

TWILIGHT LEAGUE ELECTS OFFICERS

C. W. AMEY PRESIDENT AND E. T. ANDERSON AND W. E. TAGGART UMPIRES.

The Twilight League of Enterprise met Saturday night and effected a complete organization. C. W. Amey of the R. S. & Z. store being elected president, secretary and treasurer, and E. T. Anderson and W. E. Taggart official umpires. H. A. Galloway was chosen official scorer.

Although everybody has had lots of legitimate fun over the formation of the league, it has its serious purpose. One object of its management is a financial one. The small gate charge of 10 cents will go to maintain the expenses of the first team of Enterprise, thus eliminating the usual subscription or donation for new uniforms, paraphernalia and the like. By thus replenishing the treasury of the first team in the Two County league, considerable aid will be effected.

Another object of the Twilight League is that of "drawing out" prospective players from among whom the big team can be supplied as fast as new players are needed. It is a far-sighted policy and one that is practiced by the big leagues throughout the country, the National and American and similar leagues drawing continuously from the minor leagues of the United States. The Twilight League of Enterprise, with its four teams, is to the Enterprise first team what the minor league teams of the nation are to the big leagues. By maintaining a systematic course of "try-outs" fresh timber for the first team here can be on hand, all the time, and the first team can in time be built into almost an invincible array of baseball talent.

In the Twilight League a schedule of three games between each club in the league has been effected, carrying the games on for nine weeks. The first "official" game occurred Monday night, between Alder View Invincibles and the Alkali Peaches. The next game will be played Thursday evening between the Brooklyn Trolleydiggers and the Hillside Haydiggers. After this, the teams will alternate Mondays and Thursdays in the evening.

All games will be called at 6 o'clock prompt. The team that is not ready at 6:05 will forfeit the game to the team on the field ready to play.

AFTERNOON TEA IN HONOR OF VISITORS

Mrs. R. L. Day last Friday afternoon gave an afternoon tea in honor of Mr. and Mrs. Bert Berland from Oshkosh, Wis. Mr. and Mrs. Berland are here and about Enterprise on their honeymoon trip, having been married June 8. The reception was given in honor of that event. Those present were: Mesdames Daniel Boyd, W. R. Holmes, S. L. Burnaugh, C. E. Trueblood, C. M. Lockwood, W. H. Graves, F. Sheets, W. C. Ketchum, G. W. Franklin, Myers, John Calvin, Omar Stubblefield, C. O. Knodell, Carl Roe, L. Berland and C. E. Funk. The hostess served a dainty luncheon and all present enjoyed the afternoon splendidly.

FRED REAVIS STRIKES IT RICH IN PHILIPPINES

Manila, P. I., papers tell of the combine of two big mining properties there—the Benquet Consolidated and Camote Clayton. This is

of local interest as an Enterprise boy, Fred Reavis, owns the controlling interest in the Camote-Clayton. The Philippine Free Press says it is one of the most important mining deals ever made in the Islands. Both groups of claims are highly mineralized and the ore brought out by the development work has paid all expenses of such work and gave a surplus besides.

Fred Reavis is a brother of Frank, and a son of the late Uncle Joe Reavis. He is expected back to the States this fall on a visit.

SHIPPING CAR BALED TIMOTHY PER DAY

Watson Brothers of Alder Slope are shipping a carload of baled timothy a day to Portland. They sold over 200 tons to a Portland firm and had shipped about 75 tons when the teamsters strike at Portland started and the buyer stopped the shipment. He has now asked that a car a day be sent him. About 13 or 14 tons make a car load.

Grouse and Its Neighborhood

Dry Weather Continues—Rev. D. F. Gillard Seriously Injured by Horse.

Grouse, June 13.—Dry weather continues, working injury to small grain, vegetables and the like. The fruit crop is heavy and in fine condition. The corn crop does not appear to be suffering from lack of rain, and cattle on the range are doing well, owing to the abundant forage. In general cattle are looking better than or several years past.

Rev. D. F. Gillard on his return from church near Hanson's ferry yesterday was thrown by a bucking horse and seriously injured. He narrowly escaped with his life. The horse in throwing him struck him with a hoof and rendered him unconscious for several minutes. Mr. Hewett took the injured man in a buggy and overtook the runaway horse after a four mile chase. Securing the animal and tying it to the rear of the buggy, the two attempted to continue the journey, when the bucking animal again became unruly, running forward and jumping practically into the buggy between the men and the team they were driving. This frightened the team. Rev. Gillard, seeing the danger, sprang out, and Mr. Hewett was thrown from the rig. The team, frightened by the plunging horse, ran away, tearing the buggy to fragments. Joseph Young then took the Rev. Gillard in his back, conveying him home where he is resting as easily as could be expected. It is hoped by all his friends that he has sustained no internal injuries.

The Wenatchee road is now open for travel, and a good number of grouse farmers have been driving out their hogs to the Lewiston market, receiving \$9.25 a hundred for them.

Mr. Golen of Lewiston will be in his district in a few days for the purpose of buying fat cattle. It is expected that most of the cattlemen will hold their cattle until later in the season.

LEADEN PELLET MAY RESULT DISASTROUSLY

Some weeks ago Peter Simmons, at work on the ranch of J. A. French on Prairie Creek, while shooting squirrels with a companion, suffered a gunshot wound in the leg from a 22 calibre rifle. The pellet made a painful wound, but medical attention was given immediately and the patient was getting along fine. Of late, however, the wound seems to be healing on the surface with inflammation gathering in the depths of the hurt, and Mr. French last Saturday sent a physician out to inspect the injury. No serious results are anticipated, but Mr. French wished the patient to have every attention possible as a preventive of any complications.

The mayor appointed permanent committees as follows: Streets, F. S. Ashley; lights, S. D. Keltner; water, Dr. C. T. Hockett; finance, C. E. Funk; town ditch, S. E. Combes.

On motion a committee was appointed to see Rodgers Bros. about placing in their building fire apparatus by flumes.

The band stand was donated to the fair association, provided the association move it from the court house grounds.

F. A. Clarke Is Seriously Hurt

Attempted To Hold Frightened Team By Bits and Is Run Over.

F. A. Clarke was badly injured, Tuesday evening at the head of Walowa lake, when his team took fright and he attempted to hold them by the bits. After being taken to his home here Dr. Ault was called and dressed the wounds of the injured man.

Mr. Clarke had driven to the lake after a camping outfit his family and friends had used there in a brief outing. While thus engaged some one discharged a small calibre rifle which frightened the horses. Mr. Clarke at the time was standing on the ground, and grabbed the frightened animals by the bits, seeking to hold them. In the melee which followed Mr. Clarke was thrown and he team passed over him.

He was taken to the lower end of the lake in a launch, and from there to Joseph and home in a vehicle, when Dr. Ault was summoned. The doctor found many bad bruises and cuts about the head, some of which required stitching, but so far as known now no internal injuries were discovered. The doctor thinks the patient probably has escaped any serious internal injuries.

Mr. Clarke is confined to his bed, but it is earnestly hoped that he will be about shortly. His many personal acquaintances and friends hope for his speedy recovery, and are deeply sympathetic for him that so serious an injury should befall him.

O. R. & N. AND S. P. TREASURER HERE

Mr. and Mrs. S. A. Thrall of Portland are visiting in Enterprise and sight-seeing about this locality. Mrs. Thrall is a sister of Mrs. W. T. Sell, wife of the county treasurer, and an aunt of Mrs. W. C. Boatman, wife of County Clerk W. C. Boatman. Mr. Thrall is the treasurer of the passenger department of the O. R. & N. and S. P. railways in Portland, having been employed in that capacity for a quarter of a century. Monday afternoon Mr. and Mrs. Thrall were driven to the shearing plant of Sam Litch, northeast of this city.

HORSE SALE.

On Saturday, June 25, at Lostine, Oregon, J. W. Bright will dispose of 33 head of horses at public sale, including some good grade Percherons, work horses, saddlers and drivers. He will also offer for sale one Percheron stallion, four years old. Sam Pace, auctioneer.

SOLD EWE LAMBS AND PURCHASED WETHERS

George S. Craig, the well known stock man, has sold the ewe lambs wintered over by him, and has purchased 4,000 head of yearling wethers. The latter were purchased from Fred Falconer and will be taken by Mr. Craig over on Snake river for the coming winter, probably first spending the summer on the range. Mr. Craig began shearing Monday. He states that, nothing preventing, he will have his wool clip in the warehouse this week.

BIG CROP OF FRUIT REPORTED FROM COVE

Word from Karl J. Stackland at Cove, states that the general fruit crop in that district is exceedingly good and heavy. Cherries and all fruits including apples and pears for quality and quantity, according to Mr. Stackland, never were better in that district. In fact they are said to be better this year than in any year in Cove's history.

Serious Injury Is Suffered

Mrs. Ed Anderson Sustains Broken Limb in Runaway Accident Saturday.

In a serious runaway accident here last Saturday, Mrs. Ed Anderson, living at Chico, suffered a terrible fracture of the bones of the left limb, between the knee and ankle. She is at present at the home of L. A. Jackson.

Story of Accident.

Mr. and Mrs. Anderson with their small son had just left Enterprise on their way home, the accident occurring within the city limits near the Flowers laundry. On driving up the hill, a small irrigating ditch was encountered across which was a small culvert. The water had flooded the culvert partially, so that when one of the horses stepped on it water splashed up, frightening the animal which sprang forward breaking a singletree. Mrs. Anderson partially jumped and was partially thrown from the buggy, striking her left foot and lower left limb in such a manner as to break one of the bones once and the outside bone in two places.

Commissioner Sam Litch hurried to the scene with his auto, and conveyed Mrs. Anderson to Dr. Anderson's office on Main street, where the injury was dressed. She was then taken to the home of Mr. Jackson, as stated.

Mr. and Mrs. Anderson are well known throughout the entire county, and their many friends here were shocked at the sad affair. The attending physician states, however, that the patient is getting along splendidly, considering the nature of the injury.
