OF BENEFIT TO ALL
 Kasparilla is the name of a new remedy most successfully prescribed for a "world of troubles." For derangements of the digestive organs it is a natural corrector, operating directly upon the liver and alimentary canal, gently but persistently stimulating a healthy activity. Its beneficial influence extends, however, to every portion of the system, aiding in the processes of digestion and assimilation of food, promoting a wholesome, natural appetite, correcting sour stomach, bad breath, irregularities of the bowels, constipation and the long list of troubles directly traceable to those unwholesome conditions. Kasparilla dispels drowsiness, headache, backache and despondency due to inactivity of the liver, kidneys and digestive tract. It is a strengthening tonic of the highest value.

Mail Carrier Bell Fords Grande Ronde
 Ferry Washed Ashore By Ice—No Mail At Bartlett in Four Days.
 Bartlett, Dec. 23.—Weather is fine now, had a little more snow, making now about four inches deep, hardly enough for good sleighing yet but everybody seems to be enjoying the little we have by sleighriding.
 The Christmas tree at the church was a success, and the house was packed with people. There were two trees which were loaded with presents. The decorations were the finest ever had in this part of the country. There was also a program that lasted about an hour and a half. The people appreciated the labor of both the decorating and the program committees. They certainly put in lots of time, and the children were all glad to see Santa come more as he is always such a jolly old fellow.
 Everybody reports having had a nice time at the Christmas dance at Mr. Walls' last night.
 The ferry boat at Troy has been washed upon the shore by the floating ice coming down the river and is now useless as far as crossing is concerned. Mr. Bell, the mail carrier, has quite a time crossing with the mail now. We are in hopes that the river will not rise any more, as he has to ford with the mail and if it should rise it would be impossible for him to get across.
 Mr. Chitwood and Tom Mallory have gone to Reubens, Ida., on a short visit.
 Later—These items were dated the 26th, but the mail never came on the 26th or the 29th, and I do not know that it will come today, but we are in hopes that it will. We think that the people in this part of the county need a bridge worse than anything else. Then we could at least get our mail.

Christmas Party In Garden of Eden

Entire Community Gather at Home of Mrs. Hafer—Pansies for Christmas Table.
 MRS. ADAH L. DOWNING,
 Wild Rose Home Farm.
 Troy, Dec. 27.—Christmas was an interesting event in the Garden of Eden. Everyone vied with one another in making it a merry and happy one. The party given on Christmas night by Mrs. Hafer and son Gene and Harry was a decided success and every Edenite was there, with a few exceptions. The festivities commenced early with a hot supper for all as soon as their wraps were off. Tables were cleared and reset again for the numerous guests. Several card tables were invitingly waiting for those inclined for a game of high five, seven up, cribbage or euchre; they did not wait long for attention, and many were deep in the different games, while others were viewing the most beautiful collection of postal cards the writer had ever seen. There were so many that half a dozen people could be entertained at the same time. Frank Eggleston also had his large collection of most elaborate postal cards there, which were beautiful indeed. George Courtney (our leading violinist and musician) and Charles Fleming with his fine toned guitar, furnished enlivening Christmas music. After all had supper, the large square kitchen was cleared, the immense range set out doors, and those who had been keeping time to exhilarating quick-steps took possession of the floor which was just right for dancing and waltzes, two steps, schottisches, fly waltz, Spanish waltz and heel and toe polka divided the time with old-time country quadrilles. Miss Wilma Courtney and Charles Fleming danced the Highland schottische by request, which was very interesting. Mr. Courtney making it more so by playing double quick time, but they could not be put out of step even then. About 12 o'clock another supper was served consisting of a great variety of cakes, pies, sandwiches, fruit, chicken, and last, but not least, hot coffee. Dancing kept up until 5 o'clock in the morning, after which every one was served with breakfast, then a merry sleighride home again. The weather was ideal for sleighing, both coming and going, air mild, yet bracing and about five inches of

Came Near Choking to Death.
 A little boy, the son of Chris. D. Peterson, a well known resident of the village of Jacksonville, Iowa, had a sudden and violent attack of croup. Much thick stringy phlegm came up after giving Chamberlain's Cough Remedy. Mr. Peterson says: "I think he would have choked to death had we not given him this remedy."
