

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung diseases. Sold by all dealers.

He Popped.

A gentleman who had been in Chicago only three days, but who had been paying attention to a prominent Chicago belle, wanted to propose, but was afraid he would be thought too hasty. He delicately broached the subject as follows:

"If I were to speak to you of marriage, after having only made your acquaintance three days ago, what would you say of it?"

"Well, I should say never put off till tomorrow that which should have been done the day before yesterday."

Chamberlain's Cough Remedy is a very valuable medicine for throat and lung troubles, quickly relieves and cures painful breathing and a dangerously sounding cough which indicates congested lungs. Sold by all dealers.

Flint Filled Butter.

Butter that was sold to the English working classes of the fifties was adulterated with ground flint. The flint stones were ground and manipulated into a substance called "soluble silica." This dissolved in water formed a stiff jelly, which was mixed with the butter, fresh salt and coloring matter being added. The compound resembled a very good looking dairy made butter.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always the hardest to cure. If you will take Chamberlain's Cough Remedy at the onset you will be saved much trouble. Sold by all dealers.

The Neglected Commandments.

General Rundle was visiting in company with a party of tourists his native county of Devonshire, and they were shown over a little old fashioned church. Among the party was a clergyman, who, when the visit was concluded, looked round the church and said to the attendant:

"Very nice indeed, but I notice that you have not got the Commandments exhibited. How is that?"

The man's reply was startling. "Well, sir," he answered, "it is like this: We used to have them up one time, but no one about here seemed to take any notice of them, so we took them down, and they are behind that door."—London Tatler.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good. What's changed? The pies? No, it's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowel of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—stomach, liver, kidneys, bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at all druggists.

A Low Standard.

"Women put up with too much in matrimony. Their standard of matrimonial felicity is too low."

The speaker was a well known suffragist. She resumed:

"Why, once in the days of my stum work a woman said to me:

"Mrs. Blank likes her second husband far better than her first, ma'am."

"Why? I asked.

"She says," was the reply, 'that her second does so much time that practically all she earns she has for herself.'"

Pneumonia Follows a Cold.

but never follows the use of Foley's Honey and Tar, which stops the cough, heals the lungs, and expels the cold from your system. Take at first sign of a cold and avoid a dangerous illness. Burnaugh & Mayfield's drug store.

Oh, That There Were Others!

They knew she had lived abroad for a couple of years, they said. Why did she never speak of it?

"I used to once in awhile," she answered, "but not any more after I met the two Brooklyn girls who had traveled all over the world. They cured me. It was 'When I was in China,' or 'When I was in Japan,' or 'When I went through the Black forest,' or 'When I took a sail down the Red sea,' until they just about bored me to death. I said to myself then that I would ever spare my friends, and I have kept my word."—New York Press.

Simple Remedy for LaGrippe

LaGrippe coughs are dangerous, as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package Burnaugh & Mayfield.

The Oldest Game of Ball.

Court tennis is the oldest game of ball that we have—that is to say, it goes back further in its present form than any other.

Games of ball of some kind go back so far that there is no trace of their beginning. In their simplest form the ball was thrown from one man to another. If we carry the process one step further and imagine the ball, or whatever stood in its place, to be hit back with the hand instead of being caught and thrown we have at once handball, the original of all games like tennis, racket, etc. Indeed, the French name for tennis remains *paume* to this day, because the ball was struck with the palm of the hand.

A Frightful Wreck

of train, automobile or buggy, may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica Salve—earth's greatest healer. Quick relief and prompt cure results. For burns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, it's supreme. Surest pile cure, 25c at all druggists.

The British Constitution.

In England there is no such thing as a constitution as we understand the word in this country. The British constitution is merely a mass of law consisting partly of statutes and partly of decided cases and accepted usages in conformity with which the government of the country is carried on from day to day. The constitution of the United States is written and can be read in twenty minutes' time, while the British constitution is unwritten save as it is contained in hundreds of volumes of statutes and reported cases.—New York American.

It is a dangerous thing to take a cough medicine containing opiates that merely stifle your cough instead of curing it. Foley's Honey and Tar loosens and cures the cough and expels the poisonous germs, thus preventing pneumonia and consumption. Refuse substitutes and take only the genuine Foley's Honey and Tar in the yellow package. Burnaugh & Mayfield.

A Postoffice Story.

In one month, according to the Journal of St. Petersburg, there have been found in the postoffice letter boxes 332 postal cards and 170 letters and book packages bearing no address. In this respect the Independence Beige relates the story of a peasant who in writing to his son addressed the letter, "A Mon Pils, Bruxelles" (to my son, Brussels). The authorities did not despair. They placed the missive in the rack of letters to be called for at the general postoffice. One day a young man appeared at the counter and asked, "Have you not received a letter from my father for me?" The clerk handed him the letter without hesitation. He was the addressee.

Rev. I. W. Williams Testifies.

Rev. I. W. Williams, Huntington, W. Va., writes us as follows: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble, and am free to say that Foley's Kidney Remedy will do all that you claim for it." Burnaugh & Mayfield.

Open Air Barbers in Spain.

Fingers that smell of garlic, soap that gives no lather, a razor that may have been used for cutting raw ham and a flourish that reminds one of an executioner rather than of a barber—such are the qualifications of the itinerant Spanish hairdresser. The victim—we use the term advisedly—must be a patient, long suffering man, neither the slave of time nor of any petty feelings such as delicacy and sensitiveness, as otherwise he will fare badly at the hands of his torturer, for the Spanish open air barber is a calm man, who takes everything for granted and never for a moment doubts that you are satisfied with his attentions and will pay him accordingly.—Wide World Magazine.

Dog and Horse.
As compared with the dog, the horse is a stupid animal. The animal trainer will tell you that in intelligence it is "up and tuck" between the dog and the elephant and that in comparison with either of these animals the horse is nowhere. It is only in his docility and affection that the horse is the "animal next to man," and even in these respects the dog is a worthy competitor with him. When it comes to "knowing things" our faithful friend the horse is left far behind by our other friend and companion, the dog.—New York American.

A Frank Confession.
An old Ulster woman who had made money by selling whisky in a village on fair and market days was visited when she lay dying by a minister, to whom she spoke about her temporal as well as her spiritual affairs.
"And so, Molly," said the minister, "you tell me you are worth all that money?"
"Indeed, minister, I am," replied Molly.
"And you tell me," continued the minister seriously, "that you made it by filling the noggin?"
"Na, us, minister," exclaimed the dying woman frankly; "I made maist of it by not fillin' the noggin!"—London Telegraph.
