

INSTRUCTIONS AS TO LANDS

WALLOWA NATIONAL FOREST IS STILL TECHNICALLY CLOSED.

La Grande, July 1.—The recent eliminations of various tracts of lands supposed to be of an agricultural character, from the edges of the national forests, by proclamation of President Taft, has been the cause of nearly as much interest and far more misunderstanding on the part of the general public than the famous openings held last year in the states of Washington and Montana. At the U. S. Land Office at La Grande, official notice has been received giving the eliminations from the Umatilla and Whitman national forests only. The Wallowa National Forest, which is the center of interest in this part of the country, has not yet been filed here. A copy of the presidential proclamation, in connection with the Wallowa forest has been received in this city, through unofficial sources, and all persons intending to file upon lands should carefully note the following paragraph relating to settlement and entry of lands thrown out:

"The lands hereby eliminated from the Wallowa National Forest which are not embraced in any other reservation or appropriation, shall be restored to the public domain and become subject to settlement under the general provisions of the homestead laws on such date and after such notice by publication as the Secretary of the Interior may prescribe, but shall not become subject to entry, filing, selection, or other form of appropriation until the expiration of thirty days from the date so fixed, and no person will be permitted to gain or exercise any right whatever under any settlement or occupation begun prior to such date, and all such settlement and occupation are hereby forbidden."

It will thus be seen that, before the Interior Department names a date for settlement, no one will be permitted to settle upon any of the eliminated lands, as this is expressly forbidden. It will also be noticed that none of such lands will be subject to filing of any kind until the expiration of 30 days from the date fixed for settlement. Hence the element of speculation and fraudulent location in connection with these lands is largely minimized. Due advertising will be made, through the local officials, not only of the dates but of the lands eliminated as well. Therefore, intending settlers should be very careful to follow strictly

the official notices and directions, and, if this is done on the part of those interested, no official influence need be consulted or followed. The officials here request all interested persons to use extra caution in this regard.

'Foley' Kidney Pills Have Cured Me!
The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back ached and I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." Burnaugh & Mayfield.

WALLOWA COUNTY PIONEER DIES IN WALLOWA.

John Daugherty, for twenty-three years a resident of Wallowa county, was buried in the Wallowa cemetery Friday of last week. He succumbed to a long illness that had depleted his strength, and passed away at the age of 72 years, 8 months and 28 days. Mr. Daugherty is survived by five daughters of the nine children that were born to his long, happy marriage with Miss Nancy Simpson of Indiana, in an early day. They migrated first to Missouri, thence to Oregon.

CLAYTON KNODELL GETS THE BALLOON PRIZE.

Clayton Knodell secured the ticket attached to the balloon sent up by Jackson & Weaver, last Saturday afternoon. The ticket entitled the holder to a five dollar prize, and young Knodell thus secured a fine post card magic lantern—a lantern using post cards for slides. The big balloon intended for the contest by Jackson & Weaver accidentally caught fire, and a smaller balloon was pressed into service. The latter came down near the county high school building.

ALKALI PEACHES HANDED ONE THURSDAY EVE

The Brooklyn Trolleydodgers came forth victorious from the formidable clash with the Alkali Peaches, Thursday evening. The Trolleydodgers won by a score of 11 to 8, and the Alkali Peaches are explaining how it happened. The game was hair-splitting and thrilling throughout, and the defeated team vows all sorts of baseball vengeance upon the redoubtable Trolleydodgers in future.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. Burnaugh & Mayfield.

ORGANIZATION AT JOSEPH FORMED

SOCIALIST SPEAKER J. L. FITTS FINISHED SPEAKING DATES AT THIS PLACE.

Socialist Speaker J. L. Fitts arrived in Enterprise Tuesday evening, speaking in the assembly room of the court house here the same evening. He spoke in Joseph Wednesday evening and night, and returned to Enterprise to speak Thursday evening on the street and Thursday night in the court house again.

At Joseph a socialist organization was effected by the speaker, Mr. Mahan there being chosen organizer, and George Houser secretary. Both meetings at Joseph were held on the street.

In his speaking here, Mr. Fitts gave general satisfaction. He was pronounced by those who heard him to be a departure from the rampant idealism affected by some exhorters of the same calling. He dealt with the theme of socialism versus capitalism in a calm though earnest manner, and confined his remarks to argument rather than to abuse. At Joseph he devoted much of his time to showing the distinction between the two parties, notably the laboring party and the capitalist party. In Enterprise, instead of lighting upon God, church and the religious conviction; rather than harrowing up with irrelevant noise and inaccurate sedition the institutions that must be preserved under any phase of economy, he showed how socialism would all the more conserve the good in all institutions by eliminating the bad, than is possible under a regime of heartless and more or less brutal class struggle. And on the whole, his handling of the economic problems which lie at the heart of the producing world, gave general satisfaction.

Must Be Above Suspicion.

Kidney and bladder ailments are so serious in their consequences, and unchecked so often fatal that any remedy offered for their cure must be above suspicion. Foley Kidney Pills contain no harmful drugs, and have successfully stood a long and thorough test. Burnaugh & Mayfield.

BUSINESS CONDITIONS.

Extract from editorial New York Herald, May 30, 1910.)
The only unfavorable element in the situation is the unfavorable attitude of federal lawmakers and state officials towards the railways and the spirit which would prevent the companies from moderately advancing their charges to offset the increased cost of operation. When he manufacturer is obliged to pay higher prices for raw material and increased wages he does the only possible thing in the circumstances and correspondingly raises the charge on his product. The railways are obliged to pay increased prices for supplies and higher wages, and it is only reasonable that they should get more for what they sell, namely, transportation.

That they are impelled to raise their charges is plain from current traffic returns showing increased gross takings, while costs of operation have increased in still greater ratio, with resulting decrease in net earnings. Unless the greatest of all industries is permitted to prosper the country cannot be prosperous. 1911

gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by all druggists.

Drives away Flies, Mosquitoes and Gnats. It protects horses and cattle from attacks of insects, enabling them to feed and sleep in peace. It prevents loss of weight and strength from worry caused by attacks of insects, and from the irritation of their bites and stings. There is a satisfaction in the relief it affords domestic animals from the scourge of maddening parasites and flies, besides the profit in returns. Horses do more work on less feed and cows yield more and better milk when relieved from the frenzy incited by constantly fighting a swarm of voracious, insatiable insects.

The general opinion that Attorney-General A. M. Crawford was a candidate for the gubernatorial chair was overturned when he filed his declaration of intention with the secretary of state to become a candidate for reelection to the office of attorney-general.

As a result of statements charged to members of the Umpqua Valley Horticultural Society and Fruitgrowers' Association, in which they accused members of the Roseberg Merchants Protective association of unfairness in buying farm products, a war between the organizations is raging.

While one of his helpers struggled with him trying to seize the revolver with which he had threatened to kill himself, George Bennett, a prominent dairy man of Tillamook county, finally wrested the weapon away and shot himself through the head. Death was instantaneous.

Articles of incorporation are in the course of preparation for a company to build and equip a large modern hotel to be built in the center of the business district at Klamath Falls. The hotel complete is to cost approximately \$75,000. Much of the stock has already been subscribed and the undertaking is sure to be a success.

An initiative petition favoring the creation of an employees indemnity commission has been filed with the secretary of state. The petition asks that the commission be empowered to secure data on the framing of a comprehensive law or system of laws treating the subject of employees' indemnity and to present recommendations to the legislature.

State Printer W. S. Dunway is now doubtful as to the possibility of completing the codification of state statutes, as provided by the last legislature, by November 1, the time stipulated in the law. In addition to this, the initiative work is expected to swamp the state printer about August 1, and it will keep his offices busy for five weeks.

State Attorney-General Crawford has notified the Tallant-Grant Packing company, lessee of disputed Troyer Island, that the state lays claim to the property. The notice was issued at the direction of the state land board shortly after the United States supreme court decided that the boundary line between the states of Oregon and Washington is defined by the middle of the main channel of navigation.

The O. R. & N. has filed a reply with the state railroad commission to the complaint of A. C. Ruby against the present rates for shipping horses in less than car lots. The company contends that this rate is according to the Western classification and is made as a charge at so much per head, taking into consideration chance of loss and space used by the animals. The road says the rate is used on all roads west of the Mississippi river and is in no way discriminatory.

EAGLE SCREAMS AT THE LAKE TOWN.

The eagle began screaming at Joseph along about last Saturday, and the echo of it reverberates through the river canyon and on up to Eagle Cap, and down the lake as far as Enterprise, still. It was a gala scream. It was a scream that subdued all business last Monday throughout the valley, and attracted several thousand persons to Joseph and the head of the lake. The scream was made up of baseball games, boxing contests, races, of various kinds, amusements of every description, all sprinkled through with the restless spitting firecracker and streaked with soaring paper balloons. Then there were the people. Ranchers who had not seen each other for a year visited their

neighbors there, talked of the stock, the weather, the crops, and the Fourth of July. Strangers, coming to see the sights, entertained themselves at the lemonade stands or deviated from lemonade slightly by flirting with the "near beer" evanescence that is said to lure the soul into a dizzy vision of hop vines, malt houses, beer cellars and the amber fluid as well.
