

NOTED ANIMAL IN HORSE SHOW HERE IS SOLD

All local horsemen and all those interested in the splendid exhibit of horses given in Enterprise a few weeks ago, will recall the imported Percheron stallion Galeen, owned by the McLaughlin brothers. The stallion attracted considerable attention while on exhibition here. He has since been sold by the McLaughlin brothers to the Sparks brothers of Pendleton. The Pendleton Tribune gives the following account of the transaction: "The imported Percheron stallion Galeen has been purchased of McLaughlin Bros. by the Sparks Bros., well known ranchers of Pendleton, for the price of \$3500. Galeen is a beautiful grey, weighing 2200 pounds, and will be kept in the vicinity of Pendleton and the Sparks ranch."

COFFEE FOR TWO.

As yet it's a table just for two,
A plate for me and a plate for Sue—
My bride and I.
White as her heart is the cloth between,
Bright as her eyes the silver's sheen;
And I gaze and try
To understand and to calculate
Why I have won so much from Fate,
As she who gazes with eyes of blue
Across the table set for two.
Fragrance of flow'rs in her breast,
Whiff from the urn; now, which is best?
I scarcely know!
Sweet is the scent of the double rose,
But oh, that sniff from the urn's right case
Is surely so.
And smiles seem dearer and lips more sweet
When seen through the shimmer of fragrant heat
From CHASE & SANBORN'S perfect brew
Above our table set for two.

A. F. POLEY AND WIFE TO VISIT IN THE EAST

Mr. A. F. Poley left Enterprise Thursday morning for Portland, where he will transact business for a few days, then turn east for a business visit in New York. On his way to New York Mr. Poley will meet Mrs. Poley in Spokane, and together they will go east. After a visit in New York both Mr. and Mrs. Poley will probably go to the southwest and Mexico for a visit returning to Enterprise later. Mr. Poley was at one time a very successful dentist, but of late years has been ranching in Wallowa county where he owns considerable property both in and around Enterprise.

Fruit of All Kinds; Every Vegetable

List of Some of the Things That Are Raised in Wallowa County.

It would do the easterner good to meet an old rancher in the person of J. W. Nedrow who has spent practically a lifetime in the western country, and a full generation or more in Wallowa county. Years ago Mr. Nedrow took up land on the Grande Ronde river, but later ran upon some school land in the north part of the county, some six or eight miles northwest from Sied Springs. It pleased Mr. Nedrow so much that he took up the land, or 160 acres of it, under the old school land law, and there he has made his home ever since.

In this place Mr. Nedrow has raised almost all kinds of fruit—at least all kinds of fruit that can be grown in this latitude. He has successfully grown prunes, apples, the finest cherries or some of the finest cherries that can be grown anywhere, peaches, raspberries, blackberries, strawberries, plums and all vegetables, including cucumbers and tomatoes.

During the vegetable and fruit season Mr. Nedrow hauls vegetables and fruits into Enterprise. His tomatoes and cucumbers find a big market here, as well as his fruits, and he makes these smaller crops pay his expenses. In addition he devotes considerable of his farm to the production of horses, cattle and hogs.

A number of Joseph people have been coming to Enterprise three times a week for the past two or three months in order to receive osteopathic treatment. Among those recently discharged with gratifying results were Mrs. A. P. Wilson, Mrs. Bert Cole, Miss Emma Roup, Miss Ina Estes and Mrs. Fred Pierson. Most of the time Dr. Moore has a large list of out of town patients seeking the benefits of osteopathy. We understand Dr. and Mrs. Moore will be in the county three months longer before they go east for their post-graduate work.

John Hug, brother of the city marshal of Enterprise arrived from Elgin for a few days' visit here.

Davis and Ward have received the new soda water fountain to be installed in their lunch and pool room.

Mrs. W. White has been very ill for several days at her home in this city, but is at this time improving.

THOUSANDS OF ACRES ARE WAITING FOR YOU

Husbands of Industry Will Find Rich Reward Here.

THE KIND OF PEOPLE NEW WALLOWA HAS

Every Industrious Settler Will Find Himself One of a Big, Busy Family.

To the shop and mill and factory workers of the east, the west offers inducements which were offered the forefathers of the eastern shop worker, two or three generations ago in the middle states. Wallowa county today offers the Indiana and Illinois worker of today what Indiana and Illinois offered the Pennsylvanian 75 years ago.

But with this tremendous distinction: That today we have the impetus of all our over-populated centers to hasten settlement here now, whereas 75 years ago over-populated centers were conspicuously absent. And today, in Wallowa county, we have means of transportation with which to aid this rapid settlement, whereas 75 years ago in such states as Illinois transportation facilities were very crude.

Means are Modern. The means conducing to the growth of the whole northwest are modern. The modern growth means a growth by leaps and bounds. And such growth means rapid and intense rise in realty values, in which the ready holder sees his wealth increase by the sheer settlement of the county.

All through Wallowa county such opportunities lie, waiting the coming of that eastern settler who has some money and considerable ability to stick to a good thing. No one can get rich in Wallowa county without working and sticking to a good thing. Here as elsewhere effort and intelligent direction, sobriety, economy, persistence, determination, and all the qualities that make for success everywhere, are necessary for success here. There are no more "snaps" and "easy things" in Oregon than in any portion of any other place. The lazy and indolent can no more reap golden rewards, nor gather flowers from thistles here than in the marts of New York. But eastern Oregon, and especially Wallowa county, and still more especially in and about Enterprise, there are opportunities lying just under the surface of thousands of acres of rich, virgin soil, such as no industrious man can find in any eastern or more settled portion of the country. And in Enterprise there are sites and power for the manufacturing that are as certain to come as the sun is certain to shine.

We have rushing through the very center of our county seat city such water power—thousands of horse power going to waste—as the eastern manufacturer perhaps never dreamed of. Power enough, indeed, to turn the wheels and shafts of a tremendous manufacturing community is now in its pristine scenic beauty, ready to save expense in the production of any article of necessity.

MRS. L. A. JACKSON HEARS OF LITTLE NEPHEW'S DEATH

Mrs. L. A. Jackson of this city, wife of the druggist of that name, has learned of the death of her little nephew at Merrill, Ohio, Friday, April 22. The little four-year-old nephew was the only son of Mr. and Mrs. Omar Carr of the place mentioned, and was missed from the house by the parents only for 10 minutes. Upon the father's going to search for him, the little body was found in a small ditch running shallow water, in which the little fellow drowned. The strange coincidence is that the nephew of Mrs. Jackson drowned on the same day he little sons of Mr. and Mrs. W. I. Dilworth drowned here.

BIG REAL ESTATE DEAL PUT THROUGH

W. E. A. WATSON SELLS 832 ACRES TO LAGRANDE MEN SUM \$45,000 INVOLVED.

One of the biggest real estate deals of recent months was that made Tuesday of this week by W. E. A. Watson, when he sold to Press Lewis and James Russel, both of Lagrande, 832 acres of land in one block, in the Alder Slope district. The consideration is reported as being \$45,000. The deal involved the change of hands of all the stock, machinery, etc., on the land. It is said that the new purchasers will place a man upon the land immediately to look after it, but that the ultimate plan is to have the whole 832 acres cut up into smaller tracts and put upon the market.

Many eastern persons would be glad to learn of this—those who contemplate the purchase of small ranches in Wallowa county. The opening up of tracts from the larger holdings is one of the biggest inducements to the eastern settler who comes with only two or three thousand dollars to work out a legitimate destiny of contentment and prosperity in Wallowa county. Placing this big block of land on the market in smaller tracts will prove a big advertisement for Enterprise.
