**What is Best for Indigestion?** Mr. A. Robinson of Drumquin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price 25 cents. Samples free at Burnaugh & Mayfield's drug store.

**Victoria Punch.** Pour one cupful of hot tea infusion over one cup of fine granulated sugar, and as soon as the sugar is dissolved, add three-fourths of a cupful of orange-juice and one third of a cupful of lemon-juice. Strain into a punch-bowl over a large piece of ice, and just before serving add one pint of ginger-ale and one pint of carbonated water. Garnish with a few thin slices of orange from which the seeds have been removed. The gingerale gives this punch a delightful sparkle. Woman's Home Companion for August.

**Granulated Sore Eyes Cured.** "For twenty years I suffered from a bad case of granulated sore eyes, says Martin Boyd of Henrietta, Ky. In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by Burnaugh & Mayfield.

**Wallowa County Chieftain County Pioneer Paper**

Established in 1884. Published every Thursday by The Enterprise Press. Office East side Court House Square.

**THURSDAY, AUGUST 12, 1909.**

**THE COAST HOG.** The Spokane rate decision, while it is not as broad as it should be, helps the intermountain region some. It will help a great deal more in the future if the Portland, Seattle and San Francisco hogs keep up their yawp about being entitled to the same or better rates from the east than towns in the interior from two to five hundred miles nearer eastern shipping points.

The plea of the Coast hogs, who have fattened for years on overpayments by people in the Inland Empire is that because of water competition they are entitled to a less rate than Spokane or Baker City. This plea is absolutely without equity.

To meet water competition, the railroads make say a rate of \$15 a ton on some commodity from Chicago to Portland. If they are hauling the commodity at a profit at that rate then every point east of Portland is justly entitled to a less rate. There cannot possibly be any ifs or ands about that.

If the railroads hauling that commodity from Chicago to Portland a \$15 do so at a loss, then somebody is digging down in his pockets and making up that deficit. The people between Portland and the Rocky Mountains have been doing that digging for a good many years when they had to pay on goods shipped from Chicago the coast rate plus the local rate from Portland back to the interior town. But the people here are tired of thus helping to fatten the Coast hogs, who are now putting up a big howl to keep their unfair advantage.

If the railroads can't meet water competition to the Coast on Eastern shipments without loss, then the railroads shouldn't try. They haven't any right to rob Peter to pay Paul.

If water transportation is such a tremendous boon to Portland and Seattle, let them get their goods by water. If the Coast jobbing houses have such a big "natural" advantage over Spokane, what are they howling so about.

The truth seems to be the Spokane houses will get all the trade if given the just and equitable railroad rates they are entitled to.

The testimony of three or four local men who have made a personal examination of the Flathead and Coeur d'Alene reservations, is that nine-tenths of the land is no better, and by far the largest part of it is not as good as government land right here in Wallowa county still open for settlement. The only explanation for the tremendous rush in the gambling feature connected with the filing. Most men like to take a chance.

If Merchant Jones chanced off a 75 cent scarf pin and this paper mentioned the fact, the postoffice department wouldn't allow that issue to go through the mails. The government itself however conducts the biggest kind of a lottery when it chances off millions of acres of reservation land. That's all right of course, and highly moral because the government does it.

**Cholera Infantum Cured.** "Something like two years ago my baby, which was then about a year old, was taken seriously ill with cholera infantum, vomiting and purging profusely, writes J. F. Dempsey of Dempsey, Ala. I did what I could to relieve her but did her no good, and being very much alarmed about her went for a physician but failed to find one, so came back by Elder Bros. & Carter's store and Mr. Elder recommended Chamberlain's Colic, Cholera and Diarrhoea remedy. I procured a bottle of it, went home as quickly as possible and gave the baby a dose of the remedy. It relieved her in fifteen minutes and soon cured her entirely." For sale by Burnaugh & Mayfield.
