

SEALY

This Mattress is made of long staple cotton, and is nontufted which makes it absolutely sanitary, no place for bugs and dirt or germs of any kind to collect. Guaranteed for 20 years against becoming lumpy or uneven.

FRED S. ASHLEY

Mattresses

Some of the so-called cotton mattresses are made of linters, which is not cotton at all, but scrapings from the cotton seed and not to be compared with the long staple pure white cotton used in the SEALY.

The Home Furnisher

A NARROW ESCAPE.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near to it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." Burnaugh & Mayfield.

Editor's Meeting.

The Eastern Oregon Editorial association held a strictly business session in the parlors of the Mitchell Hotel at Joseph, Wednesday night. Editor Lee Tuttle of Elgin, Editor S. P. Shutt of Joseph and the editor of this paper were the only members present. Among newspaper men absent were Harvey Scott of Portland, W. E. Curis of Washington and Colonel Henri Waiterson of Louisville. Editor Shutt was given the 11th degree and wanted more, which he didn't get.

A. L. Grinstead has returned from a long trip to various points in the central and western part of the state.

MITCHELL HOTEL CHANGES HANDS

SPOKANE MAN BUYS FAMOUS JOSEPH HOSTELRY PAYING \$112,000 FOR IT.

The Mitchell Hotel, famous for many years in Joseph, has been sold by Mrs. J. M. Mitchell to E. M. Middlebrook, formerly a sheep man of Eagle Valley, but for the last few years a resident of Spokane where he followed the hotel and real estate business. The price paid for the hotel was \$112,000 and considerable real estate was turned in on the deal.

The retiring landlady, Mrs. Mitchell has made a snug fortune in the business. She is one of the best known hotel women in the state, and scores of commercial travelers always make it a point to make the Mitchell their lounge, stopping point while in the valley. The hotel is a three-story, 90 room frame structure. The new proprietor's family consisting of his wife, three daughters and one son will join him in a few days.

Two Farm Deals.

Henry Young has bought the W. A. Murray place just below town paying \$4500 for it.

Wm. Knight's homestead six miles north of this city has been sold by the Enterprise Real Estate company to Joe Allen. The land is a first rate hill claim and includes over 100 acres of tillable land.

ADVICE TO HOMESTEADERS.

No patent to a homestead is now turned until after the homestead has been examined as to the amount of work, etc. done on it by a field man in the employ of the general land office, says the Burns Times-Herald.

Some excellent advice to homesteaders was given the other day by a field man who is connected with the general land office. He said:

"The man on a homestead should keep a daily diary so he can tell what days he was away from the homestead and what he was doing while away. He should keep a memo-

randum so when the time comes to prove up his homestead and get a patent for it from the government, he can show where he was during the five years necessary for him to live on the homestead to secure his patent, how long he was away and what he was doing.

"It is difficult for most homesteaders to make a living on the homestead during the period he is required to live on the land, and it becomes necessary for most of them to earn money elsewhere in order to maintain themselves and buy bread and other food supplies, clothing, horses, etc.

"When the time comes to make final proof before securing his patent a homesteader must have two witnesses vouch for him. These witnesses are required to answer a long list of questions bearing on the homestead, the amount of work done, etc.

"It is quite important that a homesteader keep in touch with his neighbors and letting them know what he is doing. It is usually a very difficult thing to find a witness who is able to give satisfactory answers concerning a homestead covering a period of five years.

"The government is more particular now than formerly about a homesteader making his home on his homestead. It is very necessary for him to make his home there and have no other residence.

WARNING.

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, life is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system.

Many people delude themselves by saying "it will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney remedy, and stop the drain on the vitality. It cures backache, rheumatism, kidney and bladder trouble, and makes every trace of pain, weakness, and urinary trouble disappear. LIFE ROMANCE OF ORVILLE WRIGHT

PORTLAND WOMAN CLAIMS SHE MARRIED HIM WHEN 15 YEARS OLD.

Portland, Aug. 27.—A woman claiming to have been the wife of Orville Wright, the famous aviator, is in Portland today making preparation for the education of her son Lester, aged 11 years. She avails Wright's child. She has supported the boy by doing house work and nursing. She said she received a communication from Wright in which is expressed his willingness to share the expense of educating the boy. She claims to have married Wright in October, 1897. She was Ada Miller of Central City, Nebraska.

She said she was told by Wright's uncle that Orville was dead, and after two years she married. Believing herself widowed, she married J. R. Carson in Vancouver, Washington, after they separated.

DEATH RECORD.

Alexander Mavor died at his home in Enterprise, Thursday morning, August 25, after an illness lasting several months from stomachic disease of the lungs. Funeral was held from the Presbyterian church Friday forenoon, services being conducted by Rev. Samuel Harris. The church was filled with friends and neighbors. Interment was in Enterprise cemetery.

Mr. Mavor was born on New Years day, 1851, in Scotland. He came to America at the age of 18, and for years worked in the mines of the west. He was one of the first prospectors and miners in the Black Hills and fought in the war with the Indians there. He at one time owned the Flagstaff mine at Bingham, Utah, but afterwards became a noted producer.

He was married 19 years ago to Elizabeth Trimmann at Big Lost River, Utah. Five children were born to them, Margaret, Alice, Clara, George and Vandus, all of whom survive to comfort their widowed mother.

Mr. Mavor has a brother living in Australia, a sister in Toledo, Washington and a sister at Fairbury, Neb. The entire community extends its sympathy to the widow and children.

Planning Great Fair at La Grande

Ask Co-operation of Wallowa County—Attendance of 20,000 is Objective.

LaGrande, Aug. 27.—Nothing short of the greatest exposition ever held in eastern Oregon is the aim of the managers and stockholders of the Union County Exposition Association. The date of the exposition has been fixed for the first week in October, beginning on Monday the fourth. The educational, industrial, mineral, horticultural, domestic and artistic sides of our great nation will each be given prominence.

The objective point in attendance is 20,000 people. This can be done and a special committee has been appointed to take up the work of spreading the news of the exposition among the people of the two counties among the people of the two counties. The attendance at the exposition will be greatly availed by the city-erna people who are in the west going to or from the A-Y-P.

A substantial backing for the enthusiasm of the people of promoting the event, is the sum of \$7,500 to be expended in making it a success. The buildings which will cost \$200,000 under way and will give a total of 932 lined feet, with a floor surface of about 75,000 square feet. The building will include a grand promenade for the finer articles exhibited and plenty of stables and stalls with running water for the livestock.

The management is convinced of the possibilities of the two counties to put up an exhibit which will place the district in the forefront of all progressive communities. For this and the cooperation of every citizen must be had in securing a thorough display of the resources of the section.

Why?

From a small beginning the A-Y-P and use of Chamberlain's Colic, Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by Burnaugh & Mayfield.
