BIG TIMBER DEAL HAS BEEN MADE

ABSTRACTS FOR THE CROSSETT TRACTS ARE ORDERED OF LOCAL OFFICE.

The big Crossett-Palmer timber deal has been completed beyond a doubt, as the 259 abstracts covering the Wallowa county land, have been sent to the Wallowa Law, Land & Abstract company of this city to be brought down to date.

The total deal involves in both Union and Wallowa county 278 tracts of land, the big majority being quarter sections, but including some 40 acre, 80 acre and 120 acre tracts.

The abstracting job is no small affair, especially as it is a rush order, but an extra force of hands is helping Mr. Boyd to expedite matters.

Nothing is known relative to the rumor that the Palmer company was buying only to sell to a Chicago syndicate, which was going to buy not only the Crossett timber but the original holdings of the Palmer company, including the La Grande mill at a fine big profit.

The deeds for the Crossett deal have not yet arrived in County Clerk Boatman's office for recording.

CHRISTIAN CHURCH TO BUILD PARSONAGE

LOTS WEST OF CHURCH BOUGHT AND WORK TO BEGIN SOON.

The Christian church people at a business meeting held Friday night voted unanimously to build a parsonage. Work will be begun as soon as the weather permits. Plans have already been drawn for the building which will be a two-story house, 20x41 feet.

The Christian church was packed again Sunday night, a number standing and many turned away.

Evangelist Jackson in an able and eloquent manner presented the subject of "The American Dollar." He showed the analogy between a dollar and a man. He said in part: "The silver in this dollar," holding a dollar in his hand, "was once away down in the ground, and as long as it remained there it was of little value. So in every man's life there are gems which must be brought to the surface to be useful. All the dollars in the world will not buy one human soul. You are not bought with silver and gold, but by the precious blood of Christ."

The revival will close Sunday night. The following are some of the subjects this week: Tuesday, "The Seven Golden Candlesticks." Wednesday, "The Incomparable Love of God."

Thursday, "The Church of Christ." Friday, "Sympathy." Saturday, "The People of Tomorrow."

Sunday, 11 a. m., "Braving the Blast." Sunday, 7:30 p. m., "From the Cradle to the Cross."

This entire sermon will be illustrated by stereopticon pictures.

The Sunbeam chorus will again sing Friday night.

ORGANIZING NEW BANK IN THIS CITY

ENTERPRISE NATIONAL IS NAME—WILL HAVE \$25,000 OR MORE CAPITAL.

A new national bank with a capital stock of at least \$25,000, and probably \$50,000, is being organized, and application made for a charter. So far only local capital is interested, but if it decided to make the capital stock \$50,000, an Eastern banker of experience and capital may be admitted.

The name of the new institution will be The Enterprise National bank, and it will open its doors for business about the second week in July next.

At the start only a capital of \$25,000 was asked for, but this was quickly over-subscribed and two \$13,000 subscriptions left over. A meeting will be held to decide whether to increase the capital at once or to defer it for a year or 18 months. Until this is decided those in charge of the subscription refuse to give for publication the names of those who have subscribed for stock.

Nothing is given out as to the location of the new bank or its officers.

DINNA YE HEAR THE SLOGAN?

"Hak! Dinna ye hear it? What does it say? Advertise, like blare of mighty trumpets through the land. It is the simultaneous cry everywhere. Advertise, East, West, North and South of us every city, town and village is advertising. What for? There are different ways of defining it, but they all mean the same. It is to enlighten, to give information to the public. To let the rest know what you are doing and what you want to do. If you have goods to sell, if you have land to sell, if you have stock to sell, if you have lands you want settled, if you have latent resources needing development—advertise.

Let the public know what you want done and someone will come and do it for you. More than that the some one will pay for the privilege of doing just what you want done.

How About Your Title?

This is the question always asked by the prudent land buyer. When land was cheap such a question was seldom asked, and little attention was given to the subject. Any justice of the peace or notary was good enough to draw up a deed or mortgage, and abstracts were seldom called for. Consequently the records teem with errors. Erroneous descriptions, unsealed deeds, misspelled names, unpaid taxes, uncancelled judgments, irregular acknowledgments, failure to state whether grantor was married or single, mortgages and liens paid but not satisfied on the record, are a few of the errors constantly occurring in the investigation of titles. Loan companies and careful buyers will not take defective titles or buy a law suit. The time to have these defects remedied is now while it can be done. This subject is so closely connected with the selling of real estate that we have installed an abstract department, and are in a position to make reliable abstracts of title.
