats can be reserved at the Pendleton Drug Co. Phone Main 20.

Well known Hotel keeper Uses and Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I take pleasure in saying that I have kept Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family medicine chest for about fifteen years, and have never had satisfactory results from its use. I have administered it to a great many traveling men who were suffering from troubles for which it is recommended, and have never failed to relieve them," says J. C. Jenkins, of Glasgow, Ky. This remedy is for sale at the City Drug Store.

RETIREES FROM BUSINESS.

J. C. Hoskins, who has been engaged in the mercantile business in Echo for several years, has decided to retire from business and is closing out his stock of goods. Having interests in the country, Mr. Hoskins cannot devote his attention to the business. It is his intention to go to his ranch. Mr. Hoskins is also engaged in sheep raising.

NEW TONSORIAL ARTIST.

H. C. Myers, formerly proprietor of the barber shop in Hotel Gardner, Fargo, N. D., is now located in Stanfield. He will soon be in his shop in the Coe Block.

He is extremely fortunate in that many of his former Fargo patrons are and will be located in our town. Mrs. Meyer is on the operative stage, but will soon be with her husband in Stanfield.

More Than Enough is too Much.

To maintain health a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale at the City Drug Store.

F. M. Scribner and W. J. Meador, blacksmithing and horseshoeing a specialty. Satisfaction guaranteed. Corner Bonanza and Buckley streets.

EXCELLENT CLIMATE.

Who would want a better or more agreeable climate than we have in Umatilla county?

We have no floods.
No cyclones.
No tornadoes.
No earthquakes.
No severe winters.
No hot summers.
No twisters.
No cloudbursts.
No blizzards.
No freeze-ups and sudden thaws.

No droughts.
It is truly the Italy of the United States. Of course we have March winds—some times. But where is the place on the globe that doesn't have spring winds?

Those who are wont to curse, fume, fog and boil over because a mild breeze wafts a few little insignificant sprinkles of sand in their face should toughen up in the tidal wave zone, or a few nights rest under the foot of Vesuvius and also a night or so in Missouri where the mercury stands at 100 at midnight would be excellent experience to begin with.

The climatic conditions here are unexcelled. There is no disputing this fact.

BIRTHDAY SURPRISE.

Friday evening a fair sized crowd of Miss Beulah Barker's friends met at the home of Mr. and Mrs. E. Ripper's and marched to Mrs. Barker's residence to simply remind Miss Beulah that she was another year older.

Games of various kinds were heartily indulged in, and at the conclusion light refreshments were served.

The following were present: Mr. and Mrs. E. Ripper, Mr. and Mrs. C. J. Gulliford, Mr. and Mrs. E. H. Brown, Mrs. Clarke, Misses Clara Ripper, Dofrey, and Gulliford.

Blucher's Oversight.

The Emperor Napoleon received General Blucher at the castle of Finkenstein, while he was preparing for the siege of Danzig. Napoleon drew Blucher to a window in an upper story and paid him compliments on his military gifts, and Blucher, going away delighted, described the interview to his aid-de-camp.

"What a chance you missed!" exclaimed the latter. "You might have changed the whole course of history."

"How?"

"Why, you might have thrown him out of the window!"

"Confound it!" replied Blucher. "So I might—if only I had thought of it!"

PULL TOGETHER FOR ECHO.

PULL TOGETHER FOR ECHO.

TO ASK CONGRESS FOR \$10,000,000

BOND ISSUE URGED TO AID IRRIGATION PROJECTS.

FAVORS ROOSEVELT IDEAS

Announces His Intention of Applying to Congress for Confirmatory Legislation.

Spokane, Wash., Sept. 28.—In a speech on the conservation of natural resources, delivered here today, President Taft declared that he would ask Congress to authorize the issuance of \$10,000,000 in bonds to complete irrigation projects already begun in the West and on which work has been stopped for lack of funds. This has been the hope of many settlers in the arid regions who had taken up lands, anticipating securing a supply of water to make them fertile, and the President's declaration was enthusiastically cheered.

Mr. Taft broadly took the stand that while the present Administration is pledged to follow out the policies of Mr. Roosevelt, such a pledge does not involve him in any obligation to carry out these policies without Congressional authorization. The President added, however, that he would take every step and exert every influence upon Congress to enact legislation which shall best subserve the purposes and requirements of the situation.

Mr. Taft declared today that Congress did not intend that the Government should undertake projects which could not be currently paid for out of the proceeds of the sales of public lands, but added that he has been impressed during his visit to the West of the necessity for immediate relief.

The President gave credit both to Mr. Pinchot and to Mr. Ballinger. He referred to the wonderful work of Mr. Pinchot and said that while that work had brought denunciation at first it was now generally realized that the reforms inaugurated by Mr. Pinchot were not only necessary but should have been begun ten years ago.

Hopes Pinchot Will Not Resign.

Salt Lake City, Sept. 26.—As a result of several long conferences with the Chief Forester, Gifford Pinchot, President Taft caused to be issued a statement, in which it is declared that never at any time during the Ballinger-Pinchot controversy has the President intended to reflect upon Pinchot.

Mr. Pinchot, before leaving for Washington, also issued a statement, in which he makes public a portion of President Taft's letter, written to the Chief Forester at the time the letter to Secretary Ballinger was dictated. The President said he hoped Mr. Pinchot would not find reason in the Ballinger letter for resigning.

TAFT VISITS COAST CITIES

President Spends a Week in the Pacific Northwest.

Seattle, Sept. 29.—The Pacific Northwest is entertaining President Taft this week. The presidential special left Salt Lake City Sunday noon for Pocatello, Ida., and Butte, Montana, the latter city being reached early Monday morning. After spending a day in Butte with a brief excursion to Helena, Spokane was reached early Tuesday morning, and the entire day was spent in that city. The forenoon of Wednesday was spent at North Yakima and the party arrived in Seattle late this afternoon. The President will devote the greater part of two days to seeing the sights of the Alaska-Yukon-Pacific exposition, leaving Seattle late Friday afternoon for Tacoma, where the evening will be spent. The party will reach Portland early Saturday morning and will remain in that city until Sunday evening.

Great Northern Puts On Fast Train.

St. Paul, Sept. 28.—The Great Northern Railway has put into operation a daily mail and express train which will cut 11 hours off the present running time between St. Paul and Seattle. Mail from the East will reach Puget Sound cities 24 hours earlier. It is claimed that this will be the fastest long-distance train in the world.

HOUSES WANTED.

We need a dozen or twenty residences in Stanfield at once. Not a day goes by but parties are wanting houses to rent.

Here is a good field for investment in property that will not only increase in value but pay big interest while doing so.

STAY WITH IT.

Don't lose your grip—stay with it.

Get a hold after the fashion of the bull dog, then hold fast.

You will win in the end.

Umatilla county has a future.

It is dormant at present.

The awakening has yet to come.

It is yet only in its infancy.

Land where anything can be grown is scarce and has long been gobbled up. This kind of land is sought for and it is the only kind that is worth while.

It will not be many years before this kind of land will be worth \$1000 per acre and then it will be beyond your reach.

It will not be long before this irrigated land will be under cultivation then those who have held fast will reap what they have sown. Our rural villages will then have to expand to meet the impervious demand of increased population.

Thus no one has to have much of a foresight to see what is in store for the future.

All that is required is a tenacious bull dog grip and a combined boosting spirit.

Keep a stiff upper lip.

Boost.

Push.

Don't knock.

Say nothing and saw wood, and always strive and work for the goal—a greater, bigger and more prosperous community around us.

There's room for 200,000 people in and around Stanfield and plenty of good soil to support a million.

The Best Plaster.

A piece of flannel dampened with Chamberlain's Liniment and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. This liniment also relieves rheumatic pains and is sure to please anyone suffering from that disease. Sold at the City Drug Store.

POST CARDS

Just received 60,000 all kinds and designs. I can supply your wants. Come in and look them over. Prices 2 for 5c to 80c each
