

AFTERMATH FROM BIG COUNTY FAIR

DISPLAYS IN EXHIBIT HALL BY
BUSINESS FIRMS—RELATED
NOTES OF SHOW.

The exhibit hall certainly shared honors with the live stock as the feature of the fair. The central part was taken up with fine displays by business houses, factories, etc.

The Enterprise Creamery had a fine showing of its celebrated pure creamery butter in various stages of manufacture. There were also De Laval separators of which Mr. Bickford is the agent. A striking feature of this exhibit were 12 or 15 checks paid to patrons of the creamery during July. The checks were nicely framed and underneath each was a signed statement of the patron telling the number of cows that produced the money.

The E. M. & M. company had a fine exhibit of all the various products of their mill—the many brands of flour making an imposing exhibit. Near by was a case showing the bread made from the flour.

The sugar factory had a neat exhibit of beets raised in this county and glass jars showing sugar in the various stages of manufacture.

Fred Ashley had a beautiful exhibit of his furniture, carpets, house furnishings, sewing machines and organs.

Jackson & Weaver had an attractive exhibit at the north end of phonographs and typewriters. G. I. Ratcliff had a splendid showing from his big furniture store.

The fruits, vegetables, grains and grasses and other products of the farm were arranged by sections, and everyone of the seven in which the county was divided, made a fine showing. Lucky it was that no local judges were called upon to decide the relative merits. Where all were so good it was a hard job to place the blue ribbon. Space will not permit individual mention.

The show of fancy articles, bread, cakes, preserves, paintings, fine needlework, was unquestionably the largest and best ever grouped at one time in this county.

The poultry lists were well filled and some fine specimens of the vari-

ous breeds shown.
The E. M. & M. Co. had a fine display of wagons, hacks, buggies, farming implements, etc.

Notes of the Fair.
The free rest room put up by the efforts of the ladies of the Enterprise Improvement league, was a large tent, comfortably furnished, and was a great boon to tired women and children.

Ed Hart wasn't satisfied with bringing in the prize winning vegetables in several varieties, but also showed a nice little sow pig that tipped the scales at 510 pounds. Ed says it isn't hardly old enough to take on fat yet.

Fruit's show of American Hampshire swine was a popular exhibit. The white banded hogs were a novelty to many.

L. J. Jordan's herd of Jerseys got their share of attention.
Sam Wade made a big exhibit of his 'Percherons' of all ages. Guess he must think it was worth while when he counts over his blue ribbons.

Every Republican and Democratic candidate promised to be present and many a one showed up. That settles it. We all will vote for the Socialists and Prohibitionists on November 8.

The Enterprise band enlivened each day with fine music, and weren't stingy with it either. The La Grande band helped a lot on Thursday, and everybody appreciates the pay roll town for sending in its best.

After trying to remember and speak of all the principal features of the fair, and fearing we had forgotten something we asked our little girl what was the nicest thing at the fair and her answer was prompt: "The merry-go-round." So let it go at that.

Oregon, Sept. 6, 1910.

Notice is hereby given that Versa Surber, formerly Versa Brumbaugh, of Enterprise, Oregon, who, on September 2nd, 1903, made Homestead

INJUNCTION HALTS JOSEPH CITY WORK

PRIVATE COMPANY STOPS CON-
STRUCTION OF MUNICIPAL
WATER SYSTEM.

Work on the city water system at Joseph was stopped, Friday, by the service of a temporary injunction on the contractor, J. M. Mitchell. The injunction was asked by the Joseph Milling company, the owner of the old private system, which filed a complaint making the City of Joseph, J. M. Mitchell, the contractor, and the several ditch companies, defendants.

The complaint sets forth that the city is extending a 12-inch pipe to the lake for the purpose of taking water, and that will interfere with the water right of the plaintiff company. It avers that it owns a prior right to 60 second feet of water, and that for all of January, February, March, part of April and August all of September, October and part of November, not enough water flows out of the lake and down the river channel past the company's headgate to supply the 60 second feet.

The complaint says the mean average flow of the Wallowa river from the lake is as follows for each month in the year by actual test and measurement: January about 40 second feet, February 40, March 50, April 81, May 201, June 279, July 426, August 208, September 62, October 38, November 159, December 103.

The injunction was granted by Judge Knowles in chambers on October 5.

HAUN STORE AT EVANS ROBBED FRIDAY NIGHT.

The Haun store at the new town of Evans, near the Lostine depot, was blown to pieces with dynamite Friday night, the robbers securing between \$130 and \$140 in cash. No goods were taken.

An attempt was made to crack the safe in the Crow & Co. store at Lostine but the robbers were evidently scared away as they left their tools and powder on the floor near the safe. People going home from a dance there probably frightened them away from the job.

There is no clue to the robbers. Ladies' and children's Coats and Capes—styles are right. W. J. Funk & Co.
