DYNAMITE FOUND IN SAN FRANCISCO

500 Pounds of Explosive Discovered in Vacant Bay City House.

San Francisco.—The discovery of 500 pounds of dynamite hidden in an antenanted house near the bay in South San Francisco threw the detectives, working on the Los Angeles Times explosion case, into new spasms of excitement and cast an inky darkness over clues hitherto considered of promise.

The dynamite was contained in ten boxes of 50 pounds each, addressed to J. B. Bryson, and is supposed to be the same lot purchased by three men from the Giant Powder Works, September 20.

Upon examination, the boxes were found to hold approximately 80 sticks each of seven-eighths dynamite of 80 per cent gelatin. The order placed by Bryson at the Giant works called for this type of explosive.

Captain Ryan, of the detective department, found that the dynamite was of the type which was placed near the residence of F. J. Zeehandelaar, secretary of the Merchants and Manufacturers' Association, in Los Angeles, the day after the Times' explosion.

The box that was open held dynamite manufactured by the Hercules Powder Company, which is situated in Contra Costa County near the giant works. This Hercules powder was of 40 per cent gelatin and opens up a new clue for investigation.

A Swimming Hole. Knicker—What is a swimming hole? Roeder—A body of water entirely surrounded by boys.—New York Sun.

TAFT TO HELP NEW YORK.

President to Ask Cabinet Officers to Aid Roosevelt's Campaign.

Beverly, Mass.—President Taft is going to do all he can to help Colonel Theodore Roosevelt win victory for the Republican state ticket in New York. This fact was evidenced here when it became known the president would ask two or three of his cabinet members to go to New York and assist in the campaign there.

STANLEY KETCHEL MYSTERIOUSLY SHOT

Springfield, Mo.—Stanley Ketchel, champion middleweight pugilist of the world, died as the result of a wound by a bullet fired from a rifle in the hands of Walter A. Hurtz, a laborer on the ranch of R. P. Dickerson, millionaire ranchman and sportsman, near Conway, Mo.

Hurtz was later captured at the home of Thomas Haggard, one mile from Niangua, Mo., and was taken to the Webster County jail at Marshfield, where he is being guarded.

After being placed in his cell the prisoner made a confession in which he declared he shot Ketchel in self-defense. He said he ordered the prizefighter to throw up his hands and fired when Ketchel refused to obey.

Consolator until near the end, Ketchel refused to make any statement regarding the shooting.

The part played by the woman in the case, Fannie Hurtz, who claims Ketchel's murderer as her husband, is not clear. From statements made by officers at Conway, it is believed she is suspected of luring Ketchel to a chair which she had placed in such a position that the occupant could not perceive anyone who left the front door of the house. It was while sitting in this chair that the champion was shot.

FRAUDS CHARGED IN COAST CITIES CENSUS

Seattle, Portland, Aberdeen, Tacoma and Boise Are Accused.

Washington.—Staggered by the enormous growth shown by the returns of the new census for a number of western cities, Director Durand, of the Census Bureau, ordered an investigation, the result of which appeared in the announcement that gross frauds had been perpetrated.

Mr. Durand also gave out a letter from President Taft, directing that persons implicated in the alleged frauds be prosecuted.

Cities specifically mentioned as being affected by the frauds are Tacoma, Seattle and Aberdeen, Wash.; Portland, Ore.; Minneapolis, Minn.; Boise, Idaho, and Fort Smith, Ark. It is said that there are many other cities involved.

Corrected returns and reports on alleged padding in Portland have not yet been received. Recount and readjustment has been completed at Seattle and Boise, and announcement of those two cities will be made soon with a full statement of the fraud.

Tacoma's Padding Big. The result of a second enumeration of Tacoma, Wash., shows a population of 32,972, an increase of 45,238, or 120 per cent over the population of 1900. The first figures turned in for Tacoma were 116,248. In other words, the actual population was padded to the extent of 33,296, which would have meant a further addition of 40 per cent.

Director Durand says that the suspicions with regard to the census of Tacoma, were aroused, when on careful examination of the schedules in Washington, it was found that there was an absurdly large number of families reporting great numbers of "roomers" and "lodgers."

Tacoma Angry at Charge. Tacoma.—Announcement of the census bureau's estimate of Tacoma's population brought forth a storm of protests from city officials, commercial organizations and scores of prominent business men.

A Generous and Charitable Wish. "I wish all might know of the benefit I received from your Foley's Kidney Remedy," says L. N. Regan, Farmer, Mo. His kidneys and bladder gave him so much pain, misery and annoyance, he could not work, nor sleep. He says Foley's Kidney Remedy completely cured him.

ANTI-PROHIBITION SPEECH BY SMITH

Dan Morgan Smith spoke in the opera house, Thursday night, on Prohibition is Wrong, Morally, to an audience of perhaps 250 people, including many who differ from the speaker on that issue but who gave him a respectful hearing. The speaker was introduced by A. C. Miller, manager of the opera house.

Captain Smith is a Georgian by birth but is now a resident of Chicago where he is a prominent lawyer. He is employed by the Greater Oregon Home Rule association of Portland. He says he never drank liquor, but occasionally takes a glass of beer. He is certainly a forceful, eloquent and effective orator. His main argument was that prohibition is a failure in correcting or lessening the evils of the abuse of intoxicants. The dive flourishes more under prohibition than under regulation. He favors drastic regulation, making it obligatory on officers, under penalty of impeachment, to forfeit the licenses of second offenders.

Captain Smith spoke in Wallowa Friday night.

The Call of the Blood. For purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them, 25c at all druggists.

Mrs. Laura Sherod and baby of Wallowa, who had been visiting her aunt, Mrs. I. M. Young, returned home Friday.

PORTUGUESE TITLES GONE

Lisbon.—Decrees have been issued abolishing the House of Peers, the Council of State and the titles of nobility, banishing the Braganza dynasty and secularizing charitable institutions.

Gibraltar.—The members of the Portuguese royal family left Gibraltar, King Manuel, the Queen Mother, Amelie, and the Duke of Oporto embarked on the British royal yacht Victoria and Albert, while the Queen Dowager, Maria Pia, went aboard the Italian warship Regina Elena.

The departure of the royal exiles was marked by the thundering of salutes and the playing of the Portuguese National anthem. The British authorities accorded to the King and his party all honors due their rank.

SENATOR DOLLIVER EXPIRES SUDDENLY

Fort Dodge, Ia.—Jonathan P. Dolliver, United States senator from Iowa, died at his home here Saturday night, while a physician stood over him making an examination of his heart with a stethoscope.

Death came without a moment's warning and Dr. E. M. Van Vatten, who was making the examination when the instrument stopped, thought that the stethoscope had broken. He looked up into the face of the senator to find that silently and with

SENATOR DOLLIVER. tragic suddenness the death messenger had called the soul of the great statesman.

His death followed an acute attack of stomach trouble, which affected his heart. His physician announced that death was directly due to dilation of the heart.

Mr. Dolliver had so far recovered his strength as to be able to walk about his lawn. He had been up all day and entered his sitting room for the daily consultation with his physician.

Mixed grated horseradish with lemon juice; it will be found a pleasing change from vinegar.

WOULD CROSS OCEAN IN DIRIGIBLE BALLOON

New York.—Swept onward by a sturdy westerly breeze, Walter Wellman's great dirigible balloon America, first of air craft to hazard trans-Atlantic passage, was found in the steamship lanes up the Atlantic Coast at midnight Sunday, out of wireless range from shore points, but presumably continuing her unbroken course, with all well on board.

In all the other messages there was no hint of the airship's location, but a signalled good-bye indicated that Wellman, whose dream is to be the Columbus of the air, on passing the Nantucket, turned the nose of his craft in a more northerly direction with the British Isles as his goal.

Weather Bureau officials at Washington have asked every wireless station and ship equipped with wireless to notify Wellman that the hurricane reported off the Florida coast has blown itself out and will not in any way endanger the ship.

French Dirigible Flies Channel. London.—Another chapter was added to the history of aviation when the French dirigible balloon Clement-Bayard, made the voyage from Compiegne to London in the remarkable time of six hours, a journey requiring seven hours by the fastest express trains and boats. Compiegne is 45 miles northeast of Paris and about 195 miles by air route to London. It was the first occasion on which a dirigible balloon has crossed the English channel. The over-water trip occupied 45 minutes.

DISGUISE IS EFFECTIVE

Ottawa, Ont.—Canadian officials are looking for a large number of Chinese who have recently been smuggled into Canada. At the Labor Convention, held at Fort William, Ont., the sensational statement was made that thousands of Chinese are annually being smuggled into this country. The traffic is said to be most profitable, and as high as \$300 each is being paid for successful entry into the Dominion. Since the automobile has come into almost general use, it is authoritatively stated that the Celestials are dressed up as women, and under the guise of "joy riders" are successfully shot across the international boundary at many points.

Fair Trial Asked. Milwaukee, Wis.—In a speech in which it was said that the struggles of John Dietz were only a part of the fight against the corporations, and urging that resolutions be passed demanding that John Dietz be given a fair trial, Mayor Emil Seidel was one of the speakers at the two mass meetings of the Dietz defense committee.

Cobb Gets Automobile. Chicago.—In an official statement, President Johnson, of the American League, says the plays at St. Louis when Lajoie was at bat were legitimate. He awarded the automobile to Ty Cobb as leading batter. The percentages were: Cobb, 384944; Lajoie, 384084.

SATURDAY SPECIAL OCTOBER 22, 16 pounds Sugar \$1.00 Cash

EVERY WOMAN

Should know the value of a good fitting corset and be careful to buy only the models that are best suited to her particular form. We have a big showing of four of the best makes of corsets on the market.

Our stock is clean and new. We buy often and keep right up with the style. We have all the staples too. Can fit anybody.
