BANNER YEAR FOR SHEEP BUSINESS

BIG CLIP AND HIGH PRICES PREDICTED BY STATE SECRETARY SMYTHE.

R. F. Stablefield, the well known Enterprise flockmaster, left Monday for Colfax, Wash., to superintend the shipment of 470 bucks here which he recently purchased of Hollingsworth. They are of the popular French Merino breed.

Secretary Smythe of the State Woolgrowers association is sanguine this is going to be a great year for Oregon sheepmen. The clip is expected to be the largest ever, while the price for the present outlook will be 20 cents or better for best wool. Montana reports 25 cents offered.

Ellery, buyer for a big Boston firm was in the county last week offering 18 cents but no growers contracted at those figures.

COYOTE PROOF PASTURE SUCCESS SAYS F-S EXPERT.

The following summary of results from the coyote-proof pasture conducted by the Forest service in this county, will be of interest to stock-growers.

"Portland—J. T. Jardine, grazing expert in the Forest service, before leaving for the Wallowa National forest to observe range conditions during the lambing season, spoke of the work of the service there as follows:

"The experimental work conducted at coyote-proof pasture on the Wallowa National forest last season was a continuation of the work begun in 1907, for the purpose of studying the pasturage system of handling sheep with a view to bringing about the highest possible utilization of grazing lands.

"The coyote-proof fence constructed in 1907 was repaired and the enclosure cleared of animals in May of 1908. On June 21 a band of 2,200 ewes and lambs of Rambouillet breed were turned loose in the enclosure. During this time an accurate record was kept for the purpose of ascertaining the number and kind of animals coming to the enclosure, and the attitude of each toward the coyote-proof fence.

Coyotes were at the fence line nearly every night during the 95 days of test, and not one succeeded in getting through. Grizzly bear and brown bear passed through the enclosure many times, but did not molest the sheep, and it may be of interest to note that two grizzlies and five brown bear were killed within the pasture or near it.

"At the close of the season the short wool lambs of the pasture band then six months old, averaged 72 pounds. The best lambs of the same breed, and the same age herded on range near the pasture, but richer in forage crops than the pasture area, averaged 64 pounds. The average weight of four bands of one-half Shropshire lambs from choice summer range, were 63, 64, 65, and 69 pounds.

"The loss from the pasture band was less than one-half of one per cent. The average loss, during the

same period, from outside bands was three per cent.

"Careful comparison of range grazed under the two systems showed that 50 per cent is a conservative estimate for the increase in carrying capacity of lands grazed under the pasture system over lands grazed under the customary methods of herding.

"We have then, an increased carrying capacity of 50 per cent, larger winter sheep, far less loss and we may anticipate a heavier, cleaner crop of wool."

Meeting Held At Wallowa Friday For Promotion of Good Will.

Representative business men from all the valley towns met in Wallowa Friday for the purpose of organizing a Merchants association. The following firms were represented:

The association will use its influence in securing for the county as a whole a reduction in freight rates, and in all matters affecting the general welfare of the county, it will lend its aid.

The following officers were elected or six months: G. W. Hyatt, Enterprise, president; S. T. Combs, Wallowa, vice-president; C. H. Zuercher, Enterprise, secretary; Wade Siler, Joseph, treasurer.

A committee on constitution and by-laws, consisting of Fred S. Ashley and C. E. Funk of Enterprise and F. W. Fitzpatrick of Lostine, was appointed and directed to make its report May 12, at which time the association will again meet at Wallowa and more fully outline its plan of work.

Section 1. There shall be paid by the State of Oregon and the counties thereof as in this act and in the manner hereinafter provided for the killing and destruction of the following named animals, hereafter killed in the State of Oregon, the following bounties: For each coyote or coyote's pup, \$1.75; for each gray wolf or black wolf, \$5.00; for each gray wolf pup, black wolf pup, timber wolf or timber wolf pup, \$2.50; for each bob cat, wild cat or lynx, \$2.00; for each mountain lion, panther or cougar, \$10.00.

Section 2. Any person killing any of the aforesaid animals in order to obtain the bounty provided for in Section 1 of this act, shall within six months of the date of the killing, present to the county clerk of the county in which said animal or animals have been killed, the entire skin of each of said animal or animals, which skin includes and must have attached thereto all four of the paws, or feet, the tail and the skin of the entire head, including both ears thereof, eye holes, and skin to tip of nose; and shall at the same time make affidavit with the said county clerk an affidavit which shall be sworn to before said officer, and which said affidavit shall state: (1) the kind of animal or animals from which said skin or skins were taken and the number of skins so presented; (2) that the county in which said animal or animals were killed in (a) the county in which their skins are presented for payment of a bounty; (3) that said animal or animals from which said skins were taken were not brought or received, dead or alive, from any other county or state; (4) that said animals were killed on or after the first day of February, one thousand, nine hundred and nine, and within six months from the date of making of said affidavit; (5) that said animal or animals were killed by the person presenting such skin

Section 3. Upon the presentation of the skin or skins as aforesaid of each coyote or coyote pup and the making and filing of the above mentioned affidavits, the county clerk shall, to prevent fraud, minutely examine each skin presented, and should such examination disclose that the entire skin, with all its parts as is above set forth, including all four

paws, has not been severed, unattached, punched, patched or in any manner marked, he shall there, in the presence of the persons presenting such skin or skins, mark each skin by severing the skin from the head, including the scalp and ears, and then redeliver the skin or skins to the person presenting the same. The county clerk shall retain possession of said scalp so severed and issue to said person presenting the skin or skins and making the affidavit as

Call From Church At Cottage Grove

Rev. S. C. Adams Accepts Invitation To Become Its Regular Pastor.

Rev. Selden C. Adams, for the last year pastor of the Enterprise Presbyterian church, has accepted a call to the Cottage Grove church, and with his family will leave for there the last of this week.

Mr. and Mrs. Adams had intended going to the Willamette valley Monday for a several weeks stay to see if the lower altitude would benefit their little son, Carlisle's health, he being a sufferer from asthma. Rev. Adams announced this to his congregation Sunday morning, but in the afternoon he received a telegram from the Cottage Grove church, inviting him to come there as pastor. The chance to help his son's health decided him to accept.

Mr. Adams has been an enthusiastic worker for the Master while here and both he and Mrs. Adams have many friends who are very sorry to see them leave but wish them prosperity and health in their new home.

ENTERPRISE WINS, 31 TO 2.

The Enterprise baseball team defeated the Joseph team on the latter's grounds Sunday by the juggled score of 31 to 2. The Enterprise line-up was as follows: Bilyeu and Conaway, pitchers; Piddcock, French, 1b; Piddcock, 2b; Gilbert, 3b; Litzberg, ss; Pace, Savage and Auer, outfield. The local boys played a fast, snappy fielding game and stung the ball for keeps. The new talent showed up well. Joseph made only one hit off Conaway and none off Bilyeu. An effort is being made to arrange a game with La Grande.

PARADISE GLINTS.

Paradise, April 23.—Farming has commenced in earnest in this section.

Wm. Johnson, Elmer Mosier and Harry Trops of Anacost, Wash., passed through here in an automobile bound for Enterprise. They went to Ted Fir Springs, encountered a muddy road and returned.

Sheff Marvln and Attorney Dill of Enterprise were here yesterday. Rev. Jackson and wife are holding a series of meetings in Paradise. Sixteen have united with the church.

Ball Shelton and wife were up from the Grande Ronde river visiting. Gilbert Phillips and wife left for Wabburg, Wash., last week.

Peter Fordney came in from Wallowa a few days ago. J. A. Stowell and wife made a trip to Lewiston last week.

The Flora Journal made an attack in the Paradise correspondent of the News Record. The Journal was mistaken. We do not wish to stop the reform movement now in progress in this section.

DILL APPOINTED DISTRICT DEPUTY

SUCCEED EEBERHARD AS PROSECUTING ATTORNEY FOR WALLOWA COUNTY.

Thos. M. Dill, city attorney of Enterprise, was appointed deputy prosecuting attorney for Wallowa county, Monday, by the district attorney, Col. F. S. Ivanhoe, of La Grande. Mr. Dill succeeds C. B. Eberhard who resigned to become receiver of the U. S. land office. Col. Ivanhoe came to Enterprise Saturday to make the appointment.

The selection of Mr. Dill is an eminently fit one and he will bring to the office first rate legal ability, ten years' and a conscientious performance of duty. Mr. Dill has made a fine record as city attorney, and his recent achievement of putting through all the legal work in connection with the water bonds without an error of commission or omission, received high praise from the Chicago bond attorneys who say it is unprecedented. The office of deputy pays \$50 a month salary.

Talk Motor Cars For This Branch

La Grande Hears Rumors of Up-to-Date Passenger Service Over Here.

It is possible that a motor car somewhat similar to those now run on the Washington division of the C. & N., will be into service between here and Joseph according to rumors in railroad circles, says the La Grande Observer. Such cars will carry passengers only and will be able to make fast time in the canyon districts where sharp curves are impediments to fast schedule with a steam train. Such cars are proving very popular in Washington branch lines, and it will not be surprising to see them go into service here.

Work Train Coming. A coal bin was erected in the east end of the Enterprise yards last week and filled with coal. "For a work train," says Agent Harman. It is reported a force of 40 white men have begun the construction of the fence along the right of way of the branch.
