VERDICT OF HUNTER JURY: NOT GUILTY

COME TO AGREEMENT IN FEW MINUTES—TRIAL LASTED FOUR DAYS.

After being out about an hour Monday night, the jury in the case of the State vs. W. B. Hunter returned a verdict of not guilty. The trial lasted, including securing a jury, four days, and was of much popular interest. A large number of the best people of Lostine and vicinity were subpoenaed as character witnesses by the defense, but few were used, as it was unnecessary.

When the state had finished presenting its testimony, the defense moved to have the case dismissed, but the court held that the evidence of Smith should be passed upon by the jury.

No other verdict than acquittal was expected by those who heard all the testimony.

It is said the jury agreed on a verdict inside 10 minutes, but remained out for other reasons.

The trial of Howard Coyle of Powwatu, charged with wounding some sheep belonging to neighbors which were trespassing on Coyle's land, was heard Tuesday, the jury returning a verdict of not guilty.

The case of J. A. Wood, Admr., vs. L. F. Morley is being tried Tuesday afternoon. It is a dispute over the sale of a gelding valued at \$75.

Southwick Bound Over.

Wheeler Southwick was given a hearing before Justice A. C. Smith Saturday afternoon and bound over to the grand jury in \$500 bonds, in default of which he was remanded to jail.

Southwick swore he did not shoot at his wife, but fired in the air not knowing she was near. His wife

swore he shot to the ground and that she heard the bullet strike. Her father's testimony was similar. The driver of the livery rig Southwick was in, didn't seem to have a very clear idea where the shot was fired.

J. S. Vest and Five Sons Locate Here

Six Sons Each Over Six Feet Tall And Accomplished Musicians.

Mr. and Mrs. John S. Vest of Sun Dance, Wyo., and three stalwart sons, Robert, George and John, Jr., the latter accompanied by his wife, arrived in Enterprise, Monday, to make this city their home.

The senior Mr. Vest is a brother of our fellow townsman, G. H. Vest, and of C. E. Vest of Joseph. He and one of the boys were here a year ago and liked the country so much they resolved to move here as soon as possible. Two of the sons, Clarence and Grover, came a few months ago and are already established in business, conducting the Vest & Vest meat market on River street.

There are six sons altogether, every one of whom is six feet or more in height, making over 36 feet of Vest. One son, Benjamin, who is a stockman, remains at Sun Dance. Mr. Vest, Sr., and his sons own ranches near and city property in Sun Dance that they have not sold, but nevertheless they have come to make their permanent home here. Mr. Vest, Sr., has rented the former Littleton property, corner of West First and Greenwood streets.

The five boys compose the Vest brothers orchestra that is famous all over Wyoming, and they are also band men.

DEATH RECORD.

Mrs. C. F. Johnson Dead.

Mrs. Jane Weaver Johnson, wife of C. F. Johnson, died Tuesday afternoon after a long illness of pleurisy and complications. Funeral was held Wednesday forenoon at 10 o'clock from the Methodist church to Alder cemetery, where the body was buried. The services were conducted by Rev. C. E. Trueblood.

The deceased was the daughter of Mr. and Mrs. Wm. Weaver and was born in Laurel county, Ky., May 16, 1877. She came to Oregon and to

Wallowa county with her parents, and was married to C. F. Johnson, Dec. 16, 1906. To them were born two daughters, who survive, the only comfort of the heartbroken husband. Father, mother, six sisters and one brother also mourn the departed. Mrs. Johnson joined the Methodist church about 10 years ago, and died in full Christian faith and hope. She was a woman that had many friends who sorrow for her death as kindred do. Loyal, loving and conscientious to performance of all duties, as daughter, wife and friend, her death is very sad and the bereaved ones have the sympathy of the entire community.

A DEFINITION OF OSTEOPATHY.

Osteopathy is a system of treating disease without drugs by the use of the hands to adjust all parts of the human mechanism to perfect mechanical relations. It is that science which finds in disturbed mechanical relations of the anatomical parts of the body the cause of disease, and which is employed to cure disease by applying technical knowledge and high manual skill to the correction of all disturbed relations occurring in the mechanical arrangement of the body. It is a science founded upon the principles of anatomy and physiology.

The word does not mean the treatment of bones nor of bone diseases. It was used as a name because the founder discovered the importance of disturbances in the bony framework of the body in causing disease. He studied the skeleton as the foundation of anatomy, upon which science he grounded his system. The meaning of the word applies not only to derangements of bony parts, but as well to disturbed relations of nerves, ligaments, tendons, blood-vessels, muscles and of any body tissue.—Journal of Osteopathy.

In New York and San Francisco men will soon be again gnawing the crus's of charity in bread lines. A little charity properly and intelligently applied would put these men on the lands of Oregon and make useful citizens of them.

POSTAL RECEIPTS SHOW LARGE GAIN

SEPTEMBER INCREASE AT ENTERPRISE 80 PER CENT OVER YEAR AGO

The rapid yet substantial growth of Enterprise is plain to all who are here—the construction of business houses and residences, with the demand for such buildings keeping far in advance of the supply, being evidence to the eye that is indisputable. To people at a distance the best barometer of expanding business and growth of population and trade is the postal receipts.

From figures furnished by Postmaster Weathers, these receipts are shown to back up the growth indicated by new construction. The receipts for September, aside from money orders, were over 80 per cent greater than for September 1908.

While the September increase was the banner one so far this fiscal year, every month shows a big increase over the same month of a year ago. October receipts were \$350.79, an increase of nearly 30 per cent, and the largest month's receipts in the history of the office except one.

The number of money orders issued for the year ending October 31, 1908, was 3,435, and for the year ending October 31, 1909, the total was 4,408, an increase of nearly 25 per cent.

No town in Eastern Oregon makes a better showing.

LETTERS FROM THE EDITOR

Every subscriber to this paper who is in arrears on his or her subscription is receiving a "letter from the editor" telling how the account stands on our books and asking that the amount be paid. It is these amounts, each quite small, that grease the wheels of the press that prints your paper, and the aggregate means a lot to a country newspaper. Please follow the directions in the letter and "get in good standing" with the paper so that the paper may stay in good standing with the paper houses and the boys that do the work.
